W E L C O M E

Welcome one and all to the premier Ultimate tournament in the world...the UPA Club Championships!!

Special welcome to the players and teams that have qualified through Sectionals and Regionals for the hard-earned right to participate in the final stage of the 2002 UPA Club Championship Series. There are a lot of players out there who work towards this tournament throughout the year and over their Ultimate careers. Many don't make it. So make the most of this opportunity to play hard and have fun with the rest of the players and teams who are as excited to be here as you.

Once again, a lot of hard work has gone into making this event happen. Butch Brown is our man on the scene in Sarasota. From lining the fields to finding a party site, you've got Butch to thank for most everything that's been set up for your enjoyment this weekend. We also have a strong staff of tournament volunteers. We're lucky to have Boston organizing guru Tommy Proulx, who will be helping the excellent tournament staff help you have a great experience. And of course the entire UPA staff, from Sectional Coordinators to the folks at HQ, have worked for months now to make sure the Series is fun, fair, and something worth taking part in. Now, after spreading ourselves thin over 70-something Sectionals and 24 Regional qualifiers, we get to focus our efforts on the Grand Finale!

Normally we take some time in this intro to touch base with everyone about involvement in the UPA and how the structures set up through the organization are what makes a lot of what we love about playing Ultimate possible. And we usually mention that involvement by individuals, from the Executive Director to the first year high school player, is what a member organization is all about. Well, there it is again...and it's still all true and all very important...but that will be it for now.

Let's focus instead on the teams who make this tournament the exciting event that it is. There will be 30 games going on at once for the first 5 rounds! That's 150 games involving the best Ultimate teams and players in the world. And that's just pool play. I'm betting there are going to be some awesome moments and incredible story lines unfolding over the next 4 days.

With Trigger Hippy "retired" and KWA out at Regionals, there will be new champions crowned in the Mixed and Masters Divisions this year. Will that someone new be a team that's been knocking on the door recently, or a team of rising stars out of the blue?

In the Women's Division, defending champ Lady Godiva has won a record 8 UPA Championships, and 6 of the last 7. Can reigning World Champ Riot loose the stranglehold the women from Boston have on the title? Will another top team step up when the opportunity arises? Or will Godiva make it 7 of the last 8?

The reigning UPA and World Champ Santa Barbara Condors has to be the favorite in the Open Division. Many of this team's players were teammates on UCSB's Black Tide, where they won 3 straight college titles in the late 90's. Can these guys follow that up with a 3-peat at the club level? Will DoG, a team that has lost only to Santa Barbara at this tournament the last 2 years, rise up to reclaim the tournament they dominated from 1994-99? Furious George, another perennial semi-finalist has only one goal in mind, and the absence of

W E L C O M E

Jam ensures that a "new" team will have a shot at the top spot.

To paraphrase former Jam coach Mike O'Dowd, each game is like a chapter in what promises to be a "good long book". Play hard. Play fair. Enjoy the action, the atmosphere, the camaraderie, and the game!

See you on the fields.

- Will Deaver, UPA Championship Director

Welcome to the UPA Championships!

For most players here at the Sarasota Polo Fields these four epic days, the UPA Club Championship Series is a fall tradition. We can hardly imagine crisp fall air, or the leaves turning yellow and red, without practices, strategy sessions, track workouts, parties, road trips, uniform ordering and more - all the familiar trappings of a championship Ultimate team.

Here we see good old friends and former teammates, often people we only know from tournaments, but with whom we have more in common than even the neighbors next door. We bond with

our teams. We feel the joy of a beautiful perfectly-timed pass, a sick layout, and the exhilaration of a hard-fought win. We feel the crushing disappointment of missed connections and loss. We come here because we are addicted - to the play, to the pursuit of satisfaction and glory, and to the community which makes such a high level of grass-roots athleticism possible.

For some players here, even attending the Big Show is a tradition - those with the drive and the luxury and the guts and the good fortune to compete year after year on one of North America's top teams. We welcome you. Congratulations for your tenacity and your commitment to the sport and your team. Players across the country and around the world look to this event as the sport's premier gathering place - you are the veterans and you make it so. For others, this is your first UPA Club Championship. You are now playing with and against players whose names and teams are institutions. Know that in a few short years and a lot of hard work, newer players will look to you just the same way. We welcome you. Congratulations for making the leap of faith that brought you from whatever you did before to the wonderful, fun, gritty, and always challenging world of championship Ultimate.

Veterans and newcomers all, know that over 10,000 players participated in the Series this year. Not everyone who wants to be here is - you deserve to be proud. And with that sense of accomplishment, I think, comes an awesome kind of responsibility. Being here and winning here is one thing. Getting here with grace, and winning here with the graciousness and sportsmanship of a true Ultimate champion is another. For these four days, may you and your teammates experience and contribute to the best of the best in both play and sportsmanship, in the face of the toughest competition of the year. Good luck to all!

