# Welcome

Most of our volunteers come from the Virginia Chapter of the Surfrider Foundation. Aimee Rhodes, Secretary of the Virginia Chapter and our Volunteer Coordinator, wrote the following:

The Surfrider Foundation Virginia Chapter is dedicated to the protection and enjoyment of the world's oceans, waves and beaches through a powerful activist network. Our impactful local network of chapter volunteers serves as the first response to local threats in coastal communities across Virginia. We are the boots on the ground who collaborate on both the local and national level with regional staff and issue experts to carry out Surfrider Foundation's mission through campaign, program and educational initiatives in our local communities. Surfrider Foundation has built a vast network of coastal defenders who transform the passion for local coasts into lasting protection. Bringing local knowledge with experts in law, policy and science has allowed our formula for success to gain multiple victories for areas bordering the Chesapeake Bay and Atlantic Ocean. Surfrider Foundation Virginia Chapter regularly cleans up Virginia's beaches, waterways and ocean by collecting thousands of pounds in trash every year.

# NOISEMAKER GUIDELINES

The following guidelines for noisemakers will be applied at USA Ultimate events. They are designed to strike a balance between limiting artificial noise that adversely impacts the competition or the on-site experience of participants with allowing for noise that helps create an enthusiastic, fun and supportive environment. Players, teams and spectators are expected to abide by these guidelines while on site at the event.

- Powered noisemakers are not allowed at the event site. This includes, but is not limited to, air horns, sirens and electronic bullhorns.
- Novelty noisemakers are NOT permitted, except under the following conditions:
  - o Must remain outside of the equipment lines.
  - o May only be used between a goal being scored and the offense signaling readiness for the next point.
  - o May not be used during timeouts taken during active play.
  - o Novelty noisemakers include, but are not limited to, whistles, vuvuzelas, squeeze horns and musical instruments.
- Music-playing devices with external speakers are permitted under the following conditions:
  - o Must remain outside of equipment lines, except during warm-ups and half-time.
  - o Must remain at a reasonable volume considering other event participants and attendees.
  - o May not be used to play music with offensive lyrics or themes.
- No noisemaker of any kind is permitted that may present a safety hazard.
- Any noisemaker permitted above may be disallowed if the volume or content of the noise is deemed to be offensive or disruptive to the enjoyment of the event, or the noisemaker is used in an un-spirited manner such as to taunt, intimidate or give a team an undue competitive advantage, as determined by event staff.

Event staff and observers will inform teams and individuals of these guidelines as needed. Repercussions for violation of these guidelines may include confiscation of the noisemaker, removal of the individual from the event site and/or in-game sanctions associated with the Misconduct System.

# Ultimate in 10 Simple Rules

- 1. The Field:** A rectangular shape with end zones at each end. A regulation field is 70 yards by 40 yards, with end zones 25 yards deep.
- 2. Initiate Play:** Each point begins with both teams lining up on the front of their respective end zone line. The defense throws (“pulls”) the disc to the offense. A regulation game has seven players per team.
- 3. Scoring:** Each time the offense completes a pass in the defense’s end zone, the offense scores a point. Play is initiated after each score.
- 4. Movement of the Disc:** The disc may be advanced in any direction by completing a pass to a teammate. Players may not run with the disc. The person with the disc (“thrower”) has ten seconds to throw the disc. The defender guarding the thrower (“marker”) counts out the stall count.
- 5. Change of Possession:** When a pass is not completed (e.g. out of bounds, drop, block, interception), the defense immediately takes possession of the disc and becomes the offense.
- 6. Substitutions:** Players not in the game may replace players in the game after a score and during an injury timeout.
- 7. Non-contact:** No physical contact is allowed between players. Picks and screens are also prohibited. A foul occurs when contact is made.
- 8. Fouls:** When a player initiates contact on another player, a foul occurs. When a foul disrupts possession, the play resumes as if the possession was retained. If the player committing the foul disagrees with the foul call, the play is redone.
- 9. Self-Officiating:** Players are responsible for their own foul and line calls. Players resolve their own disputes.
- 10. Spirit of the Game:** Ultimate stresses sportsmanship and fair play. Competitive play is encouraged, but never at the expense of respect between players, adherence to the rules and the basic joy of play.

