### COMPETITION RULES

- USA Ultimate Official Rules of Ultimate, 11th Edition will be in effect.
- All games to 15, point cap at 17.
- Halftime is five minutes.
- Each team has two timeouts per half.
- Regardless of how many timeouts a team has used before overtime, during overtime, each team has one timeout.
- Overtime: A game is in overtime if tied at one point less than original game total (e.g., in a game to 15 goals, overtime occurs when the score reaches 14-14).
- Hard time cap goes on at the end of round time on the schedule. Game is over at the end of
  the point in progress, unless tied. If tied, play one more point. There will be no hard cap for
  semifinals and finals games.
- Soft time cap goes on 20 minutes before the hard cap. Add two points to higher score after first score after soft time cap. Game ends when first team reaches new game total or when first team reaches 15 or more ahead by at least two points, whichever comes first.
- Caps do not affect timeouts.

### SITE RULES

NO GLASSI

DOGS MUST BE LEASHED! We would prefer that you leave the pooches at home, and certainly do not lock your pets in the car or tie them up in the sun either. So if you must bring your dog, please leash it.

SPECTATORS AND EQUIPMENT MUST STAY AT LEAST THREE YARDS AWAY FROM SIDELINES! Where there are buffer lines, stay behind them. Where there are not buffer lines, stay back at least three yards.

TRASH AND RECYCLING. Place bottles and cans in the recycling receptacles and trash in the trash cans.

ALCOHOLIC BEVERAGES. Alcohol is not allowed in the park.

TOBACCO. USA Ultimate has a no tobacco policy at its championship events.

NO OVERNIGHT CAMPING ALLOWED.

### NOISEMAKER GUIDELINES

The following guidelines for noisemakers will be applied at USA Ultimate events. They are designed to strike a balance between limiting artificial noise that adversely impacts the competition or the on-site experience of participants with allowing for noise that helps create an enthusiastic, fun and supportive environment. Players, teams and spectators are expected to abide by these guidelines while on site at the event.

- Powered noisemakers are not allowed at the event site. This includes, but is not limited to, air horns, sirens and electronic bullhorns.
- Novelty noisemakers are NOT permitted, except under the following conditions:
  - o Must remain outside of the equipment lines.
  - May only be used between a goal being scored and the offense signaling readiness for the next point.
  - o May not be used during timeouts taken during active play.
  - Novelty noisemakers include, but are not limited to, whistles, vuvuzelas, squeeze horns and musical instruments.
- Music-playing devices with external speakers are permitted under the following conditions:
  - o Must remain outside of equipment lines, except during warm-ups and half-time.
  - o Must remain at a reasonable volume considering other event participants and attendees.
  - o May not be used to play music with offensive lyrics or themes.
- No noisemaker of any kind is permitted that may present a safety hazard.
- Any noisemaker permitted above may be disallowed if the volume or content of the noise is
  deemed to be offensive or disruptive to the enjoyment of the event, or the noisemaker is used
  in an un-spirited manner such as to taunt, intimidate or give a team an undue competitive
  advantage, as determined by event staff.

Event staff and observers will inform teams and individuals of these guidelines as needed. Repercussions for violation of these guidelines may include confiscation of the noisemaker, removal of the individual from the event site and/or in-game sanctions associated with the Misconduct System.

### **ULTIMATE IN 10 SIMPLE RULES**

- **1. THE FIELD:** A rectangular shape with end zones at each end. A regulation field is 70 yards by 40 yards, with end zones 20 yards deep.
- **2. INITIATE PLAY:** Each point begins with both teams lining up on the front of their respective end zone line. The defense throws ("pulls") the disc to the offense. A regulation game has seven players per team.
- **3. SCORING:** Each time the offense completes a pass in the defense's end zone, the offense scores a point. Play is initiated after each score.
- **4. MOVEMENT OF THE DISC:** The disc may be advanced in any direction by completing a pass to a teammate. Players may not run with the disc. The person with the disc ("thrower") has ten seconds to throw the disc. The defender guarding the thrower ("marker") counts out the stall count.
- **5. CHANGE OF POSSESSION:** When a pass in not completed (e.g. out of bounds, drop, block, interception), the defense immediately takes possession of the disc and becomes the offense.
- **6. SUBSTITUTIONS:** Players not in the game may replace players in the game after a score and during an injury timeout.
- **7. NON-CONTACT:** No physical contact is allowed between players. Picks and screens are also prohibited. A foul occurs when contact is made.
- **8. FOULS:** When a player initiates contact on another player a foul occurs. When a foul disrupts possession, the play resumes as if the possession was retained. If the player committing the foul disagrees with the foul call, the play is redone.
- **9. SELF-OFFICIATING:** Players are responsible for their own foul and line calls. Players resolve their own disputes.
- **10. SPIRIT OF THE GAME:** Ultimate stresses sportsmanship and fair play. Competitive play is encouraged, but never at the expense of respect between players, adherence to the rules, and the basic joy of play.

