## FAQ / QUOTES

Q: How long does it take to fill a custom order?

A: Three to four weeks for the manufacturing, plus one additional week if printing is required.

Q: How many shirts do I have to order?

A: Our minimum for a custom order is twelve units of the same style, however you may order different sizes within these twelve units.

Q: Can you take care of printing my team's logo?

A: Absolutely. We routinely print team logos, numbers, and even player names on our shirts.

Some information to have ready when you give us a call:

1. Which VC patterns are you interested in?
2. What options of each product are you interested in?
3. How many units of each product do you need?
4. Will you require our printing services, and if so:
  - a. how many colors are in your design?
  - b. will you be needing printed numbers?

To submit a quote request, and for all other inquiries, feel free to give us a call - 1-866-844-2511 - or send us an email - [info@vcultimate.com](mailto:info@vcultimate.com).

**NOTE ON PLAYER PACKS:** Captains will be given players packs for their team members at registration on Wednesday evening at the tournament hotel. Any team captain who does not collect their team's player packs on Wednesday should report to Volunteer Coordinator Shiellah Quintos at tournament headquarters (pavilion). Player packs will only be given out after all team registration issues have been taken care of.

# WELCOME

Welcome to the 2003 UPA Club Championships and congratulations to the teams and players who qualified for this prestigious event. As the culmination of the UPA Club Championship Series, this is the grand finale of the largest series of Ultimate tournaments in the world (close to 600 teams and over 10,000 players). Having made it to this stage is no small accomplishment, and we hope the experience is worth all the time and effort it took to get here.

So what should you expect at this year's tournament? It is after all the qualifier for U.S. teams going to the 2004 WFDF World Championships in Finland. In the open division there is as much parity as there has ever been at the top. U.S. teams will be looking to knock off the reigning UPA champs from Vancouver, while also competing to be the top U.S. finisher. In the women's division, Lady Godiva looks to continue their stranglehold on the UPA championship. They won their 7<sup>th</sup> in 8 years in 2002 (by one point), extending the longest-running dynasty in UPA history. Can they make it 8 of 9? Hang Time and Donner Party have dominated the mixed division for the last year. Both teams have their eye on Worlds, but the mixed division changes a lot from year to year, so you never know which teams will step up. Speaking of Worlds, teams and players have come out of the woodwork in the masters division this year, almost definitely inspired by hopes of a shot at Finland. Perennial masters powers KWA, Old and in the Way, and OLD SAG will be challenged by former open division powers from San Diego, Miami, and elsewhere.

What else will be going on? With the backing of VC Ultimate, Bodhisattva Films will be on hand to capture the excitement of the event. They will be producing videos/DVDs of the finals and a "lifestyle" video documenting the 2003 competition, teams, players, and the culture of our sport. Look for it to be available this winter.

Check out the schedule of activities in the program to find out where and when non-game activities are taking place. Everything is pretty much happening at the beautiful field site, so stick around after games and enjoy the atmosphere and the company. Please be respectful of the site, site rules, and other people's property.

Because of the time change last week, we don't have as much light, but we've kept the first day start times at 9:30 a.m. to help with the impact of travel. The final three days will start at 9:00 a.m. so we can be sure to get games in before dark. Don't get confused about start times!

Finally, be sure to let the tournament staff (red tournament shirts and UPA staff shirts) know if you need anything, and be sure to thank them for their efforts. Play hard, play with spirit, and good luck. See you on the fields!

Will Deaver, UPA Championship Director

# FIELD MAP

University Pkwy

- **No Glass!!!!** This is important. We're at a national class polo facility. Some of these horses are worth more than your homes. If you are found on the fields with a glass container, you will be told to leave the Polo Club for the duration of the tournament.
- **No Dogs!** Leave your dogs at home. They can spook the horses, which could cause us to lose our privileges at the Polo Club.

## COMPETITION RULES

- All games (except finals) to 15, win by two, cap at 17. Finals to 17/19.
- Halftime is 10 minutes.
- Each team has two timeouts per half.
- Regardless of how many timeouts a team has used before overtime, during overtime each team has one timeout.
- Overtime: A game is in overtime if tied at one point less than original game total, and the winning score will exceed said game total. (e.g., in a game to 15 goals, overtime occurs when the score reaches 14-14 and the minimum winning score is determined to be 16.)
- Time-cap goes on at end of round time on schedule. Add two points to higher score after first score after time-cap. Play to that total. No more win by two.
- The time-cap does not affect timeouts.

### Placement Game Rules (5-8 and 9-16 on Saturday)

For games that could affect the strength wildcard:

- If a game will determine a strength wildcard, or leads to a game that might determine a strength wildcard, it must be played. If a team still chooses to forfeit such a game, that team's region/division will not be eligible for any nationals' wildcards the following year (size, strength, growth), unless given a specific exception by the National Division Director.
- **Special case:** In the first round of the 5-8 bracket, if there are exactly two teams in contention for a strength wildcard, those teams will play each other in that first round regardless of the originally scheduled match-ups.

For games that do not affect the strength wildcard:

- If **neither** team wants to play a scheduled game that leads to another round (i.e. semis for the 5<sup>th</sup>, 9<sup>th</sup>, 13<sup>th</sup> brackets): Those two teams finish tied for the placement of the lower portion of their bracket and the other game is now for two higher spots. (e.g. In a 9-12 semifinal game, the two forfeiting teams would be tied for 11<sup>th</sup> and the other semifinal would become the game for 9/10.)
- If **neither** team wants to play a scheduled game that does not lead to another round: Both teams will finish tied for the higher placement, since they went out at the same time.
- If **only one** team wants to play a scheduled game that leads to another round (e.g. semis for the 5<sup>th</sup>, 9<sup>th</sup>, 13<sup>th</sup> brackets): The forfeiting team will finish at the bottom of its respective bracket (i.e. 8<sup>th</sup>, 12<sup>th</sup> or 16<sup>th</sup>).
- If **only one** team wants to play a scheduled game that does not lead to another round: The game will be treated as a loss for the forfeiting team and a win for the other team, with final placement reflecting that outcome.

# INFORMATION

## TRAINERS, MEDICAL, MASSAGE

**Athletic Trainers** - Will be available 1.5 hours prior to the start of play through the end of the day to tape and provide advice and injury assessments.

**Paramedic** - A paramedic will be on duty at the medical tent during all games.

**Doctor's Hospital** - 5731 Bee Ridge Road, Sarasota, FL, (941) 342-1100

**Hospital Directions** (from fields and tournament hotel)

- South on I-75 to exit 38
- Stay right off of exit
- Turn right onto Cattleman Rd
- Follow signs to Doctor's Hospital

Loosen up those sore muscles after a day and a half of Ultimate. Students from the Florida College of Natural Health will be giving massages to tournament participants and spectators on Friday (and possibly Saturday) between 10 a.m. and 2 p.m. Look for the massage table near the medical tent. Massages are free of charge, and students are not allowed to collect compensation. So be sure to thank them for their help.