## AGGRESSIVELY MEDIocre

### HAMPTON, VA

Captains: Charles Jones, Ben Bradley, Hunter Woods

Aggressively Mediocre is mostly straight out of the 757. Aggressively Mediocre is not a phase we're going through, it's a lifestyle, and unless you are on the team you wouldn't understand. It is every part of our life: ultimate, work, friends and especially family. Being a part of Aggressively Mediocre is not a conscious choice; it chooses you. Later on, after years of acclimating to a culture of aggressive mediocrity, you begin to realize that even

though you were chosen, you always knew deep down it was where you belonged. If you play us now, then look out, because we're coming after you in an Aggressively Mediocre way.

Captains: Geoff Horsfield, Justin Morrison

@rvaopen

Twelve-year-old street kid Jesse is caught by police after joining his buddies in spray-painting a marine amusement park. With the blessing of a new foster dad, Jesse must work at the place and clean up the damage. There he meets an unlikely fellow rebel: Willy, an ill-tempered killer whale,

netted from nearby Pacific coastal waters. Jesse befriends the moody animal and secretly trains Willy to do tricks. The park's owner, seeing a chance to profit, has Jesse and Willy perform for customers, but Willy, aggravated by the crowds, doesn't cooperate. Management sabotages Willy's tank to collect on an accidental-death insurance policy. Jesse finds out and rallies some fellow employees and his law-and-order foster family. In an exciting predawn mission, they "free Willy" into the open sea.

## JOEL!

### PHILADELPHIA, PA

Captains: Joel Prushan, Ian Dietrich  
Coach: Brett Wall

For years, Joel mired in ultimate obscurity. Riding the bench for his first two years of college ultimate at a low regionals level D-III school, he went abroad to find himself. In Barcelona, he found beach ultimate and grew as a player and a man. He became an

O-line starter on a team that took home the silver medal in the men's division at the Spanish Beach Nationals that year. Upon returning home, he availed to his college teammates the pleasure of the beach, only to have it fall on deaf ears. Upon graduating and moving up to the club division, he continued to preach the gospel of the beach. This team is a result of the gospel. Joel continues to be mediocre at ultimate.

## MIDRIFT

### IOWA CITY, IA

Captains: Steven Czechowski, Jimmy Wiesbrock

All it took was one guy saying, "Yeah, ultimate on the beach would be fun," and here we are five years later. We form this team once a year exclusively

for this tournament, and we come to have fun, play ultimate and crush it. With most of us coming from a land-locked state, it's exciting to prove our athleticism and skill every year to new teams. We've all played either together or against each other in the Midwest, and that's how we all became connected. We enjoy Virginia Beach a lot and use it as a time to get back together and catch some sun before the club season starts. Looking forward to some good competition, good waves and good times.

Paranoia was formed in 2015 from players within the greater Georgetown ultimate community and includes many former (and current) captains and coaches of the Georgetown men's team, Catholic Justice. While we come from a diverse background of club teams, many of us have competed together in college or on mixed teams at Wildwood, Lei Out, the Ocean City Beach

Classic and, most recently, Paganello. Paranoia's best finish at the Beach Championships to date was fourth place in 2017.

## RISKY BIDNESS

### CHICAGO, IL

Captain: Shazad Mehta

facebook.com/groups/4787927705/

@riskybids

Risky Bidness started in 2006. Several alumni of Southern Illinois University of Carbondale had graduated and were still interested in playing ultimate together. Their first tournament was a Halloween tournament in central Illinois. After that, interest kept growing as well as the roster. We now regularly attend many in-state tournaments as well as a few

across the country. Our emphasis has always been spirit above all else. This is our first Beach Championships appearance and hopefully not our last. Mainly from the Windy City, we hope to share a "Chicago Handshake" with all of our competitors this weekend.