### 10th Edition

#### Chicago, IL

Captains: Dan Korban, Mike L'Hommedieu, Mark Liu

Originally playing under the name "Polar Vortex," 10th Edition's origins grew from a group of old ultimate friends in Chicago who wanted to create a masters team, embracing the concept of hard practice followed by hard relaxing. In 2019, we rebranded and adopted our current name, which harkens back to the "golden" era of ultimate. Our Mantra? "We know what the real rules of ultimate are. #OnlyRule-BookThatMatters"

The Beyondors were formed in 1993 to rule the masters division — they won the national championship in their first year of existence.

We're humble, we're righties and we all show up on time. We lick ashtrays and look off our teammates. We borrow clothes, we don't own cleats and we'll be damned if we stay through the last game. We warm up twice a day for fun!

THAT'S HOW YOU EARN THE BIRD. FELLAS! AH-SW00000000P!

### **Boneyard**

#### Raleigh-Durham, NC

Captains: Ben Dieter, Sandy Hartwiger, Dave Snoke @BoneyardUlt

Boneyard is celebrating our 15th season. And by celebrating, we mean working every day to be better than we were the day before, striving to live up to the standards our team has established, competing in the sport we love with, and for, our brothers, and representing Theran until he cleats up again.

Boneyard rose up in 2005. Since then, we've won a national championship (2015) and three world championships (WUCC-2014, WUGC-2016 and WMUCC-2018). We've also twice won the USA Ultimate masters division spirit award at Nationals (Yeah? Well ask USA Ultimate if you don't believe me).

We look forward to coming to Colorado again to compete with the nation's best masters teams. And by compete, we mean Battle. Battle. Battle.

#### Seattle, WA

Captains: Andrew Lovejoy, Morgan Wescliff

Gravy Train is the masters men's wing of Seattle's Train Family, a family of teams committed to spirit, fun and camaraderie in a competitive setting. Founded in 2017, we've been known by three wildly different names (Gravy Train Wreck, Train Wreck and now Gravy Train), but our commitment to biscuits and gravy has never wavered. We are perhaps best known for our biscuit race spirit game, a 7-on-7 serial competitive eating competition. We're 11 - 1 for the 2019 season so far, and we are excited to test our biscuits-and-gravy-eating prowess at the national level.

### Johnny Encore

#### Denver, CO

Captains: Andrew Mangan, Brett Kolinek, Mitchell Schminke, Justin Salvia, Ted Tripoli

When the countdown ends and you're ridin' that rocket into the sky, you don't give much thought to how, or when, you're going to make your way back down. When the time comes, and gravity starts its relentless pull, you have two options. You can close your eyes and hope you don't burn up on re-entry. Or, you can grab the sticks and ride that sucker in fast and low. If you really know what you're doing, you can even land without the wheels coming off. But hey, even if it all ends in a fiery blaze, you'll know it was all worth it when you look up at those sun-setting clouds and remember that indescribable feeling of shooting through the sky at Mach 5 with no tomorrow.

### Join, Or Die.

#### Philadelphia, PA

Captains: Eric Gallagher, Chris Grav

This is Join, or Die's first Masters Championships appearance since 2014. That team was named Philly Masters, but all of them rocked the Join, or Die logo, giving birth to JoD. After taking a hiatus the last few years to take care of kids, renovate homes, play video games and other adult activities, the team is back with some new swag and ready to compete. The roster may be filled with some lesser known names, but make no mistake, this team is gearing up to relive the glory days of mid-level club ultimate and take on some of the nation's best older men. So, when you hear "J O D" you know the break train is coming!

#### St. Louis, MO

Captains: Blake Larson, Patrick Austermann

King Louie is a first-year team out of St. Louis, Missouri. Started by a group of guys who have played together on various teams for a long time, some as far back high school, what this team lacks in masters division experience, it makes up for in chemistry and comradery. King Louie is looking to extend the strength of the North Central region a little farther south.

### **Naptown**

#### Indianapolis, IN

Captains: Joshua Kemmerling, Andrew Miller @NaptownUltimate

Naptown was created in 2017 by combining the best masters' age talent in Indiana with players primarily coming from Indianapolis and Bloomington, Ind. Naptown has qualified for the Masters Championships every year since being created. For the last two years, Naptown has had both an A team and a B team due to such high levels of interest at tryouts. The Naptown B team played in the "game-to-go" at regionals in 2019, showing the depth of the program. Players come from across the region and across the country to join Naptown, due to the reputation of great spirit, competitive play and the best looking

jerseys ever printed. In 2019, co-captain Drew actually had his baby a month early, by way of his wife being induced into labor, so he could attend the Masters Championships. That level of dedication cannot be matched.

### Pacemaker

#### Chicago, IL

Captains: Dan Benjamin, Mati Chessin, Keith Hernandez @Chi\_Pacemaker

Pacemaker has been around for five years and is from Chicago, Ill., birthed long ago from a vision. In the first year of Haymaker (an open team from the same city), the core group of guys thought that maybe one day they would form either a mixed team, appropriately named "Babymaker" (which also happened), and/or a seasoned squad of crotchety vets named "Pacemaker." The latter won the day, due to the bro-love that kept Haymaker together for 13 years and is still going strong. Pacemaker welcomes players from other regional teams, such as Beachfront Property and Machine, and looks to make a run for the championship at USA Ultimate Masters Championships. Pacemaker replaces the Haymaker virtues of "Glory, Honor, Liberty, and Pleasure" with "GET OFF OUR LAWN!"

