WELCOME

Dear Athletes, Coaches, Family and Fans,

Diego Ultimate Disc Experience (DUDE) is excited to welcome you to San Diego the 2022 USA Ultimate National Championships. We are honored to host this exciting event for our third go-round.

In addition to enjoying the world-class competition, we hope you'll take the opportunity to enjoy a few of the many activities and sites San Diego has to offer. We boast many beaches, such as La Jolla Shores, Coronado, Mission Bay, Ocean Beach and Del Mar. If you have a day or two to spend in the city, we recommend the Museums and Gardens in Balboa Park, as well as the world-famous San Diego Zoo. Old Town San Diego, Petco Park, the Rady Shell, and the historic Gaslamp Quarter are all in close proximity to downtown. If you're looking for family friendly activities further north, check out Legoland or the San Diego Zoo Safari Park. San Diego restaurants make full use of the city's great weather and you'll find a variety of outdoor dining options all around the county. No matter how you choose to spend your time outside the tournament, we're confident that San Diego will give you plenty of fun options!

DUDE is delighted to welcome you to 'America's Finest City'. We hope you all enjoy the tournament and have a wonderful time here in San Diego!

ULTIMATE IN 10 SIMPLE RULES

- 1. THE FIELD:** A rectangular shape with end zones at each end. A regulation field is 70 yards by 40 yards, with end zones 20 yards deep.
- 2. INITIATE PLAY:** Each point begins with both teams lining up on the front of their respective end zone line. The defense throws ("pulls") the disc to the offense. A regulation game has seven players per team.
- 3. SCORING:** Each time the offense completes a pass in the defense's end zone, the offense scores a point. Play is initiated after each score.
- 4. MOVEMENT OF THE DISC:** The disc may be advanced in any direction by completing a pass to a teammate. Players may not run with the disc. The person with the disc ("thrower") has ten seconds to throw the disc. The defender guarding the thrower ("marker") counts out the stall count.
- 5. CHANGE OF POSSESSION:** When a pass is not completed (e.g. out of bounds, drop, block, interception), the defense immediately takes possession of the disc and becomes the offense.
- 6. SUBSTITUTIONS:** Players not in the game may replace players in the game after a score and during an injury timeout.
- 7. NON-CONTACT:** No physical contact is allowed between players. Picks and screens are also prohibited. A foul occurs when contact is made.
- 8. FOULS:** When a player initiates contact on another player, a foul occurs. When a foul disrupts possession, the play resumes as if the possession was retained. If the player committing the foul disagrees with the foul call, the play is redone.
- 9. SELF-OFFICIATING:** Players are responsible for their own foul and line calls. Players resolve their own disputes.
- 10. SPIRIT OF THE GAME:** Ultimate stresses sportsmanship and fair play. Competitive play is encouraged, but never at the expense of respect between players, adherence to the rules and the basic joy of play.

GLOSSARY OF ULTIMATE TERMS

BREAKMARK – a throw made to other side of the field from what is being forced by the marker

BRICK MARK – the spot where play may be initiated when a pull lands out of bounds, typically 15 or 20 yards from the front of the offense's end zone and in the center of the field (yardage varies based on individual tournament rules); players have the option of making this call or taking the disc on the sideline closest to where it lands

CALLAHAN – a defensive score, occurs when a defender catches the disc in the end zone he or she is attacking

CUP – the wall of defenders that surround the thrower in a zone defense; the wall typically consists of 3 players, but variations with 2 or 4 defenders are also common

FLICK – forehand, thrown outside, away from the handler's body

FORCE – side of the field to which throws should be contained; the marker will attempt to take away throws to one part of the field and is said to be “forcing” throws to go up in a certain direction

GREATEST – a jump, throw, catch combination that occurs when the disc is out-of-bounds, but a player jumps from in-bounds, catches the disc and successfully throws it back in-bounds to a teammate

HAMMER – an overhead throw that starts above the shoulders where the disc turns over in the air and lands upside-down

HUCK – a long throw

POACH – a defensive decision to leave a designated one-on-one matchup, usually temporarily, to clog a cutting lane or help defend a player other than the original

PULL – the “kick-off” of each point in which the defensive team throws the disc from their own end zone down the field toward the offensive team

STALL – the 10-second count for which a player is allowed to maintain possession of the disc; the opposing, defensive player must count the 10-seconds aloud; a “stall” occurs if the disc is held for more than the 10-second count

STRIP – occurs when a disc is knocked out of a player's hands after they have stopped rotation and achieved possession

HEALTH AND SAFETY

COVID-19

See <https://usultimate.org/covid-19/> or current policies and more detailed information.

USA Ultimate requires that sanctioned events and activities follow all COVID-19 related federal, state, local, and facility health and safety standards.

USA Ultimate recognizes that individuals have the resources and tools to mitigate their own risks, and state and local authorities have the information and perspective to impose additional community-wide or activity-specific requirements as needed. USA Ultimate encourages the use of vaccinations, boosters, and testing to limit risks to individuals and groups.