## EVENT STAFF

A lot of fine volunteers will be working hard this weekend to ensure that the tournament runs smoothly. Look for tournament staff in the red staff shirts, and if you have a specific concern, ask a staff person for one of the following key people. They'll be able to help you out.

Tournament Director - Tim Naylor  
Competition Director - David Raflo  
Volunteer Coordinator - Shiellah Quintos  
Head Observer - Eric Kehoe  
Head Scorekeeper - DeAnna Ball  
Media Coordinator - Stephanie Kurth

### UPA Headquarters Staff

- Stephanie Kurth is the UPA's Media and Communications Director and will be coordinating all media-related aspects of the tournament, including reporting and photography for your new, improved UPA newsletter.
- UPA Executive Director, Sandle Hammerly will be at her first Club Championships, thus completing her first full cycle of UPA championship events. Take a minute to touch base with her about how things are going with the UPA.
- UPA Championship Director Will Deaver will be playing with Boulder's Johnny Bravo. He's ultimately in charge of this tournament and all UPA series events. Feel free to grab Will to talk about series issues after the day's play. But remember, he's also a player at the biggest tournament of the year for him and his team.
- UPA Director of Youth Development Kyle Weisbrod and UPA Membership/Outreach Coordinator Melanie Byrd will also be playing, with Johnny Bravo and Rare Air respectively. Both are interested in your ideas and comments for the organization. Again, time your discussions so that they don't interfere with their ability to focus on their play.
- Thanks, and we look forward to spending some time out of the office with the people we work hard for every day.

# SPIRIT AWARDS

*Ultimate has traditionally relied upon a spirit of sportsmanship which places the responsibility for fair play on the player himself. Highly competitive play is encouraged, but never at the expense of the bond of mutual respect between players, adherence to the agreed-upon rules of the game, or the basic joy of play.*

- UPA 10<sup>th</sup> Edition Rules of Ultimate

**TEAM AWARDS** - Following every game, each team will be asked to rate its opponent on a scale of 1-5, with 5 being the rating for the highest level of sportsmanship. These ratings will be averaged and the team in each division with the highest rating will be awarded the Team Spirit Award after their division's finals.

**INDIVIDUAL AWARDS** - Teams will be each be asked to nominate a player from their own team who they feel displays the highest level of spirit. The definition of spirit is up to each team, but should include elements of sportsmanship, leadership, perseverance, fire, etc. Choose the person whose attitude you wish other people on your team would emulate and who other players off your team admire. Individual spirit winners will receive a medal and donated merchandise from Chasing Plastic Magazine.

**PETER FARRICKER SPIRIT OF THE GAME AWARD** - The spirit award in the open division is called the Farricker Spirit Award, named for Peter Farricker, a player who embodied Spirit of the Game to those who knew him and those who played with or against him. This award is given to a player in the open division of the UPA's Championship Series adjudged to have exhibited personal responsibility, integrity, and fairness combined with a high standard of playing ability. Each qualifying open team nominates one player from their own team as the person who best represents the Spirit of the Game. At the open championship, each nominee is honored with a disc, pin or set of Mardi Gras beads. Our hope is that the people wearing the Mardi Gras beads will be connected to Pete, each other and the Spirit of the Game, and become role models for their teammates and opponents. A selection committee watches the open semis and selects one of the four semifinal nominees as the winner. The award will be presented before the open finals. Last year's winner was Moses Rifkin of DoG.

# TEAM Open Division

## BAT

### Boston, MA

Big Ass Truck was formed in the later half of the 90's by consolidating players from all over Michigan. The Truck roster has varied over the years, but you can still see a few of the originals if you look hard enough. Even looking back to last year, Big Ass Truck looks a lot different. Almost half the team is new to their BAT jerseys. With this new blood, BAT has had a successful season so far. Highlights include tourney wins at Cooler Classic and Regionals, as well as going undefeated at Tune Up to take 9th (playing up from the B bracket). BAT is looking to keep the ball rolling with a good Nationals showing.

## BOSS HOGG

### Boston, MA

Our Team Bio/Limited space, much to say/So we write haikus...  
Is this cliché? Yes/Spring's clichés are autumn's vogue/And we are clever.  
Boss Hogg Ultimate/Born from Blackjack and Midvale/Summer's fiery dawn.  
Hard times the first year/From adversity we grew/Two straight Nationals.  
Many new faces/This spring, questions abounded/Youth rejuvenates.  
Scrappy and hungry/Hogg D--akin to the squirrel/As winter arrives.  
Our offense scores./Suddenly reliable/?We are scared also.  
Running stadiums./Our summer's sweat and blood/become fall's triumph.  
Our heart and fire/turn defeat to victory/as autumn turns leaves.  
Team fail or team short/?Thursday's battle will answer/Height always prevails.\*  
A chill breeze above/The turning of the season/?No, Funboy's forehead.  
Foodbag and Kelvin/moosasses and quicksilver/housemates and huckmates.  
Which Cohn is evil/?Alone, neither can exist/The yin and the yang.  
Captain McCarthy/Bubbles like a mountain stream/when he scores a goal.  
Fear us, opponents/The message comes from on high/Boss Hogg has arrived.  
As Lavar would say/I'm going to get you, Sapp/I'M GONNA GET YOU.\*

## CHAIN LIGHTNING

### Atlanta, GA

A wise coach once said that championships are won in the off-season. I wish he had been our coach. Since its storied quarterfinals berth at the 2002 show, Atlanta's Chain Lightning has rested on its proverbial laurels. Now, don't get me wrong. I'm not saying that we haven't been preparing. I'm just telling you that we like our laurels. In the words of our cockiest player, Timmy Halt, "Why should we work harder and practice longer when you've got me on the team. Get on my shoulders, boys." Even our captain, Crawford Shippey, is not immune to such rhetoric. When asked back in May what he thought we should do to get better this season, he calmly stated: "Relax fellas. Our region has an extra bid this year." Our first practice wasn't until mid-September.

But, seriously folks...we are young, fast, and fearsome. And when we're not being stupid, we're pretty smart. Chain is a name that Atlanta has carried into battle since the early eighties, and we aim to please the links that came before us. So, don't be surprised if you hear, off on a distant pitch in Sarasota on a clear, blue day, the rumble of something amazing...kaboom!