## SOMERVILLE YOUTH

### SOMERVILLE, MA

Captain: Jason Shnipes

In 1849 the Welsh Church organized "er mwyn cynal cymdeithas ysbrydol ac eglwysig yn ein hiaith ein hunain yn y ddinas hon" - so they could meet spiritually as a Welsh language church in Boston. By 1870 it spread to Cambridge and Somerville. Passed down through the ancestry of Tegan, Llewellyn and Iago were the sonorous melodies of the crwth. The lavish tones of the instrument combined with the local heartland fineries fused into a subtly harsher, but undeniably handsome, sound that took the town by storm. Passed along from patron to patron and porch to porch, the genre became known as the Somerville Crwth.

## SUPER BASH BROS.

### DURHAM, NC

Captains: Matt Bode, Stephen Poulos

Super Bash Bros. traces its roots to 1999 when Stephen Poulos took Matt Bode's lunch money on the mean streets of Saffron City. After that moment, young Bode vowed to never play with Donkey Kong again and to train, while Poulos slept, until he became Bash Bros champion and recouped his lunch money. Thanks largely to his unconventional training schedule and in part to his wise choice to practice with Pikachu, Bode shocked his way into the Bash Bros Championship in ought-two and used his lunch money to get barbecue from the picnic. Feeling magnanimous in victory, Bode offered Poulos some pulled pork and mac and cheese, whereupon they decided to resolve their differences and become the Super Bash Bros.

Every day on that grind, work mentality on the mind, never mind what's next, Bros. on deck 'bout to flex, Bash Bros. got skills leave teams perplexed!

## BEACHBOAT

### CINCINNATI, OH

Captains: Ryan Gorman, Brittany Winner

cincyultimate.org/teams/beachboat

@beachboatulty

With a core of Cincinnati Steamboat's club mixed players at the helm, Beachboat is excited to make another return trip to the shores of the Atlantic. Steamboat was formed in 2008 and is the Great Lakes region's longest-running mixed program. Over the years, shipmates have travelled extensively to play grass

tournaments around the world, but in 2011, eager to test out our sea legs, we navigated uncharted waters as Batello a Vapore to the harbors of Paganello and docked there again in 2012. Now, with some new crew on board, we're hoisting anchor and setting course to Virginia Beach to compete together on American sand at our fifth Beach Championships in May 2019. This comes after four successful seasons for the program where we've finished higher at the USA Ultimate Beach Championships each year (2015 - T-11th, 2016 - 7th, 2017 and 2018 - 5th)!

tenuous, to the Woods Hole Ultimate Frisbee Club (WHUF) and its longstanding summer ultimate scene on the beautiful beaches of Cape Cod.

## CULT OF SUTRO

### SAN FRANCISCO, CA

Captains: Crystal Alton, Evan Hoyt

In the geographic center of San Francisco stands a 977-foot tower, solemn and ever watchful. Thought by some to be the cosmic center of the universe, Sutro Tower sits (even at this moment) upon its hill emitting untold magnitudes of love, light and a likely dangerous amount of radioactivity.

In early 2019, the Cult of Sutro was formed to spread the love of Sutro to the beaches of Santa Monica, where Sutro led us to glorious victory in the name of Sutro. Ready for a bigger challenge, this new and improved following includes members from our original throwback team, as well as new inductees living in S.F., Georgia and N.Y. We are a group of friendlovers committed to sharing the light and love of Sutro with all humankind, and to playing some great beach ultimate along the way. Praise Sutro!

## DJ NI NI'S BEACH BUNNIES

### ST. LOUIS, MO

Captains: Chung Lee, Michael Faaborg

Thump, thump thump. The beat drops. Through the haze of fog machine and your ninth Orange Crush, a figure emerges. As your eyes adjust to the multicolor strobes, you spy a turntable, and standing behind it is that same figure shredding on guitar whilst simultaneously spinning tracks. Not impressive enough? She's also head banging with a

giant bunny head on.