#### Baltimore, MD

Captains: Sean McComb, Matt Gordon @reststopultimat

Rest Stop hails from Baltimore, Md. (aka Charm City, aka The Land of Pleasant Living) and is powered by chocolate milk and Natty Boh. Featuring many players from the very first year of Truck Stop, we've also made sure to recruit a few more ringers, or at least people who think of themselves as ringers. After podium finishes in 2016 and 2017, and a Worlds appearance in 2018, we're running it back in the hopes of not getting injured.

### **Royal Stag**

#### Madison, WI

Captain: Brian Niver @RoyalStag5

Royal Stag is centered in Madison, Wis., but has roots all over the Dairy State. This is the sixth incarnation of the team and its third consecutive appearance at Nationals. In 2018, Stag made a huge leap and finished as a finalist. However, at this stage of an ultimate player's lifespan, "real life" tends to take over, and well over half of last season's team is on hiatus, retired or moved up to grand masters! However, that didn't stop the team from continuing the roots it established and welcoming in a whole new crop of guys to take the reins. The team philosophy remains the same — to have a great time playing again with college teammates and old friends, celebrate the sport we all love to play and, most importantly, share a beer with many of you from around the country.

### Surly

#### Minneapolis, MN

Captains: Thomas Murray, Sean Breaux

@SurlyUltimate

Surly has long been sponsored by the Surly Brewing Company and would not be here without the support of Omar, Jim Mott, all of the former Surlies, the Cynics, the GMs, the GGMs, the wider Surly Ultimate community and the Minnesota Ultimate community. Thank you all. Surly has won National Championships in 2008, 2010, 2011, 2012, 2013, 2016 and 2018. We strive to not only finish as high as possible in the final standings, but just as importantly in the spirit standings. Though our spirit ranking may be aided by the delicious Surly beer we like to pass on to the other teams' top performers, we aim to carry on the legacy of Marty Bakko, to whom the Spirit Award is dedicated, both on and off the field. MFB!

Captains: Syrus Amedore, Karen Spach, Dave Seaver

A ragtag group who never comes in the front door. Last year, did we win a game at regionals to make Nationals? Of course not; we qualified by Default. This year, we were relying on all of the teams in our region to forfeit to us. Alas, that did not happen and we had to win games! While things didn't go according to plan, we still made it here.

### Drag'n Rust

#### Minneapolis, MN

Captains: Jaime Glader, Josh Hemmesch, Jake Henderson, Pat Niles Coach: Austin Lien

Over the years, many Drag'ns have flown through the Minnesota skies in pursuit of the plastic circle. There are some who have continued the hunt and others who moved on to different paths. This year, a call went out to the ancient Drag'ns and their crusty friends, summoning them to a new quest for mastery! With creaking joints, tattered wings and slightly curmudgeonly attitude, Drag'n Rust is taking off for the sunny skies of Colorado and hope they're going in the right direction.

### Old #7

#### Lynchburg, TN

Captains: Heather Gardner, Mark Ullom, Andy Sieja, Grant Gardner @OldNo7ultimate

Hand crafted, Old #7 is a master distilled combination of players based mainly in Tennessee and Alabama. Like a fair-to-middling whiskey, we are equal parts tasty, burning and probably a bad idea. You may also rest assured that you will get a headache if you consume too much of us. Returning to Nationals for a second time, this batch of players is well-aged, biting, smoky and ready to let your liver have it. While some of our players "try" and others on our team "don't," you can bet the farm that all of us will lay down our lives to vigorously defend others from defiling our breakfast tables. When asked who is old, we will undoubtedly tell you — it's us. We old.

The San Francisco Bridge Club rests on the foundation of some of the sturdiest ultimate players from the most competitive teams across the Bay Area. After steeling ourselves to guard each other on our rival club teams for so many years, we joined forces to extend our spirit to the rest of the country. In addition, we are also learning how to play Bridge, recognizing that we will sooner or later need new team sports we can play.

### **Snowbirds**

#### Phoenix, AZ

Captains: Adam Carberry, Dan Brauch, Aaron Harczynski, Erin Donahue @snowbirdsulti

A snowbird is defined as a person who migrates south in the winter from higher latitudes and colder climates toward warmer locales. A particularly hot destination for snowbirds is the sunny state of Arizona, which is where the origin story of Snowbirds Ultimate (est. 2019) begins. Primarily made up of former and current Rubix Ultimate players, Snowbirds defines friendships withstanding the test of time. Our inaugural season is a tribute to maintaining friendships through ultimate regardless of where one lives or comes from. We were all snowbirds at some point in our lives and are now Snowbirds Ultimate. One thing is for sure, playing in the desert means, "You don't have to shovel sunshine!"