## CONDORS

### Santa Barbara, CA

The Condors first took the field locally in Santa Barbara in 1974. By 1976 they were playing games against opponents, and in 1977 they became the first National Champions in the sport. They repeated as #1 in 1978 and again in 1981. The longest running club team in the world, their dedication to the highest quality of play continues to this day. Nineteen time Nationals attendees, the 1998 and 1999 teams were 2nd in the nation (the 1999 team was 3rd in the world). In 2000, the Condors were National Champions, and they repeated as National Champions in 2001. The Condors became Club World Champions in 2002.

2003 has been a new year for the Condors. Losing six key players

from their 2002 team brought early season struggles. Tryouts ended in June, and the team began to get at Solstice in Oregon. After going 2-2 on Saturday, the Condors worst day in years, Sunday dawned as the true start to their season. The team rolled off victories against Furious in the quarters, Sockeye in the semis and JAM in the finals to win Solstice. They followed with solid finishes at ECC (3rd place), Labor Day (2nd place) and their 7th regional title in a row. Nationals is where they hope to show everyone that even though the Condors reloaded this year, the new bullets are just as accurate as the old.

## DEATH OR GLORY

### Boston, MA

Death or Glory (DoG) has been one of the top men's ultimate frisbee teams since its inception in 1994. DoG won six consecutive National Championships from 1994 to 1999 and has won World Championships in 1996, 1999 and 2000. DoG's unique blend of elder statesmen and young phenoms brings an innovative style and relentless energy to the field for every game.

## DOUBLEWIDE

### Austin, TX

Doublewide is a well nasty brotherhood hailing mostly from Austin, TX. We are a balanced team with neither superstars nor role players, 21 deep and tighter than the swatters sweat. Doublewide plays hard, plays fair, and plays with respect for our teammates and our opponents. Can someone please tell me what time it is?

The fall 2003 season netted Doublewide's best regional performance to date - 1st place. The fall performance also resulted in a record of 6 - 6 vs last year's national qualifiers. This season included wins against last year's #7, #8, #11, #12, #13 finishers and losses to the #2, #3, #5, #7 finishers from last year's nationals. Don't forget how tough it is to get around the Doublewide!

## ELECTRIC PIG

### Washington D.C.

"What is that you're talking about? A GOAT race? Well, I don't have a goat, so I guess I'm out. Worm, do you have a goat? No? Oh, it's not a goat. My bad...so what do we do, all go at the same time? We all go at the same time? No? We all go after one another. Like a relay race then - ok, so it's not all at the same time. I got it. Are you guys listening to this? - make sure you get it right. It's sorta complicated...So I need to get myself a cup of water. What do you mean we're not drinking water? Beer? I don't know if I'm going to be able to do that. I mean, that's a lot of beer, I really don't know about this...ok, fine. So I need a beer and a goat - wait no goat, right. So we each get a beer and - what's that? You want Billy to race too? hmmm.....Cops!!!"

## FURIOUS GEORGE

### Vancouver, BC

Furious formed in 1996 and crafted a plan to put Vancouver, BC on the map of Ultimate. Fueled by a Worlds win in 1998, the Monkey realized what it took to stay on top after a brief first appearance at UPA Championships. Ever since then, the Apes have grown more furious every year, storming the Sarasota fields in semifinals and finals. Finally in 2002, Furious was rewarded with their first UPA title. But the 2003 Monkeys are hungry again, and with hunger comes anger, making George more Furious than ever before.

## JAM

### San Francisco, CA

San Francisco Jam was formed in the spring of 1998 with players from in and around the greater San Francisco Bay Area. With only four players remaining from that original team and less than half from the team that made the finals in 2001, this 2003 squad is looking to make its own mark on the national scene.

# B I O S

2003 has been an up and down season; as Jam has lost to and beaten Furious George, Condors, Sockeye, and Johnny Bravo. Jam comes into the UPA Championships with a record of 51-5, planning to end the season with a win on Sunday.

## JOHNNY BRAVO Boulder, CO

The brawl had quickly spread across the room filled with prospectors, gamblers, and bandits drunk on whiskey and gold lust. A gaggle of women stood on the balcony in awe, wincing with every connected swing. The bartender cowered behind the bar, desperately searching for his shotgun as the clamor of the fight continued to grow.

The doors swung open and sunlight flooded the saloon. The men paused to evaluate the new arrival. A tall, broad shouldered man, with hat jauntily perched on his head and hand resting calmly on his peace-keeper stored by the doors. A stream of light from an open window glanced off the star on the man's left breast and one of the women whispered, "The new sheriff..." The Law tilted his hat up so the sun caught his steely blue eyes, and the women became aware of their open mouths.

Most of the miscreants had quickly and quietly slunk further into the shadows, desperate to avert the sheriff's intense gaze. One lone heathen remained; dark, unshaven, defiant, and slowly smiling to reveal several missing teeth. The Sheriff stopped within arms reach of the man and both held their gaze. The man lowered his eyes and spat on the Sheriff's badge. In a blaze of motion, the Sheriff's pistol flashed from its holster and connected with the bandit's temple with a sickening thud, dropping him instantly. Silence pervaded the room.

With a scowl to the shadows and a nod to the women, the Sheriff turned to leave. He paused by the entrance and his rich baritone voice resonated around the room, "Spread the word, there's a new Sheriff in town...and he goes by the name Johnny Bravo."

## PIKE New Jersey

Although New Jersey has served as an important setting in the history of Ultimate, its contribution to the national club scene was long hindered by the lack of a true urban center. After years of fielding hungry teams but failing to advance beyond Regionals, a core group of players from Havoc (NJ) combined with Black & Gold (Pittsburgh, PA) in 2000, seeking to forge an elite team. Despite falling short of Nationals, the team's performance yielded promising signs of things to come. Re-named Pike in 2001, the team retained a core group of Pittsburgh players but reverted to a largely NJ-based roster. Its 4th-place finish at Regionals was a new high-water mark for this generation of players. In 2002, Pike welcomed a group

of talented players from Philadelphia along with several Jersey boys returning to their roots. This team took another step forward by securing the third Mid-Atlantic bid to Nationals, bridging a 20-year gap with the NJ teams that competed for titles in the early 1980's. Entering as the 15th seed in its first Nationals appearance, Pike stormed its way to a 10th place finish. After an off-season marked by numerous retirements and relocations, Pike reloaded for 2003 by infusing the roster with considerable new talent from NJ and its metropolitan neighbors to the north (NYC) and south (Philly). After winning Hentopen and Choptank, the team took 2nd place in the Mid-Atlantic region this fall, and arrives in Sarasota hungrier than ever for victory.