Joey Gray
Executive Director

A lot of fine volunteers will be working hard this weekend to ensure that the tournament runs smoothly. Look for tournament staff in the red staff shirts, and if you have a specific concern, ask a staff person for one of the following key people. They'll be able to help you out.

Tournament Director - Butch Brown
 Competition Director - David Raflo
 Volunteer Coordinator - Tommy Proulx
 Head Observer - Romey Connell
 Head Scorekeeper - Jen Christianson
 Media Coordinator - Stephanie Kurth

UPA Headquarters Staff

Stephanie Kurth is the UPA's newest full-time staff person. She is the Asst Director for Media and Communications and will be handling all media-related aspects of the tournament. Take a moment to say hey and welcome Stephanie.

UPA Executive Director Joey Gray will be on hand through Friday before heading back to HQ to set up the new computer system with our head volunteer "tech-master" Mike Gull. She'll be working with Stephanie on media stuff while at the tourney, but is usually willing to talk Ultimate-philosophy with anyone so inclined.

UPA Championship Director Will Deaver will be playing with Boulder's Johnny Bravo. He's ultimately in charge of this tournament and all UPA Series events. Feel free to grab Will to talk about Series issues after the day's play. But remember, he's a player at the biggest tournament of the year for his team.

Kyle Weisbrod, UPA Juniors Outreach Director and HQ Admin Asst Melanie Byrd will also be playing, with Johnny Bravo and Rare Air respectively. Both are interested in your ideas and comments for the organization. Again, time your discussions so that they don't interfere with Kyle and Melanie's ability to focus on their play.

Thanks, and we look forward to spending some time out of the office with the people we work hard for every day.

BOSS HOGG

Last January, our crack research staff uncovered some interesting tidbits about the national's locale. In his eye-opening article, "Beyond the Beach in Sarasota" (NY Times, 1/13/02), Robert Plunket notes:

"Hip people can successfully vacation in Sarasota."

"[Sarasota] is also where Pee-wee Herman was arrested."

"Sarasota is a big Amish resort"

"Jerry Springer lives [in Sarasota]."

This was intriguing: We are hip. Nobody parties like Pee-wee Herman. We could totally dominate the Amish shuffleboard circuit. And the whole Jerry Springer/red-neck association would make a team called Boss Hogg feel right at home. So our goal was set: we would qualify for nationals, and do it with style and class, and show the world that Boss Hogg isn't just a corrupt small-town county commissioner any more. Twenty-six perfectly honed, perfectly trained ultimate playing machines, we represent the culmination of all human evolution. We are smart. We are handsome. We bake 30 minute brownies in 6 minutes flat. We are selected according to only the most stringent requirements. (You must write at least two (2) polite, but firm, strongly worded letters to the team leadership, indicating that you think you are a really, really good ultimate player.)

We have already carved a swath through 15/16 of the northeast. Now we descend on Sarasota. We are intimidating to men. We are desirable to women. We are Boss Hogg.

CHAIN LIGHTNING'S RIDE

Listen my children and you shall hear
Of the lightning rod we all revere,
On the twenty-fourth of October, in Two Ought Two;
Hardly a man not even our Stu
Can remember that famous day and year.

They said to our friends, "If Chain does march
On O or D in Sarasota to-night,
Hang an eye magnet aloft in the shade tent arch
Of the Polo Field tower as a signal light—
One if on O, and two if on D;
And I on the opposite sideline will be,
Ready to run and spread the alarm
Through every Sarasota village and farm,
For the Atlanta folk to be up and to arm."

Then they said "Goode-night!" and with muffled roar
Silently moved other teams to the floor,
Chain lightning rose over Tampa Bay,
Where swinging wide at her moorings lay
The Crawford, Atlanta's man-of-war;
A phantom Shippey, with each Ultimate star
Holding the disc like a prison bar,
And a slate blue team, that was magnified
By its own reflection in the tide.

DEATH or GLORY

Death or Glory (DoG) is the top men's ultimate team from Boston. DoG's style of play is characterized by an array of innovative defenses, complemented by a wide-open and opportunistic offense. Using this run-and-gun style, DoG won an unprecedented six consecutive UPA National Championships from 1994-1999. In international play, DoG captured the World Championships in 1996 and 2000 and the World Ultimate Club Championship in 1999 in Scotland.

DoG's roots can be traced back to the great Boston teams of the early 80's. The Boston team Rude Boys won the UPA National Championship in 1982, and the

first ever World Championships in Golenberg, Sweden, the following summer. Boston teams have remained a perennial national contender ever since.