### **UnAmbiguously Grey**

#### Washington, D.C.

Captains: Jarnail Baiwa, Wei Lu, Peter MacArthur

Born in the quagmire of D.C. from the ashes of proud Urine Trouble, a team entered the local clique league. Bred by not so black-andwhite politics, the team became Grey and earned fame by winning the Book Dive Championships (arguably the premier fall charity hat tournament in the DC area) five times. But, success bred Ambiguity as the team considered transitioning from a local powerhouse into something more. In 2011, it catapulted onto the club scene, and through its players' deep commitment to each other, it thrice rose above the Mid-Atlantic morass to attend Nationals. Gradually, the team matured, and Ambiguity arrived once again as it contemplated a transition to

masters. Reflecting in the mirror, the team knew the time had come. It had become Unambiguously Grey.

### cOld Lava

#### Bay Area, CA

Captains: Meredith Tosta, Candice Tse, Lori Eich

Hot Lava rises from the depths of one's core to a temperature of 4,000 degrees when reaching the Earth's surface. It is known to erupt, flow, smolder and become the foundation for future plant and animal life distributed by wind and ocean systems. After the initial Lava pool first formed on the polo fields of Waimanalo, the flow traveled great distances, with hot spots popping up across the western U.S. and stretching as far as Lake Michigan. Since its inception, Hot Lava has chilled out to become cOld Lava — solidified with a comfortable blanket of snow across its rugged, chiseled basaltic texture, but ready to erupt into a seismic-grade shout-out circle to celebrate life, sports and friendship.

### **Hot Flash**

#### **Great Lakes**

Captain: Kristi Schmeling @HotFlashUlti

Hot Flashes are generally experienced as a feeling of extreme heat with sweating and a rapid heartbeat, typically persisting for about 90 minutes at a time. The Hot Flash event may be repeated three to four times each day throughout the course of a long weekend and are often more intense during hot weather or at elevation. One of the most unique features of our hot flashes are how the effects can be felt by anyone nearby!

Much like the powerful estrogen molecule, each Hot Flash creates an impenetrable bond. Unlike a typical episode of a maturing woman, the feeling created by this team is extremely contagious, and we're so happy to share the symptoms with you! Our commitment to high visibility neon

kits and accessories makes the Hot Flash experience easy to recognize and nearly impossible to resist

2019 marks our sixth consecutive appearance at USA Ultimate Masters Championships representing the Great Lakes region.

#### Seattle, WA

Captains: Alyssa Weatherford, Charlie Mercer, Heidi-Marie Wiggins, Jenn Wilson

Coach: Rohre Titcomb @seattleriot seattleriot.org/

iRot was founded in 2017 as a Riot alumni team. iRot placed third at the 2017 Masters Championships and set its sights on Masters Worlds the following year. To accommodate the pull of family life and other "priorities," in 2018, several key additions were added to the squad from within the Seattle community, as well as a vibrant Atlanta contingent. This team took the Masters Worlds games in Winnipeg by storm, not only securing the gold medal in game competition, but

also earning the highest spirit score. The iRot relationships fostered in 2018 continue today, with a few other exciting masters "rookies" to boot. iRot looks forward to another great series of competitive games this summer, continuing to be leaders in spirit, skill and fun, both on and off the field. What time is it? It's TIME TO IROT!!!

In 2016, an idea was born. Why not bring together all of the top women over the age of 30 and make some magic. Molly Grey started out as a reunion team made up of former and current Molly Brown players, Rare Air alum and Box alum. Since our start, we've grown to include players from all over the country who all have one thing in common — we can't seem to actually retire. We're looking forward to matching our 2016 National Championship with the added growth and experience we all had playing at the World Masters Ultimate Club Championships in Winnipeg last summer.

### **Rusting Bridge Face**

#### Pittsburgh, PA

facebook.com/rustingbridgeface/

In 2005, fresh out of high school and upon first learning the game of ultimate, a group of women had a dream to create the greatest masters team the world has ever seen. They set their sights on the long goal and steadfastly worked toward creating a playing culture within which more mature players may thrive. Along the way, through various college, club and recreational playing opportunities in the Pittsburgh area, friendships were born and these women found others who shared their dream. Thirteen years later, the fruit of their labors came to bear in the creation of Rusting Bridge Face (RBF), Pittsburgh's elite women's masters team. In its second year, RBF brings together a group of ladies from a variety of backgrounds who share a common lineage in Pittsburgh ultimate. They also bring facial expressions that embody the industrial spirit of the city of bridges.

Captains: Sunny Gagner, Jenny Gaynor, Fran Tsukano Coach: Caleb Denecour @COUGARSultimate facebook.com/surlycougars

With our powerful hind legs (proportionally the largest in the cat family), we used our leaping and short-sprint ability to represent the North Central region in the masters women's division. As always, we use our stalk-and-ambush style to put our paws on your plastic. As the second-heaviest cat in the Western Hemisphere, those paws are heavy, but these aging predator hearts are light in the crepuscular hours when we search for young meat, beer and corn — our standard Midwest diet. ### Yeehaw

#### Austin, TX

Captains: Suzanne Lacy, Cat Belgarde

Yeehaw was formed by Austin Ultimate player Colleen Kepner in 2014, with assistance from former teammates, opponent and friends Catherine Belgarde Shirvell and Amber Abel Sturrock in Houston. Collaborating across cities, they rallied players from all over Texas to attend the Masters Championships in nostalgic Sarasota, Fla. that summer. After its inaugural year, Yeehaw reunited to play together in 2015. After a two-year break in action, Yeehaw returned last year under the leadership of Suzanne Lacy out of Austin, in collaboration with Catherine Belgarde Shirvell of Houston. Suzanne and Cat continue to lead Yeehaw this year in another Masters Championships tournament. Wiith a diverse set of playing backgrounds. Yeehaw continues to be a

group of ladies from across Texas, as well as a few from elsewhere in the region (including New Mexico and Arkansas). We're happy to be playing in Colorado this year and looking forward to another incredible journey this year in the world of masters ultimate.