## RING OF FIRE Raleigh, NC

Ring of Fire has had a storied history in high level Ultimate reaching back to its first year in 1989. Ring has qualified for Nationals 11 of the past 12 years. Tempered in the fires of North Carolina summer, this year's squad is once again made up of a core of returning veterans and standouts from area colleges. We attended Seattle's ECC, and won the final Chicago Tune-Up. As always, Ring will be bringing its own special style of defensive playmaking and aggressive offense to the tournament. Ring of Fire is proud to represent North Carolina and the Mid-Atlantic region, and is looking forward to this year's Championships. Look for us in our traditional "man in black" uniforms custom made by our new sponsor, VC Ultimate.

## SOCKEYE Seattle, WA

The Seattle Sockeye rose to greatness in the late 90's, using "old school" plays ripped from the playbook of NYNY, and a talented group of athletes for defense. Many of those players have moved on to greener pastures, and the playbook was lost several years ago, but Sockeye continues to this day.

After a brief rebuilding period that saw Sockeye miss nationals one year, the Fish have clawed (well, that's not actually an appropriate metaphor, is it) their way back into contention, highlighted by a 3rd place victory at Worlds in 2003, and their first semifinal appearance since 1997.

The new look fish are characterized by wide open offense, stingy defense, and garb that has a picture of a fish on it. Sockeye's main strength, however, is revealed in many critical, close victories this year: the will to win.

We are proud of our Team Noun's connection to the true spirit of the Northwest, and we look forward to representing our region in the fight for the National Championship.

# Women's Division

## ALIAS Triangle Area, NC

The team formerly known as Backhoe is having a revolutionary season. We have a new coach, new captains, new players, & some new dance moves. We thought maybe it was time for a new name...a harder task than we realized. We started with Flight, but it didn't get off the ground. We moved to Moxie but found out it wasn't an original. There were so many strong contenders for the team name that we couldn't choose (or, perhaps, agree on) just one. Names such as NC Hammer, Firebelly, Firehose, Mana, Flying Tricycles, Blue Flame, June Carter, Snap, Vibe, Tricky, Ringlettes, Southern Comfort, Dragon Fly, Lucky, Tribe, Superstars, Etland Ultimate, Ring of Fire A, Grits, Evil Twin, & Kitty Huck all represent our team in one way or another. Then came the epiphany...we don't have to choose just one - we can have all of these names in ALIAS...

## BAIT Twin Cities, MN

This is Bait's third and strongest year yet! Highlights include tournament

wins at Cooler Classic, Chog Tank and making the semifinals at Tune-Up. We are excited to see Twin Cities Ultimate finally approaching its full potential. Here fishy, fishy!

## BRUTE SQUAD Boston, MA

Those of you with a refined eye for culture will notice that our team name originated from the canon of romantic comedies. The Princess Bride, the largely underestimated chef d'oeuvre of Rob Reiner, was highly influential to us in the genesis of our team - just two years ago. ("Inconceivable!") When Andre the Giant bellowed in his endearingly incomprehensible voice "WE ARE THE BRUTESQUAD," we were moved-some of us to tears-and we knew that we too, were the BruteSquad.

Thus far we've had a great season. Under the guidance of our intrepid leader Greg, we had a good show at Easterns, Tune-Up, Sectionals and Regionals and would have been fierce at Clambake.

# TEAM

had they let us in the door.

We're a motley crew of Brown, MIT, and U Mass players with a few key outside acquisitions along the way. We're all about the unlaut, and we're really effin pumped to be here!

## CLUTCH Ann Arbor, MI

Broke adj. A style of Ultimate combining attitude with skill resulting in confident, balls-out Ultimate. Expect to see hammers, lay-out Cs, crazy grabs, and awe-inspiring throws, all while looking really good. This term originated at our home tourney Motown Throwdown and describes the essence of Clutch this year. The skill and leadership provided by our veterans, combined with the attitude and talent brought by the younger generation are what make us broke.

Girl on girl love, our motto coined by Captain Mary Thiel, was the driving force that pushed us through Regionals, earning us a spot to Nationals. While it can be taken in many contexts, what it comes down to is the love we have for each other as teammates and as individuals. It is this love that ultimately got us through the game to go, and that has left us hungry for more. Look for us on the field in the hot pink jerseys, and at the party in pink polka dots tearing up the dance floor.

We play hot. We play fair. We wear hot pink underwear. We are Clutch.

## FURY San Francisco, CA

Fury by the numbers:

10+ Southbay sisters, seeking sunlight, suffering stairs, screaming, "Shannon stop!"

9 tourneys tackled traveling towards TFA

8 a.m. Sunday mornings at Baylands, bleary-eyed, bouncy castles, bitchpop vs. beer, bogs and brooders

7 Furies fulminating, fest and famous, shameless too.

6 years of Fury growing, glowing, knowing, showing no signs of slowing

5 Santa Cruz superstars, silly, serious, suntanned

4 scheming strategists, seeing splendid sights: stacks solidifying, season summiting, sanity saved.

3 dedicated Davis divas, driving, driving, driving, digging dirt, doing daredevil dives, dominating

2 dozen players, Fury's core of 24

1 team, together.

## LADY GODIVA Boston, MA

Lady Godiva was formed in 1987 in Boston, MA, and is one of the longest running teams in women's Ultimate frisbee history. Over the years, Godiva has developed a disciplined style of play which has earned the Ladies a berth in the finals 13 times in the past 16 years and brought home 9 National Titles. This year, Godiva returns to UPA Nationals with its tried and true combination of precision offense and team defense, intensity and experience.

## OZONE Atlanta, GA

Ozone is the most successful and competitive women's team in the Southern region of the UPA. Seeded second in the World Flying Disc Federation and third in the Ultimate Players Association (UPA), Ozone formed in 1984 and has been the number one force in the region since 1990. In fact, Ozone has attended every WFDF Club World Championships since Toronto 1991, playing in the finals twice: once in 1995 against Women on the Verge and then in 2002 against Riot, both from Seattle, WA. Furthermore, Ozone has never finished lower than quarters, or the equivalent, at the UPA Club Championships since 1993. Ozone reached the semifinals of this tournament in 1993, 1995, 1998, 2001, and 2002, and played in the finals in 1994 against Felix and 1996 against Godiva from Boston, MA.

This year, Ozone is carrying a roster of 21 women from Georgia, Florida,

and Texas. We competed in the Boston Invitational, Emerald City Classic, and Tune-Up. Our goal at these tournaments was to give our new players as much exposure to high level competition as possible and to fine tune the team dynamic and play. Ozone has also added a coach this year, Michael Baccanini. Baccanini has been Paideia High School's coach for 10 years and led this team to one second place and two first place finishes at the UPA Junior National Championships.

After definitively winning both the East Coast section and Southern region, Ozone looks forward to making its 18<sup>th</sup> nationals appearance.

