ULTIMATE FRISBEE

Ultimate is a fast moving field sport played with a Frisbee disc. The action of the game combines the passing and scoring of football, the cutting and guarding of basketball and the non-stop field movement of soccer. Because Ultimate is a team sport in which each player must act as quarterback, receiver and defender, a large number of participants can be actively involved throughout the course of play.

Ultimate is played on a field similar to a football field, with 25-yard endzones at each end of a field that is 70 yards long by 40 yards wide. Two seven-person teams are on the field at once, with substitutions allowed only between goals.

The object of the game is to pass the disc from teammate to teammate until a pass is caught in the opponent's endzone. Running with the disc is not allowed: upon catching a pass, the player must stop running and establish a pivot foot before attempting the next pass. In the meantime, potential receivers are cutting towards and away from the player with the disc, often running established plays or patterns. The disc may be thrown in any direction and there is no offside. The thrower must throw the disc within ten seconds.

THE SPIRIT OF THE GAME

Demanding athletic competition, such as that found in an Ultimate game, has a positive influence on a person's physical, mental and social development. But, what sets Ultimate apart from all other sports is the priority it places on sportsmanship - the game is characterized by its high regard for mutual respect among players and an absence of referees. The introduction to the Rules of the Game clearly defines this principle, which is referred to as the **"Spirit of the Game"**: *Ultimate has traditionally relied upon a spirit of sportsmanship which places the responsibility for fair play on the player himself/herself. Highly competitive play is encouraged but never at the expense of the bond of mutual respect between players, adherence to agreed-upon rules of the game, or the basic joy of play. Protection of these vital elements serves to eliminate adverse conduct from the Ultimate field. Such actions as taunting of opposing players, dangerous aggression, intentional fouling, or other "win-at-all-costs" behavior are contrary to the spirit of the game and must be avoided by all players.*