Captains: Mark Piper, Mike Galloy

@bighornultimate

Bighorn, based in beautiful Boulder, Colorado, was formed in 2015 so that a group of friends who've known each other for 20+ years could play competitive ultimate together. Along with placing in the top-10 every year, we're very proud and honored to have won the team spirit award in the 2017 Masters Championships. We work hard for our teammates. We play for the love of the game.

## **Burnside 40**

#### Milwaukie, OR

Captain: Bill Freeman Coach: Mike Payne @burnsideulti

Akin to the adventure of Perseus and Andromeda — indeed, by some supposed to be indirectly derived from it — is that famous story of St. George and the Dragon, although "dragon" I maintain to have been a whale, for in many old chronicles whales and dragons are strangely jumbled together and often stand for each other. "Thou art as a lion of the waters, and as a dragon of the sea," said Ezekiel, hereby plainly meaning a whale. In truth, some versions of the Bible use that word

itself. Besides, it would much subtract from the glory of the exploit had St. George but encountered a crawling reptile of the land, instead of doing battle with the great monster of the deep. Any man may kill a snake, but only a Perseus, a St. George, a Coffin, have the heart in them to march boldly up to a whale.

## Chuckanut

#### **Pacific Northwest**

Captains: Myles Lu. Aubrey Cohen

Chuckanut draws together threads of several Pacific NW teams, notably Kalakala (which lives, but without us), Legion (a brief, but glorious existence) and Bull (apparently had something better to do this year). We include members from around the region — Portland, Tacoma, Seattle, Anchorage, Vancouver and Utah — plus some new friends from Colorado, Ontario and Arizona. Chuckanut refers to the beautiful Chuckanut Mountains, where the Cascades meet the sea. It also includes the words "chuck" and "nut," which amuses us.

#### Santa Barbara, CA

Captains: Matt Shaff, Greg Husak

The plumage is black with patches of white, the head is largely bald and the skin color ranges from gray. Yes, the Eldors are back trying to soar once again. It's year two of an experiment to give us a reason to try and stay fit and be together. Who wants to work out after 40? But if you tell yourself there is a Frisbee tournament, and a small piece of glory on the table, then maybe you try to do something so you don't look like a complete slob changing from white to black. Reintroduced to a habitat not completely unlike our native West Coast, we're trying to find out what heights these brittle wings can take us.

Kalakala was first constructed back in 2016 to set the Seattle ultimate grand masters community on a new journey. Fun, spirit and great competition were our destination. Since then, every year our crew has worked harder and placed higher. This year shows our strongest team yet, and we are excited to bring our best to Nationals. B-O-A-T!

## No Country

#### Portland, ME

Captains: Joel Thompson, Fritz Burkhardt

You know who there's no country for, and believe us, we qualify. You should also know that our team name is shorthand for North Country, the homeland (loosely interpreted) of our forebears in Vermont and upstate New York. This year's edition reels in one more Vermonter but doubles down on the investment in Mainers and Philly/NJ alums. Oh well. We've spurned practices for augmented reality sessions, because who doesn't want to augment their reality?

Reckon is a term we use to let you know we understand. A word used so much it has become culture. Reckon, ain't, y'all, you will hear 'em all. We hail from the dirty, dirty South. We have a combination of bad air, big hair, soul music and whack traffic. Originating in 2011, we are southern gentlemen — with little to no idea how to quit playing this game — a proud group of almosts and has-beens ready to bring our high-fives on some beautiful turf. We are Shadows of our former selves.

#### Washington, D.C.

Captains: Richard Hart, Kevin Lenaburg

Formed in 2016, this is ShutDown's fourth year of competition. Each year, it has improved on its results. In 2016, in its inaugural year, ShutDown placed 10th at Nationals. In 2017, ShutDown placed fifth at Nationals, losing only to the two teams that made the finals. With its strong finish, ShutDown qualified and went to the Worlds Masters Ultimate Club Championships in Canada in 2018, placing sixth. This year, ShutDown is looking to once again improve its standing against a growing and strengthening field of competitors.

#### **Texas**

Captains: Dave Edwards, Rocky Payne

Rebranded and rebadged, the 2019 Sick Hammers squad reaffirms its roots in Norse mythology by channeling the power of ancient Mjolnir, Thor's mighty hammer. Accompanied by the piercing, single-eyed gaze of Odin and the cosmic, life-affirming branches of Yggdrasil, this Texas squad returns to the grandmasters division of the Masters Championships with the focus, spirit and determination of The Mystical Ancients. Our credo for those who would meet us on the ultimate field of battle: Feel the Love/Fear the Hammer.