## POUNCE Pittsburgh, PA

POUNCE is an all-Pittsburgh team, which is making its second trip to Nationals in two years. Pounce evolved from the Lemmings, which grew out of Catsht, a mostly-Pittsburgh combo team which qualified for Nationals in 1998 and 1999. Before Catsht, Pittsburgh had a number of women's club teams (Discgrace, Liquid Joy), which had a lot of fun but didn't win many games. It wasn't until 1994 that we picked up a solid core of players, and in 1996 won our first tournament (Autumn Equinox in Ann Arbor). Since then we've won R.U.B. (2002), T.U.T. (2002 and 2003) and Sectionals (2002). At Nationals in 1998 we came in seeded 14th and left in 8th place. This year we have our strongest roster ever: wily vets, dominating defenders, young speedsters, and two of the juiciest dancing booties you'd ever want to see. Since four of our best players are (alas) moving to other cities next season, and this is our last chance to play together, we plan to play our hearts out in Sarasota, and make this a Nationals to remember.

## PRIME Vancouver, BC

Following a huge year in 2000 highlighted with the World's title in Germany, and semifinal showing at the UPA Championships, Prime is returning to Sarasota on a mission. Coming off tournament wins this season at Solstice and Canadian Nationals, earning the Canadian bid for Finland next year, and a finals appearance with a competitive field at ECC, Prime knows their 4<sup>th</sup> place NW region finish says nothing about their potential to raise the bar to cap off an amazing season. A fired up, cocky squad will show up with one mind and one goal - to prove the seedings wrong.

## RARE AIR Boulder, CO

There once was a team from Boulder,  
Southwest regional title holder.

The games, they won,  
Apple pie shots are fun,  
(At least that is what they told her.)

The seven new players this year,  
Have nothing left to fear,  
The vets broke them in,  
With car bombs and gin,  
And warm shotguns of beer.

What a beautiful gorgeous team,  
It could satisfy anyone's dream,  
Though the games got rough,  
Now go ahead, pass the whipped cream.

"Lay out lay, out lay out!"  
My teammates love to shout,  
Better catch that swell,  
Or on the sidelines you will,  
Be sitting, without a doubt.

We're nineteen strong on Rare,  
Two of whom have slept with Gair.  
We share more than men;

And an occasional yer,  
For silvery shorts to wear.

Oh how much do we love Rare?  
So much that we're willing to bare,  
Our soul, cheat and ass,  
With flair and sass,  
Step up to the line if you dare.

The last Tune Up Rare Air won,  
But we're nowhere close to done,  
We're looking to score,  
And win by more,  
Than in sudden death by one.

There may be a new sheriff in town,  
And with him we will get down,  
Muppet or not,  
We think he's hot,  
And we're all Sarasota bound.

All right, bring it on, let's go,  
Nothing can stop our flow,  
Money on d.,  
So come follow me,  
Get down, get crazy, GO HO!

# B I O S

## **RIOT Seattle, WA**

Bursting forth from the loins of the 2000 WTO crisis, seven former Verge players, one southern belle, two Philly vets, three Carleton grads, two Aussies, and five Seattle standouts came together to show the northwest region just how long a pre-game warm up can last. Based on a tradition of mob-like instincts and cat-like reflexes, Seattle Riot has competed for the last four years under the tutelage of the infamous hill people and become attuned to their mysterious doctrine, communicating only by smoke signal. We have had many successes (a world championship) and faced many challenges (four teams have since surpassed us for longest warm-up). Yet we know one thing we can always count on—our ability, no matter the weather conditions, to procure a vanilla soy latte on the way to most any field site.

## **SAFARI San Diego, CA**

For the third straight season, Safari returns to the plush polo fields of Sarasota to compete for the National title. We bring with us a plethora of weapons, separated by generation gaps but brought together to display our talents and our Safari colors. With wise veterans like Shar Stuhl, Jamie Peters, Lisa Daenzer, and Mary Ann Polityka sharing the field with frisky young guns like Alicia White, Tonya "Scooter" Lenaburg, and Kelly "Muff/Buff" Jarvis, the combination may prove lethal. According to legend, an Ungowa Princess will be named, but who will it be? Off the field, we will work hard to rise to the call of one of our mantras: "At the party we'll up the pace, our goal to win every BOAT RACE!" Florida may not know what's hit 'em. Out of the jungle a team did rise...

## **SCWHA Portland, OR**

They look like a nice enough team, with plenty of charming smiles and batty eyelashes, but if you'd happened to spot them on a certain evening, in a certain tropical island, at a certain world tournament, you might have been surprised (and, um, "stimulated") by what you saw. Competitive from the inside out, Schwa spares no opponent, no teammate, no body part from scrutiny and, of course, recommendations and strategies for improvement.

With team members named "Bob," "Slim," "Love Muffin" and a yoga master who demands the "downward dog" every practice...with various rituals involving some odd drinking device called the "shotski"...with team

mothers who could run a profitable dairy if they so choose, you might think Schwa's a roudy bunch always showing up at parties and hogging the keg. But unless it's a wedding ceremony the night before an early morning scrimmage, you'd be wrong. They're serious, so serious and focused that they occasionally forget to put the "w" in Schwa.

Beautiful, strong, intelligent, spicy Schwa. Bring out the ukulele, find Jack Johnson, whip up some eggs and get ready. This is the year.

## **STELLA Ottawa, ON**

Stella hails from Ottawa, ON, Canada, home of the longest skating rink in the world, not to mention the largest Ultimate league. National champions in 2002, Stella went on to become the top Canadian Women's Ultimate team at the World Club Championships in Hawaii. Placing second at Canadian nationals in 2003, Stella is looking forward to continuing her fantastic season at the UPA Club Championships in Sarasota.

## **STRIKE Atlanta, GA**

A rare landmark in women's Ultimate was achieved this fall. A team was conceived in July and qualified for nationals by October. In four months, Strike unearthed an inspiring chemistry of youth and maturity, speed and patience, daring and poise and remarkable spirit. Audaciously, they established a goal to qualify for nationals. Strike has benefited from the local women's winter league, the support of sister-team Ozone, and a strong goalkeeping league in Atlanta - all of which helped cultivate this feisty roster of 18. Strike began practice in August and set off for its first tournament in Savannah. Under the Spanish moss, they won their debut appearance and promptly shotgunned the trophy with gusto. At Tune-Up, Strike welcomed the first truly competitive trial. They suffered loss for the first time and took some hard knocks of losing a few, key one-point-games, but returned to Atlanta with new experiences and passion. Next on the agenda was Regionals, where they had a significant challenge to beat Texas competitors, Buttercup and Zanzara. The big weekend arrived and butterflies danced. Saturday proved to be joyful as Strike went undefeated in pool play and upset Buttercup, 10-7. On Sunday, Zanzara was the next battle and Strike avenged their loss at Tune-up by winning 13-9. Losing to Ozone in the finals, Strike faced Buttercup again in the "game to go" and prevailed with a 14-8 victory. With Strike reaching its goal, they're looking forward to the sunshine, scenery, and opportunity to play with the country's finest.

