Finally, thanks to the Regional Coordinators for all the work they have done to make this event happen and having faith in us to host this event.

# PLAYER INFORMATION

## **Bring Water**

Going Greener - In an effort to be more environmentally friendly we are trying to reduce. With that goal in mind we will no longer supply water in gallon jugs.

We ask that you and your teammates bring a full water bottle to the fields. You can refill YOUR water bottles from the 5-gallon jugs set up next to the porta-johns that surround the fields.

Thank you in advance for your help in making this an awesome tournament!!!

## **Polo Club Rules:**

We are very fortunate to have the use of these fields and have worked hard with both the neighbors, the owners of the fields, and the Town of Merton to make this event happen. Any acts of disrespect towards the fields, the neighbors, or the general area may threaten this relationship and will not be tolerated. Please use one of the 10 bathrooms provided and only drive where you are directed.

- NO DOGS ALLOWED • NO BOTTLES ALLOWED
- NO BOTTLE CAPS ALLOWED • NO GLASS ALLOWED
- NO CARS MAY BE LEFT OVERNIGHT AT THE POLO FIELDS

In appreciation for following the rules set forth by the Milwaukee Polo Club we offer you the following:

- Trainers available at the main tent
- A Massage Therapist available at the main tent
- Bread, fruit, and water free of charge
- HOT MERCHANDISE available for purchase
- Concessions on site

**Warning -** The jugs cannot be reused if they are damaged, have anything added to them, are sat upon or re-filled. Therefore, if any jugs are removed from the water stations by non-tournament staff, the team that removes the jug will be charged for the bottle and risks future participation in Milwaukee Ultimate events.

## **STAY OFF THE NEIGHBORS' PROPERTY**

### **Honor the roped off areas!!!**

Anyone caught driving on, thru, around, or over their property (including the gravel driveway) may be subject to municipal fines and their team may be suspended from future Milwaukee Ultimate events.

## The Legend of the Cheesecow

In the beginning, there was an ultimate team. They made a tournament, played in it, and saw that it was good. They wanted trophies, but had no money for real trophies. One day they came upon a cheese in the shape of a cow, tasted it, and saw that it was good. So they gave their cheesecows to their guests. Cheesecows were given in every division and special cheesecows to the team who traveled the furthest. Upon presenting cheesecows, the heads were sacrificially bitten off, and they saw that it was not so good. They should have peeled the WAX coating OFF BEFORE eating them. So be warned, all who partake in the sacrificial cheesecow eating, take off the wax BEFORE you chew the head. This is the legend of the cheesecow.

## No outside firewood is allowed at Naga-Waukee Park

### Burn it Where you Buy it

With the increase of non-native insects and diseases throughout the country, campers can no longer transfer firewood without risk. It is imperative when we use firewood to camp and cook that we buy wood where we burn it as to not spread the insects.