This is our second year as a grand masters women's team! We bring players who have all played in either San Diego, the Bay Area, both or neither. We have people who have played together for years, people who learned from other people on the team never to drop hammers and people who have only ever competed against each other. We are very excited to take the field against people our own ages!

### **J2**

#### Seattle, WA

Captains: Jen Schneeweis, Nancy Iff

J2 is a pod of friends, old and new, near and far. We are named in honor of "Granny," the southern resident killer whale believed to be the world's oldest known orca. She was already an adult in Washington State's Puget Sound in the late 1960s when orcas were corralled and captured for marine aquariums around the world. She was considered too old, so wranglers let her keep swimming in the wild (PHEW!) where she lived for another FIVE DECADES, leading her pod until an estimated 105 years old!

SUCK IT IN! BLOW IT UP!

Peak Bloom brings together women from the D.C. area with sisters from across the U.S. for our third year of grand masters women's play at Nationals. Some of us are excited that we can finally play with older players and some are excited to be old enough to play in this division. We look forward to another competitive and good spirited tournament at Nationals, and perhaps even to winning the spirit award again this year! Named after the D.C. Japanese cherry trees, we look to live up to their strength and beauty. The older we are, the better our bloom.

### **Archive**

#### Chicago, IL

Captains: Mark Abney, Angelo Artemakis @ArchiveGGM

Archive GGM is Chicago's great grand masters team, emerging from the Old Man Winter grandmasters squad. Contrary to popular perception -- and common sense -- we are not pronounced "archive" as in a bunch of old stuff put on a shelf, but we are "our chive" representing the wild and stinky onion that Chicago was named after. The "chi" in Archive is our life force — the great city of Chicago and its community that fuels us. We bring Midwest CHIlly offense along defensive CHIcanery. Looking forward to our inaugural Masters Championships, we plan to not stink up the fields, show some fine Midwest spirit and plant more seeds of a burgeoning Chicago masters, grand masters and great grand masters scene.

## **CHRONIC**

#### Chicago, IL

Captain: George Spentzos

Once upon a time, under the arches many moons ago, there was a creation — an all-seeing eye which foresaw the beginning of the theatre of madness. An ultimate world, where players came to experience joy and friendship, and get caught in the wave of excitement. The beginning had begun, and from the ashes, there has been created an inspiration, a new chapter. The flowering of our minds has taken the first flight forward into the realm of CHRONIC!

Captain: John Boswell

Research Triangle Park has been an ultimate hotbed for a couple decades now, and the players who have come together this year as Clouds have been playing together and against each other all that time on Ring of Fire, Cranky, T-Rex, Hootenanny, Boneyard and Alchemy, as well as a few teams from further off. We are closely linked to TriAged, our brothers in N.C., practicing together, interchanging players for tournaments and bringing the party kegs with us wherever we play from our sponsors, the small but mighty Clouds Brewing Company. Spirit of the Game binds us together, and we pride ourselves on the positivity and respect we show each other and our challengers, as well as on the excellence with which we are committed to play

and learn. We are excited about the continued growth and collaboration of all the levels of masters' players and teams in N.C.

# Damento

#### Davis, CA

Captains: Cedric Puleston, Pete Tobia, Bob Wertzberger

Founded in the early '90s, Damento was always a team that was capable of playing with the best open teams of its era, but it never had the good fortune to get past regionals. In the intervening years, the team developed the strategy of lying low and waiting for all its more accomplished rivals to get bored and go away or require hip replacements. The gamble paid off handsomely and here we are: 2019 Masters Championships.

### DoG

#### Boston, MA

Captains: Jim Parinella, Alex de Frondeville

DoG (Death or Glory) is one of the most storied franchises in ultimate history. Begun in 1994 after years of close misses for Boston ultimate teams, Death or Glory immediately made an impact, running off six consecutive National Championships in the open division, along with three Worlds titles. The team also won titles in their first year in both the masters (2007) and grand masters (2009) divisions, plus a World Ultimate Guts Championship title (2008) in the masters division. The team took a hiatus after its remaining core joined up with No Country in 2013, but with advancing age, moved on to great grand masters in 2018.

## Old and in the Way

#### Boulder, CO

Captains: Gary Foreman, Bob Pease

There are a lot of old ultimate teams out there and a lot of great ultimate teams out there, but possibly the oldest and greatest ultimate team is "Old and in the Way." We were even old back in the 1980s, when a band of antiquated disc mates from Colorado, under the influence of Jerry Garcia, named their team after a song we loved (and often sang). Then something strange happened: as we got older, we got better, winning the Masters Championships in 1999, winning the WFDF World Ultimate Championships in the masters division in 2000, playing in five consecutive Masters Championships finals from 2001 – 2005 (winning in 2005) and winning the Grand Masters and Masters Women's Championships in 2010. Now inspired by one more shot at glory, we are being wheeled out of our nursing homes, picking up our banjos and reassembling (with 10 original members from our 2000 Worlds team on board!), in hopes not just of winning, but of continu-

ing to embody a spirit of camaraderie and fun that has now lasted for over three decades

### RECYCLED

#### Alabama

Captains: Antonio Barbosa, Kevin Jones

ReCycled Ultimate: As the name implies we are not just a single use item. Having had a long and productive first use, primarily in the South, time has taken its toll. Although we aspire to be every bit as good as we were initially, we have come to realize that upon being recycled, we may have suffered some decay in our properties. That being said, we still can hold our own at the party, and who knows, we might even surprise ourselves by occasionally by doing something on the field that others might find noteworthy. I assure you, this is most likely accidental. Through our recycled eyes every receiver looks wide open and all of our hammers still go 70 yards. We are excited to have formed this team from a bunch of discarded players, and like anything being recycled, we are anxious to see if it solidifies into something fun.