# Mixed Division

## **B+ Washington D.C.**

B+ started four years ago as a team of college freshmen (hence the name) from Winston-Salem, NC, playing the summer coed circuit. We were shockingly awful. Now we're almost all out of college (in any case, we're finally all of legal drinking age), we're split between DC and NC, and we're not as terrible anymore.

This season was revolutionary for B+ in that we actually tried to hold practices. The key word here is "tried," since we never actually got a practice together with more than 7 or 8 actual B+ players. Maybe that's a good thing: practicing would probably throw off our chemistry anyway. Yeah - if we lose any games here, it's clearly because of those damn practices we did have.

## **BAD LARRY Denver, CO**

Bad Larry is proud to make its fourth nationals appearance in the last six years and to again represent the Southwest Region. We have been around since 1996, and we still have three members on the team that attended the first mixed (coed) nationals in 1998.

While Bad Larry's core remained intact for 2003, we did lose several

players from our 2002 roster for a variety of reasons: school, work, retirement, open teams and pregnancy. But we relocated with 8 stellar additions that have helped make 2003 the most successful year in Bad Larry's history. Bad Larry won Spring Thaw in May, lost in the semis at Breckenridge in July, lost in the finals at GRUB in August, and then got on a hot streak, winning Jackson Hole in August, Tune Up in September, Rocky Mountain Sectionals in September and Southwest Regionals in October. We look forward to burlinating in Sarasota.

## **BLAH South Bend, IN**

Blah, from South Bend, IN, is pleased to make its second trip to Nationals in as many years sporting the largest roster in UPA history (43 members). Blah is incessantly asked, "How do you deal with such a large roster?" The answer is quite simple. Following Captain Brad Weirich's algorithm for team success, we have the following:

- Those with long hair play every odd point, except when the combined score adds up to 7, 11 or 21.
- Those with Camaro Mulets play when anyone under the age of 36 is tired.
- Nick "the Jesus" Fellicelli plays each time sideline water turns to wine; QB plays anytime the water is turned to beer; Dave "Hoffass" Hoffman plays whenever the water is turned to beer and then to Milwaukee's

# TEAM

Best.

- Blah members with six consonants in their last name play exclusively in the second half
  - Members who really like fruit punch drink boxes play in the first.
  - Offensive and defensive squads are chosen based on posture.
  - Male and female team members with a Household Income (HHI) greater than 50K can play the first three points.
  - Male and female members with a HHI less than 50K may play points 4 through 7 pending private investments (bonds, mutual funds, etc.)
  - Five team members cannot play because their favorite color is blue.
- \*May play the 8th point if there is a significant drop in short-term interest rates issued by the Federal Reserve.

YADA, YADA, YADA!  
BLAH, BLAH, BLAH!

## BLUE RIDGE ULTIMATE Charlottesville, VA

BRU returns to the UPA Club Championships for the third consecutive year after another offseason of player movement. Rich Franck migrated to Atlanta and no longer pulls the strings; but a youth movement has reinvigorated the team. Now based entirely in Charlottesville, BRU looks to continue its winning tradition.

## CHINSTRAP Eastern New England

Born in 1998 in the rolling green mountains of Vermont, Chinstrap has long been a serious player at Northeast coed tournaments, powered by a revolving-door roster, grounded in the belief that "we have never seen a ringer that we did not like." The original Knights of the Round Poach ("KOTRP") believed that Safety is critical and our #1 responsibility is to make sure that our own strap is buckled up nice and tight to avoid recklessness at all costs, both on and off the field. The KOTRP enacted the Chinstrap Penal Code and empowered the Chinstrap Safety Officer to issue swift and severe punishment for any and all safety violations, such as, lateness, forgetfulness, and poor spirit.

This year's edition has decided to take Chinstrap to a new level, with snap fasteners from CT, RI, MA, NH, Maine, and NJ. Bringing in the young, the far away, the impoverished, and even an old DoG, has made our game strong, and less reckless than ever before. We will finally be at full strength in Sarasota, so we advise our competition to not leave their own chinstrap flying in the wind.

Off the field, we are friendly folk, so don't be shy to stop by Chinstrap Central for a cool mist. And say hello to our hostess with the mostess, the lovely Sydney. But pay attention to what she tells you, or be prepared to suffer the consequences.

Lastly, did you know that Chinstrap is a type of penguin? Well, neither did we, until this year. According to the Internet (so it must be true, right?), these creatures actually exist and now reside on the front of our jerseys. It is refreshing to know both man and penguin can live by the motto "click it, or ticket." See you on the fields.

## DONNER PARTY Lake Tahoe, CA

Donner Party, Donner Party...how to explain undying hunger in 250 words or less? The story of this team is true grit, hard work and a fierce love for each other as teammates. We entered the tempest of our first Nationals in 2001 and were given a lesson by Hurricane Michelle. We learned our lesson well! In 2002, school was in. After capturing the World Championships in Hawaii, we returned to Sarasota and played a game-for-the-ages against the crafty Texans on Hang Time to take the National title. We've adopted a few new out-of-towners from around the West, but the heart and soul of this team is pure Lake Tahoe: a belief in the endless pursuit of fun combined with a burning desire for victory. It is an eclectic group, with strong egos, strange characters and a penchant for throwing blades at inopportune moments. But the timeless love for each other overcomes all. Male or female, rich or poor, new or old, Donner would just

as soon eat our young as lose an ultimate game. Be forewarned.  
Let's Eat!

## DRIVE THRU LIQUOR Fort Collins, CO

Drive Thru Liquor was started 3 years ago by Holly Wright, Gus Goodbody, and Dave Banks. We have had several changes over the years due to players moving away and moving to the Fort Collins area. 2003 is our 2nd year qualifying for Nationals and we couldn't be happier to attend. Our roster is largely from Fort Collins, but our players also come from Laramie, and Wellington. With the addition of Jennifer Lee as our conditioning coach (World Class Duathlete), and Brian and Melissa Rupert (Nebraska Cornfed), we have been able to take our game to the next level. We hope to improve on our 15th place finish from last year and move up the ranks of Mixed teams. We are sponsored by New Belgium Brewing Company, The Mountain Shop, and The Wright Life.

## FoF Washington D.C.

We have no history and we do not know what our name means.