JOHNNY BRAVO

The captain strode through the airlock, his voice booming, trailing the small group of men and women. "Dammit Anderson, I thought I told you to have that fuel line repaired by the time we got back! We need to get this heap off the ground and outta this planet NOW!" One crew member said timidly, "sorry captain, they were coming on strong, we've been taking heavy fire for a while now." "I KNOW," the captain growled, his whole crew shocked to see the dark spot glistening on the side of his jacket, "but that's why we have rifles, too." In two swift strides he covered the area from door to their war chest, ripping the lid off its hinges in one smooth movement. As he threw each crew member a gun, the navigator spoke up. "We've been trying to figure out how to get Anderson out there and backin one piece, but we haven't been able to come up with a plan." "Stark, once in a while you have to go on guts and talent. Thinking and planning only takes you so far - now is the time for action. Trust in yourself and each other. Anderson will concentrate on that fuel line and the rest of us will cover him. We'll all survive, this ship will take off and when we're done we'll celebrate with these good people and have a few drinks. Let's do this!" His crew snapped up as one, inspired, and jumped into the airlock, he hefted his massive rifle and turned back to the fugitives, his eyes on fire with the anticipation of the coming contest. "You folks stay here, we'll take care of this and have you safely on your way home." One of the women stepped up and placed her delicate hand on his arm, almost unable to look into those intense eyes. "We are grateful for your help, Mr. Bravo." "Call me Johnny, miss." He winked at her and swept his arm around towards his crew. "On this team we are all equals and expect no more than to be treated fairly. Now excuse me, we have a little imperial ass to kick." He turned and strode into the airlock. As the door closed, the woman stared, seemingly through the door, and said throatily to herself, "Wow, this baby wants a rocket ride!"

PIKE

Throughout the 90's there was a growing rivalry between Black & Gold (Pittsburgh) and Havoc (NJ). It was not a rivalry of animosity, rather one of symmetry, camaraderie and spirited competition. There were members of both teams looking to progress to the next level, but invariably each team fell short of these aspirations. At Regionals '99, 4th-seeded Black & Gold knocked 5th-seeded Havoc out of the tourney with a 15-14 win. But having spent most of their energy in the win, B&G went on to lose their next game to then up-and-coming WUFF Warriors. Some players on Havoc and Black & Gold sought change.

This change came in the form of the combined team of No Mas (Northern Mid-Atlantic Stars). This squad played on a trial basis at Terminus and proved compatible on and off the field, and decided to stay together for the 2000 season. In essence, the top half of each team combined forming a highly talented albeit geographically impaired team. No Mas was, in effect, a tournament-only team. The team had some limited successes, but as expected with a non-practicing team, could not achieve its full potential. The team placed 5th at Regionals, losing a 3 ft hour struggle against Philly Rage, 17-15.

One year later, the team demographic shifted to about 70% NJ-area players with a smaller group from the burgh. After the spring of 2001, the growing NJ portion of the team was clamoring for more practices. It was clear that the team was evolving into something more. To this effect, the team was renamed Pike and began its climb. The team performed consistently through the fall, capped off by a solid Regionals performance, finishing 4th, losing to Electric Pig in semis and WUFF Warriors in the backdoor game-to-go.

Not content, Pike continued to push forward. Returning the vast majority of the team from 2001, Pike also added some excellent talent from NJ and Philly. With an increased dedication and commitment, Pike trained hard through the spring, summer, and fall of 2002. Their diligence paid dividends, as they avenged their previous year's loss to WUFF in the game-to-go. For an overwhelming majority of Pike's players, this trip to Sarasota represents their first Nationals experience.

BACKHOE

Representing North Carolina's finest as the first seed from the Mid-Atlantic Region, this year's steamroller team combines some hot new talent with a core of experienced, cagey veterans. Twenty-one women strong, we return to the UPA Club Championships, ready to improve upon last year's 6th place finish. We will leave holes on the field with our gritty, determined play—and you'll want to see more of us off the field because we clean up real nice. Can y'all dig it?

BUTTERCUP

Buttercup was never what one could call a fledgling team. From the moment Buttercup stepped onto the ultimate field for the first time three years ago, these heart-achingly beautiful, tough, tenacious women had already been equipping themselves with the four most important substances on earth: water, sunshine, GU and frisbees. For the second year in a row, these girls are going to the sho' and will TCB with the fortitude not unlike that of a knight on a quest for the Holy Disc.

FUSE

An eastern Canadian "all-star" team of players from Montreal, Ottawa and Toronto. FUSE has come together once again to represent the great white north in sunny Sarasota.