Athletes, organizers, coaches, staff and spectators are expected to NOT participate if they test positive or are symptomatic. Participants who have been in close contact with someone that has tested positive for COVID-19 in the prior five days are expected to NOT attend unless they meet certain criteria outlined in the USA Ultimate policy. Any event attendee who tests positive for COVID-19 prior to the event may not attend unless they meet certain criteria outlined in the USA Ultimate policy. Any event attendee, including players, coaches, observers, volunteers, vendors and media partners, who tests positive during an event must report those results to the event organizer and follow CDC and local health department requirements for contact tracing and isolation.

Individuals and/or teams that do not comply with these or other event rules are subject to removal from the event and additional disciplinary action.

MEDICAL STAFF

Medical staff, including athletic trainers, will have two locations at the field site to treat injuries, handle emergencies and provide some preventative care. The event will provide standard athletic tape, pre-wrap, ice and some bandages. Other supplies, including special tape or bandages and anti-inflammatory drugs, must be provided by teams or may be charged by the training staff.

If there is an injury on a field that needs medical attention, inform a field marshal, and they will radio to the trainers.

If you have medical issues that require attention in the morning before play, please show up early to avoid long lines. The trainers will be at the fields two hours prior to game time each day.

CONCUSSIONS

EDUCATION

- USA Ultimate recommends the CDC "Heads Up Safety" program, a free one-hour online training.
- USA Ultimate's participant waiver includes important information from the CDC regarding concussion safety.
- Signs and symptoms - <https://www.cdc.gov/traumaticbraininjury/concussion/symptoms.html>

COACHING REQUIREMENTS

- Credentialed coaches at USA Ultimate events are required to have completed a concussion awareness and safety recognition program (like the CDC program above).

REMOVAL & RETURN TO PLAY

- All guidelines identified by the CDC must be strictly followed in the event of a suspected concussion.
 1. Remove the athlete from play.
 2. Ensure the athlete is evaluated by a healthcare professional trained in concussion diagnosis and management. Do not try to judge the seriousness of the injury yourself.
 3. If the athlete is a minor, inform the athlete's parents or guardians about the known or possible concussion and give them the fact sheet on concussions.
 4. Allow the athlete to return to play only with permission from an appropriate health care professional.

DOCTOR'S NOTE REQUIREMENT

- If, during a USA Ultimate event, an athlete receives care at a hospital, medical clinic or doctor's office, or is referred to a hospital or doctor by event medical staff, the athlete is barred from further competition in that event until he or she provides a doctor's note, on letterhead or prescription pad, to event medical staff stating that the athlete is authorized to return to competition.

ATHLETE PROTECTION

- USA Ultimate takes the protection of event participants seriously. In accordance with SafeSport and the USA Ultimate Conduct Policy, all USA Ultimate employees, volunteers, athletes, members, coaches and chaperones are prohibited from engaging in the following conduct with athletes at any time (a more thorough description is available at www.usaultimate.org/protection)
 - Bullying
 - Hazing
 - Harassment, including Sexual Harassment
 - Emotional Misconduct
 - Physical Misconduct
 - Sexual Misconduct, including Child Sexual Abuse
- With the passage of the recent federal legislation to protect amateur and minor athletes, all SafeSport trained individuals (including coaches, team support, USA Ultimate staff) are now mandatory reporters. If you become aware of a credible case of sexual misconduct involving a minor, you are required by law to report it to local law enforcement.
- If you have questions or would like to file a complaint with USA Ultimate, please contact Sam Callan at sam@hq.usaultimate.org.

HEAT, NUTRITION AND HYDRATION

- Heat-related illnesses occur when the body's ability to cool itself by evaporation is limited. Sweating depletes the body's salt and moisture, which leads to dehydration. If a player recognizes any signs or symptoms of a heat-related illness, he or she should treat the problem immediately.
- Signs and symptoms of a heat illness can include changes in level of consciousness, abdominal cramps, nausea/vomiting, fatigue/tingling, chills, inability to spit, dry mucous membranes, decreased output and change in color of urine.

PREVENTION AND TREATMENT OF HEAT ILLNESS

- Avoid alcohol, caffeine and carbonated beverages.
- Medications such as antihistamines, decongestants, certain asthma medications and diuretics can increase the risk for heat illness. Avoid them if possible.
- Avoid certain nutritional supplements (such as caffeine and ephedrine) that can dehydrate the body and/or increase metabolism and heat production.
- Know your body – be honest! Are you fit enough to perform under current conditions?
- Eat and drink (water AND sports drinks) optimally before, during and after play. Potassium is important; good sources include sports drinks, yogurt, grapefruit juice, bananas and oranges. Sodium is also important; good sources include sports drinks, vegetable juices, pretzels, nuts, cheese and crackers. After play, carbohydrates are important: foods such as potatoes, honey, cereal, white bread, corn chips, sports drinks, jelly beans, rice cakes, bagels, crackers and gummy candies.
- Don't drink too much. Over-hydrating can be dangerous if it leads to a fluid and electrolyte imbalance.
- Monitor your urine. Clear/copious = hydrated. Dark = Need water/electrolytes.
- Be sensitive to any prior illness. If you've been sick, your body may be more susceptible to dehydration.
- Rest and cool down after play. Find shade, wet the skin or get in front of a fan or breeze.