## HALIBUT Portland, ME

We'll quell all rumors here - Halibut is not Smelts. Smelts was a rickety old day care center. Halibut is a team blessed with the virtues of youth, athleticism and beauty. But it is also a team built on a commitment to something greater than any individual player. So we would like to offer a heart felt, tender moment of thanks to the team, because we wouldn't be here if each person didn't play a very specific, essential role. We'd like to thank Jeff for his secret cooler full of Gatorade. We'd like to thank Jackie for her beer-warming prowess. Schmucker for his insistence on Manshots and Stacy for entertaining him. Grabowy for demanding only shots that hurt. Emily for her irresistible gunning speed. Kallin for blurring out personal pieces of information. Ratner for his absence. Mike Lee for his one beer burn. Victoria for her butt slaps. Sarah Russell for taking pleasure in killing lobsters. Chris Clark for being friends with a lobster killer. Samantha for swimming in the deep end and Mark for throwing her a lifejacket. Rachel for her Jagmeister and Jack Daniels tunnel vision. Lisa for her 8 am presence in the shortest game in history, to T. Tiffany for letting us know what good pillow talk sounds like. Tom for the brilliance of the Thank-You circle. Shankar for doing damage on Saturday night. Joel for doing Sunday morning damage control on Judy. But no thanks for Judy, just love.

# B I O S

scene "Holes and Poles" began to compete across the country.

Among us, we represent a variety of Ultimate experiences. Some of us began playing 20 years ago, when Ultimate was very young, while others are relatively new to the sport. Our team is made up of a large extended family of children, spouses and friends. We are truly a family team!

Our 2003 season has seen a greater emphasis on team practices and fewer tournaments. These practices have been events as we have had to travel to a central location just to get together, our team is scattered throughout the states that make up the Gulf Coast Section plus a few others! We won our section in early September and we finished 2<sup>nd</sup> in the most competitive Regionals the southern mixed teams have had to date.

## KAZE Chicago, IL

Kaze (Kah-Zay) was born in the summer of 2002 as a Chicago-based descendant of the off-season ensemble Tea and Strumpets. Our first season was hindered by our late creation and after winning Sectionals we stalled at Regionals to place 5<sup>th</sup>. Disappointed but buttressed by memories of good times at Dairy Queen, we resolved to return for another go round.

This year we came out early, found great fields and recruited a lot of new talent with the intention of becoming a squad worthy of a Nationals spot. Things were sketchy until around August when our greatly revised offense and tough defense started to make us look like a team; we still lost that second day at Cooler but we invented our team drink, the Mantonio (Root Beer+Vanilla Sloli), so the weekend was a success. Thereafter we sent a small squad of 10 players to Labor Day in Santa Cruz and had a heck of a time with some great West Coast teams, going 2-5 on the weekend but getting a damn good reality check of what we could expect to see outside of our region.

Since coming home we made semis at Tune-Up, won Sectionals, watched a lot of baseball and finished second at Regionals. Having our emotions toyed with once again by the Cubs has left us surly and prone to wild mood swings. We're looking forward to the welcome forgetfulness of warm sun, friendly plastic and sweet sweet vodka in Sarasota.

## PERSUADER Salt Lake City, UT

From The Trails of the Wasatch comes a team with the heart of a lion and the soul of a cockatiel.

Persuader is a team that has been forged in the fires of a long standing Big Sky Section tradition. A tradition that wears like a jog bra and is as tight as a pair of compression shorts. It's an ideology, a theology and cosmogony all rolled into one. In simple words, it's a creature all its own that's crawled forth from a high mountain primordial spring to prey on the mind of some hapless offense.

## EMPIRE New York, NY

Empire is simply the latest installment of New York Masters, who have been attending Nationals since the mid 90s as Squash, Yesss! (combo NY/Boston - only in Ultimate, never in baseball), Cigar, Pro-State and Slow Children. While many of the old guard have simply grown older, they continue to come out and teach the "kids" how to smoke 'em, both on and off the field. There are several new faces this year and for most of them, it will be their first Nationals experience. We're carrying a big squad in '03, but there are still many more who wanted to join us and couldn't, like Sas Peters, Skip Kuhn, Matt Jefferson, Paul Ferrari, Wu Jinn Ho, Mike Winsler, and Blake Baxter, to name a few.

We're particularly proud to see the level of competition in Masters continue to rise, as we had a very competitive Regionals against formidable foes Red Tide and Ottawa, and the wire tells us this will be an extremely well-

Where mountain bike rides through blindingly redD canyons lead a Delirious mind into the Dreamscape of fantasy D's. Where watery beers and 19<sup>th</sup> century politics Dizzy the mind into a Deluge likeD only to more Big sky D. No matter our Duty or our Destination, the fuel is the same high octane all thriller, no filler D.

In a perfect world the O scores quick so we can play more D.

## PHOBEROMYS PATTERSONI Northfield, MN

The largest rodent to ever walk the earth, Phoberomys Pattersoni measured 9 feet long and weighed over 1500 pounds. Part hippo, part beaver, Phoberomys dwarfs its modern day counterpart Capybara, a South American rat weighing in at a mere 110 pounds. Reached for comment, a German professor describes the enormous rodent: "Imagine a weird guinea pig, but huge, with a long tail for balancing on its hind legs and continuously growing teeth." Phoberomys had to deal with the likes of huge flesh-eating birds called Phororhacids and Purussaurus brasiliensis, a 40-foot long Amazon crocodile. Think we're afraid? Fear the rat.

## RED FISH BLUE FISH San Francisco, CA

Earlier in the year, Red Fish Blue Fish merged with Rippt; another longtime coed team. While we kept our team name, we did make a subtle change to our logo. Check it out when you get the chance.

As the season progressed, it was clear that everyone worked well together. We made the finals of Cal States, won Revolution, won Hot Valley of Love and made the semi-finals of Labor Day. Despite a poor showing at Sectionals and an early loss at Regionals, we turned it around just in time to earn our fifth trip to Nationals, in a regionals tournament filled with close games and shocking upsets.

## RIVAL Atlanta, GA

During this, Rival's first year, we covered many miles and played a lot of great teams. This season we went to Asheville, NC (Hodown, Throwdown, Showdown), Park City, Utah (Ski Town Classic), Chattanooga, TN (Shawn Adams), and Naperville, IL (Tune-Up). Along the way we have played some awesome ultimate. The highlights from our season before making Nationals were a double game point win over Holes and Poles in the finals at Shawn Adams, and making it to the semis at Tune-Up. Through our travels we have played 7 of the 15 teams that qualified for Nationals. So we felt prepared to take the third bid from the South Region by defeating fellow Atlanta team, Wasabi. We are proud and excited to be one of the 5 teams representing Atlanta at Nationals this year.

contested Nationals as well!

Like birds on our annual migration south, we look forward to sunny Sarasota. We also look forward to some spirited play, and now that KWA are back in the fold, we're really looking forward to the shot-gun!