LADY GODIVA

T E A M B I O S

In existence since 1987, Lady Godiva is one of the longest running teams in women's ultimate frisbee history. Formed in Boston, Massachusetts, Godiva has developed a unique style of precision offense and containing defense. A fierce competitive edge coupled with years of experience from veteran players has proved to be an unstoppable combination, and the Ladies have been in the finals of Nationals 12 out of 15 years and have won 8 National Titles.

POUNCE

Born in a litter box...raised in the land of the Yinzer, the cradle of the mullet and the home of O-fries, POUNCE is Pittsburgh's favorite frisbee felines. We've had a great season. Purr-fect tournaments in Toronto ("We love Carl!"), Rochester ("How's my Hucking? Whine at 1-800-YuR-BuRND") and Fort Belvoir (... OK, so maybe this one wasn't a highlight). There have been many, many, many wonderful team get-togethers (a.k.a. practice! s) and drills and mandatory supplemental workouts that have enriched our lives, made us kinder to animals and significantly better looking than most people we know.

Now here's the truth - we're really excited to be part of the national championship this year. So excited that Ashley, Chrissy and Divya are likely to get up and dance. Rachel, Tara and Anne think that it's a good time to party. Marie celebrated by chugging a beer from a disc. Hope's doing back-flips and Tracy bought a new outfit from Ann Taylor. Chriss and Jax have plotted new strategies and Mary came up with a really cute cheer. Jessica and Marion are working on their coaching (beer). Just for nationals, Tina took off her cast, Karen is having a massage and Amy is driving to the 'Burgh to make practice. Caught up in the enthusiasm of the championships, Megan and Sarah went for a 12-mile run. Debbie did not. Dara finally got up the nerve to karaoke and Shannon finally started rehab... on her knee.

RARE AIR

After a heart-wrenching elimination at Southwest Regionals 2001, Rare Air has reconfigured, regrouped, refreshed, reunited, redeemed and regenerated into a remarkable new program with a mix of youngsters and vets who put out 1 billion percent all the time, everywhere. The 2002 fall series has brought adversity (0-3 on Saturday at Santa Cruz - thankfully only an 8 team toumey) and success (winning Tune Up and 2002 Southwest Regionals) - but mostly has brought with it hunger and joy for the sport, for winning, and for each other. We feel privileged to be back at Nationals and we can't wait to bring our glass chewing, mud-diving, high-altitude, wind-slicing, badass, best selves to the fields in Florida.

RIOT

Mugatu: "That Riot, they're so hot right now!" Riot has been practicing under overcast skies and in the Seattle drizzle since April. Our only break this year was playing at Worlds in Hawaii. Having recently won the competitive NW region, Riot's ready for some Florida sunshine and Sarasota winds. The cross country trip is the perfect distance for our warm-up jog (you know we like long warm-ups). When we finally arrive in Florida we will have one goal, stretching. On the field watch for ridiculously good looking hucks and hot piping plates of D. Last year was Riot's first year at Nationals. In 2002, we return with almost all of last year's crew and even more big toumey experience. We have sacrificed countless hours, too many dollars, and numerous body parts for this game, and we love it!

SAFARI

Despite the ever changing faces of Safari, our tradition of playing hard (and partying hard) stands strong. Safari brings a young team to Nationals this year mixed in with only a handful of veterans, including Shar, J. Beth and eighteen-year Safariian, Laura Ingebritzen (a.k.a. Spanky or The Legend). The gebers include 6 current members of the College National Championship team, UCSD Psychos, and 4 graduated players. Watch out for youngins' Poof and Babies T and V. Unless we can recruit some players with musical talent, or Shaq can step it up, you probably won't be hearing as much drumming as in past years (Try not to be too upset...). We're also looking for a repeat performance at the party this year, with Katie O leading the train and Lisa taking body shot challenges. Bring it!

SCHWA

We are Schwa, a womens' club team formed in Portland, Oregon, in 1995. Schwa has been one of the top ten teams in the nation for almost a decade, despite managing player ages that range from twenty to forty-two, and balancing a rigorous practice schedule with the needs of players who have to drive multiple hours just to lace up their cleats to play with us. We have consistently managed to find twenty women (more or less) cheerfully willing to spend hours traveling with each other to tournaments, sharing hotel room floors and rental vans, passing ice bags and ibuprofen around the room to ease post-tournament pain, and usually being voted least likely to win the party (not to mention the spirit award). We fairly consistently make it to the finals of major tournaments, and thus far have been exceedingly generous about allowing other teams to leave with the championships. This tournament, we have dedicated our hearts to playing well as a team, and to bringing our game every game, so we have to warn you... stay awake.