Word, meet DJ Ni Ni, a cultural icon in Virginia Beach and our team's inspiration. On the beach, we aim to function as Ni Ni's ultimate acolytes and eternal hoptimists, spreading good cheer, spirit and whipping our hair back and forth. Don't carrot all about that?

Whether we win or lose by a hare or by a whisker, we're simply ear-resistible and no bunny has as much fun as us on the sand. Who says there's no such things as hoppy endings?!

## FOG CITY

### SAN FRANCISCO, CA

Captains: Bill Liu, Jodi McCloskey  
[fb.me/FogCityUltimate](https://fb.me/FogCityUltimate)

The lazy yawn of morning fog lolls its tongue over The City, wrapping its sandy ultimate players in a grey haze. Hucks go up to legs you hope belong to a teammate; someone you can't see passes you something then hugs you; a disc drops out of the dank haze like the moon itself and donks you in the dome. After playing at Ocean Beach for years, we knew there could only be one name for a Bay

Area beach team: Fog City. We're a team all about love, balling out with each other and spreading the good vibes of the Bay to everyone.

We Throw to Our Men: Witch Hunt is a group of feminist players connected through our shared ideology and humor. We also attend mixed tournaments with a few token cisgender men from time to time (and sometimes we throw to them - what a low bar!). Coming together as a womxn's team, we embrace the magic of womxn athletes and giggle about how our efforts to do social justice organizing in the ultimate community often result in witch hunts. #reclaim #huck-the patriarchy

The cream of the Richmond Ultimate community has risen to the top, and then it curdled. This is what's left – Aged and Confused, a salty group of veterans and a few Canadian friends, spouting a hazy recollection of glories past, reunited on the only surface soft enough for their aching joints.

## CHARGE!

### JENNIEVILLE, MD

Captains: Rod Hannon, Trish Hannon

CHARGE! was formed 17 years ago to give a group of long-standing co-ed teammates a reason to play in the sand. It was a welcome change to take off our cleats, soak up some sun and enjoy competitive disc in a new way. Several players on the squad now ONLY appear on the horizon when beach ultimate is on

the menu, preferring to never layout on turf again. Our roster has changed somewhat over the years, but the core members and spirit of CHARGE! still remain strong. Carefully crafted like your favorite cocktail, Charge! is assembled each year with equal parts of talent and friendship. We pride ourselves on high spirited and competitive play, happily heckling our own players as a means of team discipline. We encourage this spirit of play in our opponents as well, ending each game with a ceremony that recognizes the standout players on the opposing squad.

## LOVE HANDLES

### BOSTON, MA

Captain: Damien Sulla-Menashe

Love Handles has existed as a beach ultimate team for nine years after going to our first Wildwood in 2011. Prior to this, we were a local club team in the Boston area who mostly played on grass. We have been going to Wildwood every year since and have slowly evolved into a masters team, going to the Beach Championships last in 2017. We have also played at Lei Out in 2016 and in several of the Onset beach tournaments on Cape Cod. Now, we are strictly a beach ultimate team and look forward to our bright future as a masters and maybe someday a grand masters team. This year, we have initiated some players from the Washington D.C. and New York City areas into our club, but we still have several players from our original core team that went to Wildwood so long ago.

## OLD PHOAGIES

### PHILADELPHIA, PA

Captains: Jeff Hale, Samantha McClellan

Foolishly re-wrapped, my eater thought what remains of me will be better with age. I am left on the counter, just shy of a respite in the fridge. I was picked as a "large" and proved to be too much to handle, cut

haphazardly 60/40 by the night-shift phoagie maker. Here I am, left to meat my decay, ache from my stale cut tomatoes. As I stagnate before I get disappointingly dumped, I contemplate my *raison d'être*. The future is peppered with other has-beens. There, lettuce reminisce on hot and fresh times, filled with anticipation of being the object of desire only to be broken. Knowing I am about to be roasted, I cry out in injury, looking to sub. My lettuce and mayo congeal, there is no salvaging without surgery. What a pickle to be in, unless I get covered in sand.