SIDELINE SAFETY

- Spectators and equipment must stay at least five yards away from the sidelines. Where there are buffer lines, respect them. Chairs, coolers, strollers, people and other objects must be at least three yards from the sidelines.
- If a player believes that an object on the sideline is not safe, he or she should inform event staff and refrain from playing until he or she is satisfied that safe conditions have been established.
- USA Ultimate and event staff reserve the right to move or remove objects or spectators from on or near the playing field if those conditions are, in the opinion of USA Ultimate or event staff, unsafe for players, staff or spectators.

LIGHTNING GUIDELINES

- Event staff will communicate with players and spectators via a PA system and through field marshals equipped with radios if there is a lightning danger. Play will then be stopped, and everyone should seek shelter.
- Safe shelter for players and spectators at the field site includes any fully enclosed building or vehicle with a hardtop and closed windows.
- Event staff will be monitoring radar and listening for thunder. If lightning is occurring within 10 miles or thunder is audible, play will be suspended and all individuals should get in a safe shelter location.
- If you can't get to a safe shelter, try to avoid being the tallest object in an open field or on open water. Avoid other tall objects, metal objects and water. Assume a crouched position with only the balls of your feet touching the ground, your arms wrapped around your knees, and your head lowered. Minimize contact with the ground. Do not lie flat.
- Avoid using telephone land lines. Cell phones are safe, provided the person has followed other safety guidelines.
- Event staff will indicate to players when play is going to resume via the PocketTeam app.. Team captains should follow instructions provided through PocketTeam for resuming play and any schedule modifications.

NOISEMAKER GUIDELINES

The following guidelines for noisemakers will be applied at USA Ultimate events. They are designed to strike a balance between limiting artificial noise that adversely impacts the competition or the on-site experience of participants while allowing for noise that helps create an enthusiastic, fun and supportive environment. Players, teams and spectators are expected to abide by these guidelines while on site at the event.

- Powered noisemakers are not allowed at the event site. This includes, but is not limited to, air horns, sirens and electronic bullhorns.
- Novelty noisemakers are NOT permitted, except under the following conditions:
 - Must remain outside of the equipment lines.
 - May only be used between a goal being scored and the offense signaling readiness for the next point.
 - May not be used during timeouts taken during active play.
 - Novelty noisemakers include, but are not limited to, whistles, vuvuzelas, squeeze horns and musical instruments.
- Music-playing devices with external speakers are permitted under the following conditions:
 - Must remain outside of equipment lines, except during warm-ups and half-time.
 - Must remain at a reasonable volume considering other event participants and attendees.
 - May not be used to play music with offensive lyrics or themes.
- No noisemaker of any kind is permitted that may present a safety hazard.
- Any noisemaker permitted above may be disallowed if the volume or content of the noise is deemed to be offensive or disruptive to the enjoyment of the event, or the noisemaker is used in an un-spirited manner such as to taunt, intimidate or give a team an undue competitive advantage, as determined by event staff.

Event staff and observers will inform teams and individuals of these guidelines as needed. Repercussions for violation of these guidelines may include confiscation of the noisemaker, removal of the individual from the event site and/or in-game sanctions associated with the Misconduct System.

SPIRIT CIRCLES

Spirit circles are an idea borrowed from international competitions throughout the ultimate world. For years, American teams have traveled to world championship events where they have not only done exceptionally well in each competition, but also have shown the international community the importance we place on respect for the game and for opponents. But, American players have also learned a lot from competing against teams from other countries, and invariably one of the most positive parts of the international experience has been the tradition of the post-game spirit circle. While there are a number of ways to do this, here are some quick tips to get your team started:

- Following each game, rather than lining up to slap hands, the two teams gather into a circle, alternating players on each team, facing inward, with arms around the shoulders of the person next to you.
- One or two people (often team captains or spirit captains) on each team will talk briefly about the game. Usually the losing team goes first, then the winning team.
- Things to talk about can include how the game went, how your own team played, what the other team did well, who on the other team played well and anything else that might be worth communicating, even if it's something you think could be done better (and don't forget to look in the mirror on this).
- After each team has had a chance to talk, the winning team takes a step into the circle and walks around counter-clockwise to slap hands with the players on the other team.

That's it! It's pretty simple and definitely an experience that brings teams together and puts the game and the experience in perspective. It's all about respect for each other and the experience of bringing out the best in each other through competition. It's also about building relationships and seeing opponents for who they really are: part of the same community that loves ultimate. Please note that this is not required and is not meant to replace other post-game traditions you may have (e.g., cheers, games, photos, gifts or trading gear). Good luck, and please let USA Ultimate staff and other event organizers know how it goes.

Please engage in spirit circles and other post-game activities after you have filled out the spirit score sheets.