3 MARTINI LUNCH

3 Martini Lunch is a blend of the finest gins from Indianapolis, Bloomington, and West Lafayette, Indiana. Just wave the bottle of vermouth over the glasses. Very powerful, very dry. After consuming you may feel a bit woozy, but it's a good kind of woozy. Serve each with 3 olives. Shaken or stirred, up or on the rocks...however you like it. Set 'em up, knock 'em down, and get back to work!

B+

B+ is essentially a conglomerate of college players and recent grads, though the core of the team has been playing together since high school. Much has been made of the fact that we're really young (average age: 22). Everyone refers to us as those "young guys" or "kids". What no one realizes is that not only are we the youngest team in Sarasota, we're also the most attractive. So there.

Oh, and we also think people might be underestimating our Ultimate abilities, but that's fine by us.

BAD LARRY

In 2002, Denver-based Bad Larry continues its practice of qualifying for nationals in even-numbered years. Having first formed in early 1996 for the Spring Thaw tournament in Colorado Springs, Bad Larry started getting serious in 1998 and qualified for the first ever mixed nationals in Sarasota, placing a respectable 7th with a roster of only 10 players (3 of those 10-Tom Lekan, Megan Castle and Paula Kelsey are still on 2002 roster). As the mixed division began getting more competitive, so did Bad Larry, bolstering the 10 person roster with sever-

al new players for the 1999 season. Larry won the 1999 Rocky Mountain sectionals at 8,574 feet in Fraser, but lost the game-to-go at regionals. Undaunted, Bad Larry added recent Notre Dame graduates James Beeby and Julie Dintaman for the 2000 season and qualified for mixed nationals in Minnesota. But the injury (and wedding) bug hit hard in St. Paul, leaving us with only 3 healthy women by the end of play and a performance far below our level. 2001 saw the departure/semi-retirement of a few of our veterans and the infusion of some explosive new talent (Darin DeLay and Matt Hynes) and some youth (Heather Heinlein, who finally got legal this year!). It was an odd-numbered year, however, so we lost the game to go to Otis at regionals in Indio.

2002 started off with a going away party in January for our founder, Nate Frick, as he moved to D.C. for work, and the retirement of some other long time Larry-ites. James and Julie and Phil Quatrochi stepped up as captains and we again added some more youth, another Dornier, an Irate, a Fighting Illini, and three Zontals to the squad. 2002 summer highlights included trips to Poultry Days and Jackson Hole, a huge 17-16 comeback victory over Otis in the finals of Swollen Toe in Fort Collins and a Santa Fe Savage 12-0 weekend by a team of Larry-ites. Second place finishes at Rocky Mountain sectionals and Southwest regionals punched our tickets for Sarasota and we're looking to improve on the Southwest region's strong showing from last year's nationals.

BLAH RELOADED

I think we love the fact that no one knows anything about us besides our Central division opponents. Even then they didn't really get to know the real Blah 3 Reloaded till Regionals. But alas, the time has come to remove the mask and show the national ultimate community the face of South Bend ultimate.

BLUE RIDGE ULTIMATE

BRU has existed in some form or another for many years, sometimes as an open team, sometimes co-ed, but always casual. In 2001, the local superstars, a few UVA alumni and some unsigned free agents from D.C. and Richmond decided to get serious about the Mixed division and turn BRU into a "co-ed dream team." So far, so good. BRU returns to the UPA Championships looking to go one better than last year's second place finish. As always, we'll be spinning the Immaculate Collection for inspiration.

HOT ACTION

Hot Action first took form in 1999 as an experiment with mixed ultimate in the Twin Cities area where, although ultimate was thriving in general, there was a void in club level co-ed. The first Hot Action season focused in on spirit of the game and having fun (along with winning every cheer) definitely took priority over all else. This turned out to be a winning formula in many ways. It enabled Hot Action to generate more interest in mixed ultimate and drew the interest of players from the local area. Most importantly, this first season set a very positive and spirited tone for the years to come.

In 2000, Hot Action drew in more local talent and set out on a more confident and competitive path. The team travelled more and sought out more competitive tournament play. The highlights of that 2000 season were:

1)winning Shampoo-Banana (a fantastically fun but now defunct tourney in Champaign, IL which offered a \$1000 prize to the winner in each division),
2)composing a cheer which encompassed the whole of "Bohemian Rhapsody"

3)Actually running a set offense

4)narrowly missing a bid to co-ed nationals

2001 was a benchmark season for Hot Action. The team set a firm goal reach the National Club Championship. Drawing on a roster deeper in talent and a more fine-tuned offensive strategy, the team reached (and lost) finals at Chubby and Tune-Up.