## SHOSTAKOVICH

### BROOKLYN, NY

Captains: Kim Tischler, Pete Gilchrist

Shostakovich (and the Angry Buddha) is delighted to be returning to the fourth ever USA Ultimate Beach Championships, where the mixed masters division started! Originally founded nearly a decade ago to fulfill Taylor Richey's dream of winning the Ow, My Knee tournament in Albany (goal yet to be accomplished – perhaps at the 35th annual this summer), Shostakovich draws players from a

wide spectrum of club teams. Our unifying (if sometimes tenuous) connection is to pick up in Prospect Park, Brooklyn, a game dating back to the early 1990s that fostered competition from the high school through great grand masters ages. While our Angry Buddha has retired (at least for now), we look forward to channeling his admirable blend of intense competitiveness and embodiment of the Spirit of the Game in Virginia Beach.

We've incorporated Rats from Colombia, South Carolina and Chapel Hill. We've even sent one of our existing members westward to Memphis. Inevitably, one

of our elder Ratsmen has moved up and may be seen prowling the grand masters division this year. As always, we're excited to be returning to Virginia Beach to defend the muck-covered mixed masters crown, and we look forward to a weekend in the sand.

### DURHAM, NC

Captains: Danny Marlow, Rim Vilgalys

Ye Olde Boxcar is back once again to continue our tradition of a bunch of broken-down wrecks getting stuck in the sand. Coming from the friendly confines of the Triangle in North Carolina, many of us having been kicking around the mixed division for years now. Four years ago, we decided to give the beach a shot and

have brought more and different friends from across the country to join us each year. A group of us has branched out to regular mixed masters with and against many of our teammates. But, the beach is what brings this particular group together each and every year, and we hope to keep coming back for many more.

## BORDERLINE

### YARMOUTH, ME

Captain: Daniel McConville

Borderline is an open masters and grand masters club team from the Atlantic Region (Ultimate Canada) / Northeast Region (USA Ultimate) that was conceived in 2011 by a collection of Canadian Maritime and Maine players. The original

core group played on various open and mixed teams and developed friendships over the decades from competing against one another. Initially, Borderline competed as an open masters team. As an open masters team, we competed in the USA Ultimate Club Series in 2011-2013, earning a bid to the Club Championships in 2013. In 2014 and 2015, we focused on the masters division of the Canadian Ultimate Championship, winning Canadian Nationals in 2014 in the open masters division. The team grew rapidly as new players came of age, and in 2016, we formed a grand masters team. This will be our fourth time playing at the USA Ultimate Beach Championships.

## SANDYARD

### RALEIGH, NC

Captains: Terry Kramer, Brian Gane

Sandyard is a new team made up of old teammates, some friends and some friends of friends, all formed together to bring the BATTLE to the beach. Most of us have played together on Boneyard and with various other teams throughout the years: Ring of Fire, LCN, Raleigh Llamas, Spear, WUFF Warriors, ECU Irates and Alchemy. Those teams had a lot of success on the field over the years, but this team hasn't done anything yet. We still have more to prove!

## GREAT GRANDMASTER FLASH

### FLORIDA

Captain: Eric Gilmore

Great Grandmaster Flash is the attrition players from the original grand masters team formed in 2009, Grandmaster Flash. In other words, it is the ultimate rest home for our grand masters players as they cross the ever-looming 50 years of age threshold.

Don't push us because we are close to the edge (and may fall and break something).

## SECOND WIND

### CAMP HILL, PA

Captain: Patrick Wright  
Coach: Chris O'Connor

The name Second Wind harkens back to the youthful days of the Mid-Atlantic region. The Delaware Wind was one of the early teams in ancient beginnings of competitive ultimate.

Today, we are all about aging gracefully and bringing it on the ultimate field. While on the

field, we embrace all kinds of wind that may come our way, and even generate our own from years of digesting cheesesteaks and brews. We are comprised of players from around the Mid-Atlantic region, representing Penn., N.J., Va., Md. and D.C. We also have a few friends blown in from across the country.