## Relics

#### San Francisco, CA

Captains: Dan Powers, Peter Nieh, Patrick Wright @ultimaterelics

The Relics are a San Francisco/Bay Area based GGM team formed in 2017. We are back for our third Masters Championships in the great grand masters division with ~900+ years of ultimate experience. The "Original 7 on the line" Relics are working hard to play our way back to a third final in three years. Looking forward to seeing and playing against all our older ultimate friends from years and years past.

## Second Wind

#### Philadelphia, PA

Captains: Bill Dristy, Chris O'Connor

The name Second Wind harkens back to the early days of the Mid-Atlantic region. The Delaware Wind was one of the early teams. We are all about aging gracefully and bringing it on the ultimate field. While on the field, we embrace all kinds of wind that may come our way, and even generate our own from years of digesting cheesesteaks and brews. We are comprised of players from around the <id-Atlantic region, representing Pa., N.J., Va., Md. and D.C. We also have a few friends blown in from across the country.

We had good showing this year at the Beach Championships and hope to do it again in Denver. As we said before, there is no need to worry about us — we might be bent over and gasping, but our Second Wind will put us back into the game.

### **HEALTH AND SAFETY**

Medical staff, including athletic trainers, will be on site at Tournament Central to treat injuries, handle emergencies and provide some preventative care. The event will provide standard athletic tape, pre-wrap, ice and some bandages. Other supplies, including special tape or bandages and anti-inflammatory drugs, must be provided by teams or may be charged by the training staff.

If there is an injury on a field that needs medical attention, inform a field marshal, and he or she will radio to the trainers.

If you have medical issues that require attention in the morning before play, please show up early to avoid long lines. The trainers will be at the fields two hours prior to game time each day.

## CONCUSSIONS

#### **EDUCATION**

- USA Ultimate recommends the CDC "Heads Up Safety" program, a free one-hour online training: cdc.gov/concussion/headsup/youth.html.
- USA Ultimate's participant waiver includes important information from the CDC regarding concussion safety: usaultimate.org/membership/ usa\_ultimate\_membership\_forms.aspx

#### COACHING REQUIREMENTS

 Coaches at USA Ultimate events are required to have completed a concussion awareness and safety recognition program (like the CDC program above or other local or state-recommended course). Coaches should not submit records of course completion to USA Ultimate, but should maintain records on-site while coaching.

#### **REMOVAL & RETURN TO PLAY**

- All guidelines identified by the CDC must be strictly followed in the event of a suspected concussion.
  - 1. Remove the athlete from play.
  - Ensure the athlete is evaluated by a health care professional trained in concussion diagnosis and management. Do not try to judge the seriousness of the injury yourself.
  - 3. If the athlete is a minor, inform the athlete's parents or guardians about the known or possible concussion and give them the fact sheet on concussions.

 Allow the athlete to return to play only with permission from an appropriate health care professional.

#### DOCTOR'S NOTE REQUIREMENT

 If, during a USA Ultimate event, an athlete receives care at a hospital, medical clinic or doctor's office, or is referred to a hospital or doctor by event medical staff, the athlete is barred from further competition in that event until he or she provides a doctor's note, on letterhead or prescription pad, to event medical staff stating that the athlete is authorized to return to competition.

#### ATHLETE PROTECTION

- USA Ultimate takes the protection of event participants seriously. In accordance with SafeSport and the USA Ultimate Conduct Policy, all USA Ultimate employees, volunteers, athletes, members, coaches and chaperones are prohibited from engaging in the following conduct with athletes at any time (a more thorough description is available at www.usaultimate.org/protection):
- o Bullying
- o Hazing
- o Harassment, including Sexual Harassment
- o Emotional Misconduct
- o Physical Misconduct
- o Sexual Misconduct, including Child Sexual Abuse
- With the passage of the recent federal legislation to protect amateur and minor athletes, all SafeSport trained individuals (including coaches, team support, USA Ultimate staff) are now mandatory reporters.
- If you have questions or would like to file a complaint with USA Ultimate, please contact Tom Manewitz at tom.manewitz@hq.usaultimate.org.

#### **HEAT, NUTRITION AND HYDRATION**

 Heat-related illnesses occur when the body's ability to cool itself by evaporation is limited. Sweating depletes the body's salt and moisture, which leads to dehydration. If a player recognizes any signs or

- symptoms of a heat-related illness, he or she should treat the problem immediately.
- Signs and symptoms of a heat illness can include changes in level of consciousness, abdominal cramps, nausea/vomiting, fatigue/ tingling, chills, inability to spit, dry mucous membranes, decreased output and change in color of urine.