## FAT BOYS St. Louis, MO

No stranger to Nationals competition, the St. Louis Fat Boys have a core that is former Tunas who appeared at Nationals for practically every year in the 1980's. The Tunas won UPA Nationals in Santa Barbara in 1984. For the most part, players are over 40 years old and for the past several years refused to admit the time had come to play Masters.

Rounding out the team is a solid group of players who hail from Springfield, Missouri. A killer defense has carried the Springfield team to numerous tournament championships and strong regional showings with the unstoppable offense that St. Louis used to win a national championship.

# BIO S

Needless to say these proclivities are not mutually exclusive as both contingents have strong Q and D in their athletic bags.

About April, we agreed to compete in 3 tournaments in 2003—Tune-up, Regionals and Nationals—that's it. At Tune-up in Chicago, we entered the B-Division. With High scores and close games in pool play, we were bumped up to A-Division. In those late afternoon games, we were spanked soundly and sent to the hot tubs.

We have not lost since. Sunday morning, we awoke and had 7 on the line at 9:00am to methodically whoop an Open team from the A-Division. We then moved 12 fields down and played Kansas City's best team—an easy victory. We went undefeated at Regionals.

Fat Boys, Fat Boys, What ya gonna do, what ya gonna do when the come for you? Look Out!

## GLUM Ottawa, ON

Green Light Ultimate Masters is a newly formed Masters team consisting of competitive players from Ottawa and Toronto. We are a nice mix of seasoned veterans and relative newcomers to the touring circuit. Our first tournament together was UPA Regionals and we are looking forward to developing our team in Sarasota. In our spare time we enjoy mud wrestling, snowboarding, drinking scotch and eating donuts (in no particular order).

## HOSS Wilmington, NC

A group of Masters age players from Wilmington, NC and Central VA first came together in the Fall of 2001 and called themselves HOSS. Despite the fact that many of us met each other for the first time on the line at regionals, our belligerent bunch earned a trip to the National Championships. Only thirteen players made the trip and finished 12th overall. In 2002 HOSS became a bit stronger and finished 2nd in the region and 9th in the nation. In 2003, enthusiasm and expectations are at an all time high! Our grueling training regimen includes smoking no more than one pack a day and actively reminiscing about how good we were when we were young. As time passes-HOSSStilly grows.

## KAVU Ketchum, ID

KAVU, inspired by Bill "TACO" Sherrard, was formed in the summer of 2002 and returns to Sarasota after a 3rd place finish last year. KAVU is a group of friends with nothing better to do.

## KEG WORKERS OF AMERICA Seattle, WA

I'm a Keg Worker, tried and true,  
I drink from the keg 'till my face turns blue,  
There's no place I'd rather be,  
K.W.A. Local 3-3-3!

I'm a Keg Worker count on me,  
I drink from the keg 'till a quarter-to-three,  
I take a break then 'cause I have to pee,  
Then it's back to the keg with me!

I get up in the mornin' and punch the clock,  
Work all day and get the diving block;  
The Keg Workers come from a hardy stock,  
If it's Good Keg Beer I'd drink it from a sock!

It's run and dive and huck all day,  
Then tap the keg and work the night away;  
The Keg Workers always come to play,  
"Just One Harmless Beer!" is what we always say.

Oh I'm a Keg Worker, tried and true,  
I drink from the keg 'till my face turns blue;  
There's no place I'd rather be,  
K.W.A. Local 3-3-3!

## OLD & IN THE WAY Boulder, CO

"Old" was started by Gary Foreman in 1988 as a means for local Boulder/Denver players who were desirous to compete in the prestigious Boulder 4th of July tournament but unwilling to sacrifice the time necessary to compete at the open level. Compete they did, often winning the B division at a tournament that was once one of the top tournaments in the nation. In 1998, more recent Open division retirees—Buzz Ellsworth, Mike Morrissey, Randy Ricks, Brian Oliver, Chris Payne and others—signed on and the gradual replacement of the original Old lineup was underway. In 1999 the floodgates opened when Bobby Pease agreed to co-captain and was joined by Rob Bieberg, Jim Gynn, Karl Heurman, Geir Kvaran, and others who decided it was time to give Masters a try. That fall Old won UPA Gold in San Diego then went on to win WDFD Gold at Worlds in Germany in 2000. Since that time other local Colorado legends and unknowns have risen to join "Old's" roster and these stalwarts have kept "Old" in the National arena, finishing in the semis or finals every year at "the show" since 1999. We hope and expect this year will be no different!

We share our name with an old bluegrass band and we'd like to think our legacy has been, and will be, to maintain a Colorado-style Grassroots dedication to USA Masters Ultimate. Best of luck to all at the 2003 UPA Club Ultimate Championships!

## OLD SAG Philadelphia, PA

Our team name, OLD SAG, is an acronym for 'One Last Ditch Shot At Glory' and that aptly describes our reason for existence. In Y2K, a menu of Philly legends, Sauce, Pickle, Nacho and others realized that they had, not so quietly, aged into the Masters division and that it may be their last shot. So a couple of Jim's (no relation to Jim's Steaks) organized the foundation for the team. The goal was to qualify for Nationals and enjoy the ride.

The next year we finished 9th again and our captain, Steve Wherry, vowed to return with a team that would compete for a top spot. His tireless recruiting among old (former?) Rage teammates and other aging PADA summer league stars paid off in 2002. The team jelled and captured the 2002 National Championship. With another year under our belts, the sad reality is "you can't stop the sag."

## REFUGEES Miami, FL

2003 marks the 20th anniversary of the Miami Refugees. Their storied history includes a semi-final finish at Worlds ('97), twelve nationals bids finishing as high as fifth, and countless bombers and bottles of Heineken in the Moore Park parking lot after practice.

The Refugees have maintained their unique style of play throughout. Although it is now fashionable for teams to run "plays" and throw to blazing longs making comeback cuts, the refugees still use the Turtle-O. While other teams give "disc space" the Refugees have "good hard marks." West coast teams may go out for a smoothie after practice and enjoy the ocean view. In Miami, it is Heinekens in the parking lot and a view of the 195 overpass and bums sleeping on the field. And it a few of those Heiney's happen, to miss the garbage can and sail over the fence (ideally with a satisfying noise of glass breaking on a pile of bottles), well that's just more needed employment for the Miami's Parks and Rec Dept. Yes, the Refugees provide public service as well.

The Refugees are not a young team. Many players still play by the "third edition" and recall a time before new-fangled "plastic" when cleats were made of dinosaur teeth. This year the Refugees are playing Masters. The young teams in the Southeast will claim the Refugees finally realized their age. But the Refugees have been on top for so long, it was time to move on to new challenges and give the kids a chance. The 'Gees won the Southeast Regional and have their eye on the Championship. We would also like to honor our friend and fellow Refugee AJ Bown, who passed away this year. This one's for you AJ.