# Spirit Of The Game

*Ultimate has traditionally relied upon the spirit of sportsmanship, which places the responsibility for fair play on the player. Highly competitive play is encouraged, but never at the expense of mutual respect among competitors, adherence to the agreed upon rules of the game, or the basic joy of play. — 11th Edition USA Ultimate Rules of Ultimate.*

## 10 THINGS YOU SHOULD KNOW ABOUT SPIRIT OF THE GAME™

### 1. THE GOLDEN RULE: TREAT OTHERS AS YOU WOULD WANT TO BE TREATED.

Spirited games result from mutual respect among opponents. Assume the best of your opponent. Give him or her the benefit of a doubt. You would want the same for yourself. But if you are thick-skinned, do not assume that your opponent is. Maybe you should think of this rule as, “treat others as you would have them treat your mother.”

### 2. CONTROL: SOTG TAKES REAL EFFORT.

SOTG is not just some abstract principle that everyone adopts and then games run smoothly without effort. Close calls are made in tight games. Hard fouls are committed. SOTG is about how you handle yourself under pressure: how you contain your emotionality, tame your temper, and modulate your voice. If you initiate or contribute to the unraveling of spirit, the concept falls apart quickly. If you act to mend things (or at least not exacerbate the situation) by following (1) above, the game heals itself.

### 3. HECKLING AND TAUNTING ARE DIFFERENT.

Ultimate has a long tradition of good-natured heckling. Heckles are friendly barbs, typically from non-playing spectators. Heckling can be fun, but taunting is unspirited and wrong. Harassing remarks after an opponent's foul call or close play are NOT heckling: they are abusive taunts which create unpleasant playing conditions and often escalate to acrimonious disputes.

### 4. SOTG IS COMPATIBLE WITH CHAMPIONSHIP PLAY.

It is a fallacy to argue that the stakes are so important that some aspect of SOTG can be cast aside. Time and again, great teams and star players have shown that you can bring all your competitive and athletic zeal to a game without sacrificing fair play or respect for your opponent.

### 5. DON'T “GIVE AS YOU GOT.”

There is no “eye for an eye.” If you are wronged, you have no right to wrong someone in return. In the extreme case where you were severely mistreated, you may bring the issue up with a captain, tournament director, or even lodge a complaint with the governing body. If you retaliate in kind, however, a complaint may be filed against you. We recall point (1): treat others as you would have them treat you, not as they have treated you. In the end, you are responsible for you.

## **6. BREATHE.**

After a hard foul, close call, or disputed play, take a step back, pause, and take a deep breath. In the heat of competition, emotions run high. By giving yourself just a bit of time and space, you will gain enough perspective to compose yourself and concentrate on the facts involved in the dispute (was she in or out; did you hit his hand or the disc; did that pick affect the play). Your restraint will induce a more restrained response from your opponent. Conflagration averted, you may resume business as usual.

## **7. WHEN YOU DO THE RIGHT THING, PEOPLE NOTICE.**

When you turn the other cheek, you know you've done the right thing. You may not hear praise, there may be no standing ovation, but people do notice. Eventually, their respect for you and their appreciation of the game will grow.

## **8. BE GENEROUS WITH PRAISE.**

Compliment an opponent on his/her good catch. Remark to a teammate that you admire their honesty in calling themselves out of bounds. Look players in the eye and congratulate them when you shake their hands after a game. These small acts boost spirit greatly, a large payoff for little time and effort.

## **9. IMPRESSIONS LINGER.**

Not only does the realization that your actions will be remembered for a long time serve to curb poor behavior, it can also inspire better conduct. Many old-timers enjoy the experience of meeting an elite player who remembers their first rendezvous on the field and recalls the event in detail. A good first encounter with an impressionable young player can have considerable long term positive impact.

## **10. HAVE FUN.**

All other things being equal, games are far more fun without the antipathy. Go hard. Play fair. Have fun.