# PREVENTION AND TREATMENT OF A HEAT ILLNESS

- Avoid alcohol, caffeine and carbonated beverages.
- Medications such as antihistamines, decongestants, certain asthma medications and diuretics can increase the risk for heat illness. Avoid them if possible.
- Avoid certain nutritional supplements (such as caffeine and ephedrine) that can dehydrate the body and/or increase metabolism and heat production.
- Know your body be honest! Are you fit enough to perform under current conditions?
- Eat and drink (water AND sports drinks) optimally before, during and after play. Potassium is important; good sources include sports drinks, yogurt, grapefruit juice, bananas and oranges. Sodium is also important; good sources include sports drinks, vegetable juices, pretzels, nuts, cheese and crackers. After play, carbohydrates are important: foods such as potatoes, honey, cereal, white bread, corn chips, sports drinks, jelly beans, rice cakes, bagels, crackers and gummy candies.
- Don't drink too much. Over-hydrating can be dangerous if it leads to a fluid and electrolyte imbalance.
- Monitor your urine. Clear/copious = hydrated.
   Dark = Need water/electrolytes.
- Be sensitive to any prior illness. If you've been sick, your body may be more susceptible to dehydration.
- Rest and cool down after play. Find shade, wet the skin or get in front of a fan or breeze.

#### SIDELINE SAFETY

- Spectators and equipment must stay at least five yards away from the sidelines. Where there are buffer lines, respect them. Chairs, coolers, strollers, people and other objects must be at least three yards from the sidelines.
- If a player believes that an object on the sideline is not safe, he or she should inform event staff and refrain from playing until he or she is satisfied that safe conditions have been established.
- USA Ultimate and event staff reserve the right to move or remove objects or spectators from on or near the playing field if those conditions are, in the opinion of USA Ultimate or event staff, unsafe for players, staff or spectators.

#### LIGHTNING GUIDELINES

- Event staff will communicate with players and spectators via a PA system and through field marshals equipped with radios if there is a lightning danger. Play will then be stopped, and everyone should seek shelter.
- Safe shelter for players and spectators at the field site includes any fully enclosed building or vehicle with a hard top and closed windows.
- Event staff will be monitoring radar and listening for thunder. If lightning is occurring within 10 miles or thunder is audible, play will be suspended and all individuals should get in a safe shelter location.
- If you can't get to a safe shelter, try to avoid being the tallest object in an open field or on open water. Avoid other tall objects, metal objects and water. Assume a crouched position with only the balls of your feet touching the ground, your arms wrapped around your knees, and your head lowered. Minimize contact with the ground. Do not lie flat.
- Avoid using telephone land lines. Cell phones are safe, provided the person has followed other safety guidelines.
- Event staff will indicate to players when play is going to resume. Team captains should meet at Tournament Central to receive instructions for resuming play and any schedule modifications.

### SPIRIT CIRCLES

Spirit Circles are an idea borrowed from international competitions throughout the ultimate world. For years, American teams have traveled to world championship events where they have not only done exceptionally well in each competition, but showed the international community the importance we place on respect for the game and their opponents. But American players have also learned a lot from competing against teams from other countries, and invariably one of the most positive parts of the international experience has been the tradition of the post-game spirit circle. While there are a number of ways to do this, here are some quick tips to get your team started:

- Following each game, rather than lining up to slap hands, the two teams gather into a circle, alternating players on each team, facing inward, with arms around the shoulders of the person next to you.
- One or two people (often team captains or spirit captains) on each team will talk briefly about the game. Usually the losing team goes first, then the winning team.
- Things to talk about can include how the game went, how your own team played, what the other team did well, who on the other team played well, and anything else that might be worth communicating...even if it's something you think could be done better (and don't forget to look in the mirror on this).
- After each team has had a chance to talk, the winning team takes a step into the circle and walks around counter-clockwise to slap hands with the players on the other team.

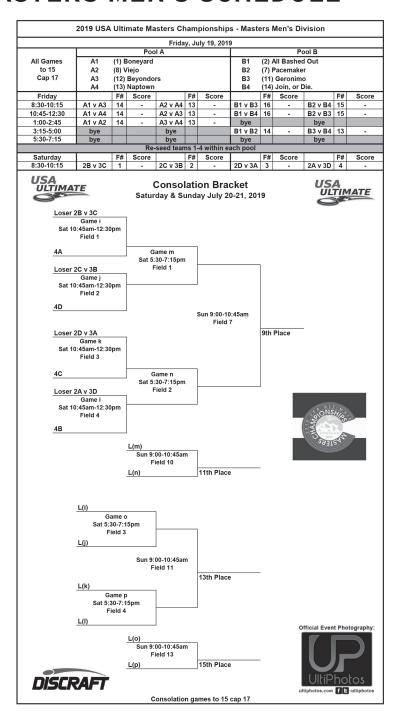

That's it! It's pretty simple and definitely an experience that brings teams together and puts the game and the experience in perspective. It's all about respect for each other and the experience of bringing out the best in each other through competition. It's also about building relationships and seeing opponents for what they really are: part of the same community that loves ultimate. Please note that this is not meant to replace other postgame traditions you may have (e.g., cheers, games, photos, gifts or trading gear). Good luck, and please let USA Ultimate staff and other event organizers how it goes!