Hot Action peaked at regionals and despite playing with

only 5 INCREDIBLE women, fought their way through to the final, earning a bid to the Club Championship. Though Hot Action's initial trip to Sarasota yielded only one win, there were no blowouts. The true reward of that first nationals trip was experience. It was an incredible season!

In 2002, Hot Action looked to build off of the framework of the 2001 season with 9 players hungry for another shot at nationals returning for the season. The team once again expanded its range and set out for Poultry Days and Pottatch to gather experience against teams from outside the region. That experience, along with offensive and defensive refinements, payed off. Hot Action earned finals appearances at Cooler and Tune-Up (both lost in overtime to eventual regional champs 3 Martini Lunch) as well as their first sectional championship. Regionals brought an undefeated trip to the finals and an eventual 3rd place bid to Sarasota.

So another incredible season sees us off to Florida again. We hope to continue our growth as a national caliber team and infuse the tournament with our love for the game and the spirit at our foundation.

"...we came from the cities to play hot D, so put your hands together let's rock the party..."

SHAZAM

Chosen from among all others by the immortal elders—Solomon, Hercules, Atlas, Zeus, Achilles, and Mercury—Billy Batson and his mentor travel the highways and byways of the land on a never-ending mission: to right wrongs, develop understanding, and seek justice for all. In time of dire need, young Billy has been granted the power by the immortals to summon awesome forces at the utterance of a single word—SHAZAM!—a word which transforms him in a flash into the mightiest of mortal beings: Captain Marvel!

Worshipping their immortal idols—Spirit, Hustle, Agility, Zip, Athleticism, and Microbrew, a group of Seattle men and women made a startling discovery in the dark winter of 2002. At the utterance of a single word—SHAZAM!—the young team, led by veteran Dr. Finn, now summons awesome powers: to throw lightning bolts into the wind and to unleash death-defying D from Puget Sound to Sarasota Bay.

SMELTS

The Smelts are a new mixed team out of Portland, Maine, captained by the erstwhile urbanite, now hick, Judy Watson. The Smelts are named after a slender, troutlike fish that is a traditional foe of the shanty-dwelling, coffee brandy-swilling ice fisherman. Like the fish, these Smelts prefer to travel together in large schools, and no matter how many you catch, their stocks are never depleted. The secret is propagation: the Smelts have 22 players and 16 children, and unlike the fish we don't eat our own. The sizable kid contingent presents some challenges, but also some unique advantages for our sideline: we know how to build a fort out of our duffel bags and place a force field around it; our Smeltlings are quick to point out when an opponent is walking on lava, not grass; and it's always snacktime.

SONG OF ROLAND: THE BALLAD OF BURNING SPEAR

frisbee folks gather round, and then listen to me, about the lads and lasses, led by tim and thuy.

they are fast, they are strong, they are cloaked in red, they have run and jumped, and run some more, as sergeant liz has led.

see tj run the field, and throw with precise pizzazz,

T E A M B I O S

see perry sugg shrug defenders, making many layout grabs.

watch linda speeding here and there, see zier throw zingers at gamepoint.
watch roger race the field, every single point.

see tammi cutting near the disc, keeping our flow going.
see donna running fast, watch her surefire throwing.

watch bryce throw to his target, effortlessly hurling.
watch mikey dart this way and that, with defense that is sterling.

see bursts of speed from missy, barreling straight to discs aloft.
see kristin cutting smartly, making coverage appear soft.

watch chris run to and fro, trying to get free,
watch liz catch every disc, and fire us up on d.

see jeff stride out and back, stretching fields with his sprinting,
see tony getting horizontal, with effort unrelenting.

watch chip outjumping and outrunning, firing frisbees all over the field,
bring kj back to us, and may her wounds be healed.

what is a walusis? deirdre runs cup and streaks deep,
and andy will make that throw, or any other from his hand-ling keep.

where is a middle cut? look out for crafty lauren,
the youngest on our team, well-aged and well-seasoned.

watch the great bizatch, singing bluegrass and jumping higher,
listen to augie yell, and make plays that will inspire.

tim will get the disc!...on offense or on defense,
noone can match his spirit, his speed, nor his reflex.

and we know they will be open!...nobody can keep up,
she will cut wherever she wants, leaving others in the dust.

and should you find yourselves, matched up with them this fall,
know ye that young maya, sophie, lucia, and griffin lead them all.

CRANKY

Cranky was born in the waning moments of the 20th century, a colicky infant team with attitude. Toddling into the 21st century, Cranky remains fiercely dyspeptic, with soiled nappies and unpleasant burp-ups (when drinking beer from bottles with improperly fitted nipples). Beware the wailing and flailing if Cranky's naptime blankie goes missing!