# Spirit Circles

Spirit circles are an idea borrowed from international competitions throughout the ultimate world. For years, American teams have traveled to world championship events where they have not only done exceptionally well in each competition, but also have showed the international community the importance we place on respect for the game and for opponents. But, American players have also learned a lot from competing against teams from other countries, and invariably one of the most positive parts of the international experience has been the tradition of the post-game spirit circle. While there are a number of ways to do this, here are some quick tips to get your team started:

- Following each game, rather than lining up to slap hands, the two teams gather into a circle, alternating players on each team, facing inward, with arms around the shoulders of the person next to you.
- One or two people (often team captains) on each team will talk briefly about the game. Usually the losing team goes first, then the winning team.
- Things to talk about can include how the game went, how your own team played, what the other team did well, who on the other team played well and anything else that might be worth communicating, even if it's something you think could be done better (and don't forget to look in the mirror on this).
- After each team has had a chance to talk, the winning team takes a step into the circle and walks around counter-clockwise to slap hands with the players on the other team.

That's it! It's pretty simple and definitely an experience that brings teams together and puts the game and the experience in perspective. It's all about respect for each other and the experience of bringing out the best in each other through competition. It's also about building relationships and seeing opponents for who they really are: part of the same community that loves ultimate. Please note that this is not required and is not meant to replace other post-game traditions you may have (e.g., cheers, games, photos, gifts or trading gear). Good luck, and please let USA Ultimate staff and other event organizers how it goes!

Please engage in spirit circles and other post-game activities after you have filled out the spirit score sheets.

# Health and Safety

Medical staff, including athletic trainers, will be on site at Tournament Central to treat injuries, handle emergencies and provide some preventative care. The event will provide standard athletic tape, pre-wrap, ice and some bandages. Other supplies, including special tape or bandages and anti-inflammatory drugs, must be provided by teams or may be charged by the training staff.

If there is an injury on a field that needs medical attention, inform a field marshal, and he or she will radio to the trainers.

If you have medical issues that require attention in the morning before play, please show up early to avoid long lines. The trainers will be at the fields two hours prior to game time each day.

## CONCUSSIONS

### EDUCATION

- USA Ultimate recommends the CDC “Heads Up Safety” program, a free one-hour online training: [cdc.gov/concussion/headsup/youth.html](https://cdc.gov/concussion/headsup/youth.html).
- USA Ultimate’s participant waiver includes important information from the CDC regarding concussion safety: [usaultimate.org/membership/usa\\_ultimate\\_membership\\_forms.aspx](https://usaultimate.org/membership/usa_ultimate_membership_forms.aspx)

### COACHING REQUIREMENTS

- Coaches at USA Ultimate events are required to have completed a concussion awareness and safety recognition program (like the CDC program above or other local or state-recommended course). Coaches should not submit records of course completion to USA Ultimate, but should maintain records on-site while coaching.

### REMOVAL & RETURN TO PLAY

- All guidelines identified by the CDC must be strictly followed in the event of a suspected concussion.
  1. Remove the athlete from play.
  2. Ensure the athlete is evaluated by a health care professional trained in concussion diagnosis and management. Do not try to judge the seriousness of the injury yourself.
  3. If the athlete is a minor, inform the athlete’s parents or guardians about the known or possible concussion and give them the fact sheet on concussions.
  4. Allow the athlete to return to play only with permission from an appropriate health care professional.

## DOCTOR'S NOTE REQUIREMENT

- If, during a USA Ultimate event, an athlete receives care at a hospital, medical clinic or doctor's office, or is referred to a hospital or doctor by event medical staff, the athlete is barred from further competition in that event until he or she provides a doctor's note, on letterhead or prescription pad, to event medical staff stating that the athlete is authorized to return to competition.

## ATHLETE PROTECTION

- USA Ultimate takes the protection of event participants seriously. In accordance with SafeSport and the USA Ultimate Conduct Policy, all USA Ultimate employees, volunteers, athletes, members, coaches and chaperones are prohibited from engaging in the following conduct with athletes at any time (a more thorough description is available at [www.usaultimate.org/protection](http://www.usaultimate.org/protection)):
  - o Bullying
  - o Hazing
  - o Harassment, including Sexual Harassment
  - o Emotional Misconduct
  - o Physical Misconduct
  - o Sexual Misconduct, including Child Sexual Abuse
- With the passage of the recent federal legislation to protect amateur and minor athletes, all SafeSport trained individuals (including coaches, team support, USA Ultimate staff) are now mandatory reporters.
- If you have questions or would like to file a complaint with USA Ultimate, please contact Dan Raabe at [dan@hq.usaultimate.org](mailto:dan@hq.usaultimate.org).

## HEAT, NUTRITION AND HYDRATION

- Heat-related illnesses occur when the body's ability to cool itself by evaporation is limited. Sweating depletes the body's salt and moisture, which leads to dehydration. If a player recognizes any signs or symptoms of a heat-related illness, he or she should treat the problem immediately.
- Signs and symptoms of a heat illness can include changes in level of consciousness, abdominal cramps, nausea/vomiting, fatigue/tingling, chills, inability to spit, dry mucous membranes, decreased output and change in color of urine.

## PREVENTION AND TREATMENT OF A HEAT ILLNESS

- Avoid alcohol, caffeine and carbonated beverages.
- Medications such as antihistamines, decongestants, certain asthma medications and diuretics can increase the risk for heat illness. Avoid them if possible.
- Avoid certain nutritional supplements (such as caffeine and ephedrine) that can dehydrate the body and/or increase metabolism and heat production.
- Know your body – be honest! Are you fit enough to perform under current conditions?

- Eat and drink (water AND sports drinks) optimally before, during and after play. Potassium is important; good sources include sports drinks, yogurt, grapefruit juice, bananas and oranges. Sodium is also important; good sources include sports drinks, vegetable juices, pretzels, nuts, cheese and crackers. After play, carbohydrates are important: foods such as potatoes, honey, cereal, white bread, corn chips, sports drinks, jelly beans, rice cakes, bagels, crackers and gummy candies.
- Don't drink too much. Over-hydrating can be dangerous if it leads to a fluid and electrolyte imbalance.
- Monitor your urine. Clear/copious = hydrated. Dark = Need water/electrolytes.
- Be sensitive to any prior illness. If you've been sick, your body may be more susceptible to dehydration.
- Rest and cool down after play. Find shade, wet the skin or get in front of a fan or breeze.

## SIDELINE SAFETY

- Spectators and equipment must stay at least five yards away from the sidelines. Where there are buffer lines, respect them. Chairs, coolers, strollers, people and other objects must be at least three yards from the sidelines.
- If a player believes that an object on the sideline is not safe, he or she should inform event staff and refrain from playing until he or she is satisfied that safe conditions have been established.
- USA Ultimate and event staff reserve the right to move or remove objects or spectators from on or near the playing field if those conditions are, in the opinion of USA Ultimate or event staff, unsafe for players, staff or spectators.

## LIGHTNING GUIDELINES

- Event staff will communicate with players and spectators via a PA system and through field marshals equipped with radios if there is a lightning danger. Play will then be stopped, and everyone should seek shelter.
- Safe shelter for players and spectators at the field site includes any fully enclosed building or vehicle with a hard top and closed windows.
- Event staff will be monitoring radar and listening for thunder. If lightning is occurring within 10 miles or thunder is audible, play will be suspended and all individuals should get in a safe shelter location.
- If you can't get to a safe shelter, try to avoid being the tallest object in an open field or on open water. Avoid other tall objects, metal objects and water. Assume a crouched position with only the balls of your feet touching the ground, your arms wrapped around your knees, and your head lowered. Minimize contact with the ground. Do not lie flat.
- Avoid using telephone land lines. Cell phones are safe, provided the person has followed other safety guidelines.
- Event staff will indicate to players when play is going to resume. Team captains should meet at Tournament Central to receive instructions for resuming play and any schedule modifications.