GREY EXPECTATIONS

The Grey X generation all hail from the Land of 10,000 Lakes, Minneapolis/St. Paul, Minnesota. Making their first appearance at Nationals in the Masters division, Grey Expectations strikes a balance between (relative) youthful exuberance and old school medical conditions. Neither threats of "Contraction" by baseball's anti-Christ nor a light dusting of snow on our practice fields shall deter this assortment of Merry Minnesotans from their appointed rounds in pool play. Our bloodlines run deep in the frisbee family tree, dating back to 20 long Regionals ago. May we all stay, forever young.

HERNIATED DISC

This year marks the 4th year in a row that Herniated has gone to Nationals. Several of the veterans from past years have retired, several have had the audacity to start families so near the fall season, and a few have left for greener pastures (teams) with the hope of achieving more celebrated wins. It seems like the most prevalent characteristic of the team is it's constant influx of players from all corners of the southern region.

The team had its share of highs and lows at the 2002 Worlds in Hawaii. Finishing 4th in pool play Herniated faced elimination from the semi-finals unless it defeated both Chronic and the Japanese team Vigi in the cross-over pool play. The elation of a overcoming a 13-9 Chronic lead nearing cap to win 15-14 was only exceeded by the disappointment of losing the next day to Vigi in a game that would have placed Herniated in the final round of four.

This year at Nationals we are contemplating on starting a front 7 all over the age of 40. -(we ask every day when the UPA will create the Grand Master Division! -)
Another strong possibility is we will start 7 guys who all have waist lines over 36 inches. The problem is picking the best 7 out of a possible 25 that meet this criteria. Speaking of large slow men, we have 3 players who qualify for team mascot this year. Since Nationals 2001 we have had no less than 3 herniated discs and one that is ready to blow any day now.—O' my aching back! See you at the show!

HOSS

Started in Wilmington, HOSS has expanded to include old school players from all over North Carolina and Virginia. You can ask us what HOSS stands for, but you will be lied to, and most likely offended. We're dedicating this season with highest respect to our teammate Clark.

IRONWOOD

Here in the Southwest desert there grows a tree.
We of the Southwest desert have adopted the tree as
our force guide.
Ironwood.
The ironwood tree grows for over 1500 years.
Our team member's ages add up to a mere 808.
And our combined Ultimate experience adds up to only
343 years.
Guess we'll keep on growin' as well.
Ironwood. It is the 2nd densest wood in the world.
Yeah, well we're pretty damn dense too.
Ironwood.
A name for a name's sake?
Perhaps, But I've seen these guys at tourneys
when they wake up in the morning...
Ironwood.

KAVU

We come from the beautiful land of the Big Sky, and we
proudly represent the Northwest region. KAVU is a group
of ultimate players put together for one reason, to be a
TEAM, and whatever degrees of success we reach in
Sarasota we will do so together. Most of us have played
together, or against each other, for the better part of 10
years. Because of our familiarity our group has a cohe-
sion and style that only playing with old buddies can cre-
ate, and each player has their own spice of positive cre-
ativity that they bring to the mix. In dethroning the current
National and World Champions on the way to Sarasota
we have set the tone. We will come ready to play our
hardest, on and off the field, and bring heart and spirit to
Nationals. Outta the mountains and into the fry, Big Sky
in your eye!

OLD & IN THE WAY

OLD & IN THE WAY was started by Gary Foreman in
1988 as a means for local Boulder/Denver players who
were unwilling to sacrifice their busy lives for the open
team, to compete in the prestigious Boulder 4th of July
tournament. And compete they did, winning the B divi-
sion at a tournament that was once as good or better
than UPA Nationals. Current players John Hamm, Chris
Payne, Brian Oliver and Kevin Hamilton joined Gary as
pillars of "Early Old"

In 1998, more recent Open division retirees—Buzz
Ellsworth, Mike Morrissey, Randy Ricks—signed on and
the gradual replacement of the original Old lineup was
underway. In 1999 the floodgates opened when Rob
Bleiberg, Jim Glynn, Karl Heuerman, Geir Kvaran, Mark
Karger, Chris Payne and Bob Pease decided it was time
to give Masters a try. That fall Old won UPA Gold in San
Diego then added Phil Lohre to the mix and won another
Gold at Worlds in Germany in 2000. In the fall of 2000,
Big Dave Smith joined the ranks and is now joined by fel-
low Twin Tower, Dave Banks. Other players Old is count-
ing on to provide additional speed and grit this year are
blossoming summer league recruit Jeff Van Snel, our
own Air Force Major Ben Thielhorn, the well-traveled
"everyman" of ultimate, Bo Esrey and our own Colorado
hipster, Jay Austern. Now if they could just get longtime
Boulder stalwart and Z-Kreation founder Ian Hue to travel
with them. At press time, his attendance is still in doubt. It
seems every team has a player that fits this description.

Old figured they should let the ultimate world know that
the one thing that truly sets them apart, and that they are
very proud of, is the fact that they are truly a local team.
Heck, 22 of them live an hour apart and the majority of
them less than that. And, they believe their record since
1999 reveals that they are indeed the best indigenous
Masters team around.

Look closely at the Old roster this year though, and you
will see, Alas! ONE real bonafide ringer. ONE guy that
doesn't live 30 minutes away and doesn't even live in
Colorado! Just as Bela Fleck and the Flecktones have
"ruined" (tongue-in-cheek) bluegrass for the purists with
an injection of funk, jazz and raw talent, could it be said
that Old is changing with the times? Well, not really.
They're just happy to still be playing the greatest sport
ever invented at the highest level of competition. By the
way, see if you can spot the one ringer. He's kind of
noticeable. Old wishes the very best to all 60 teams at
this year's Nationals.

OLD SAG

This is in fact our third One Last Ditch Shot At Glory,
which, of course, doesn't make any sense or a good
acronym. If we're not the future of Philadelphia Ultimate
at least we're the past. With a few new players on board
this year we know the shots will be there - perhaps the
glory will follow?

PSYCHIC MONTAGE

Who and what is the Psychic Montage? Well, we've
been having a real good time figuring that out, all the way
to Sarasota!! We primarily play out of Western
Massachusetts, Southern Vermont, and Albany, NY.
The team was recently put together with a selective
group of experienced players and a guiding principle of
each ego being dropped when the cleats go on. So far
we've lived up to it, and have found the way through the
games that counted most.

We're out to play hard, smart, and spirited Ultimate. In
other words, we'll give you some game. See you all on
the fields, around the massage tables, and at the party.

SKELETON CREW

In the ghostly shadows between death and final rest,
Dwell some ancient spirits who've yearned to be the
best.

Haunted by the memories of titles never won,
Dragged from their couch-coffins to do the deed undone.

Empty souls, heroes of old, long since past their prime,
Answer now the timeless call to battle one more time.

Will it be now? Their bodies long to end this endless
game.
Listen to the breathless wind calling out their name:

Skeleton Crew

.....Skeleton Crew

.....Skeleton Crew

Could it be the "winner god" announcing their new reign?

SLOW...CHILDREN

These gnarled veterans of the plastic wars hail from all
corners of the NY Metro Area and Connecticut. Eager to
regain the past glory of NY Masters squads, this team is
lean, mean and retooled. After years of hoisting toddlers
and chasing wayward youth, slowed by children and
hampered by hormones, these dinosaurs of the dustbowl
are ready to strap on the cleats to recapture their own
lost youth.

Slow Children have been building momentum for over
30 days, culminating in solid victories over spirited com-
petition at Regionals. This team has their sights set on
finally getting that knee operation and putting an end to
the days of diaper duty and backseat brawls.

Those players that do manage to arrive in Sarasota
unencumbered will no longer be SLOW. The rest will be
looking for babysitters.

SPIRIT AWARDS

Ultimate has traditionally relied upon a spirit of sportsmanship which places the responsibility for fair play on the player himself. Highly competitive play is encouraged, but never at the expense of the bond of mutual respect between players, adherence to the agreed-upon rules of the game, or the basic joy of play.

- UPA 10th Edition Rules of Ultimate

TEAM AWARDS - Following every game, each team will be asked to rate its opponent on a scale of 1-5, with 5 being the rating for the highest level of sportsmanship. These ratings will be averaged and the team in each division with the highest rating will be awarded the Team Spirit Award after their division's finals.

INDIVIDUAL AWARDS - Teams will be each be asked to nominate a player from their own team who they feel displays the highest level of spirit. The definition of spirit is up to each team, but should include elements of sportsmanship, leadership, perseverance, fire, etc. Choose the person whose attitude you wish other people on your team would emulate and who other players off your team admire. Individual spirit winners will receive a medal and donated merchandise from Terry Cycling, Gaia Ultimate, and Chasing Plastic Magazine.

PETER FARRICKER SPIRIT OF THE GAME AWARD - This year there is a new award in the Open Division called the Farricker Spirit Award, named for Peter Farricker, a player who embodied Spirit of the Game to those who knew him and those who played with or against him. One of the individual SOTG nominees in the Open Division will be selected to receive this award, which will be announced at the tournament during half-time of the Open Division finals. The Peter Farricker Spirit Award is given to the player adjudged to have exhibited personal responsibility, integrity, and fairness combined with a high standard of playing ability.
