If you make one accurate throw all weekend, make sure it's your garbage going into a trash can!

Welcome

Welcome to the Blaine, Minnesota, for the inaugural 2005 UPA Youth Club Championships! We are incredibly excited to be hosting the YCCs and hope that our enthusiasm and passion for Youth Ultimate make you feel welcome during your stay.

The National Sports Complex, as you'll see, is an amazing facility and we are fortunate to be playing here. The fields are among the finest in the country, and Blaine has always been a great site for Ultimate, playing host to the 1998 World Ultimate Championships, UPA Co-ed National Championships in 2000, and a variety of regional tournaments.

On Saturday evening there will be an opportunity for fun and games on the NSC campus. We also hope to have an exhibition game of Ultimate between the coaches and the captains.

A special thanks to our incredible volunteers and Aaron Koski at the NSC. Without them this event would not be possible.

Sincerely,

Bruce Mebust, Tournament Director

Competition Rules

- All games to 15, hard-cap at 17.
- Half-time is 5 minutes.
- Each team has two timeouts per half.
- Regardless of how many timeouts a team has used before overtime, during overtime each team has one timeout.
- Overtime: A game is in overtime if tied at one point less than original game total, and the winning score will exceed said game total. (E.g. In a game to 15 goals, overtime occurs when the score reaches 14-14 and the minimum winning score is determined to be 16.)
- A soft time-cap will go on at end of round time on schedule. Add two points to higher score after first score after time-cap. Play to that total—no more win by two. The hard cap goes on 5 minutes before the next round is scheduled to start. At the end of that point the game is over unless the game is tied, in which case one more point is played out.
- **Time-caps do not affect timeouts.**

Spirit Awards

Ultimate has traditionally relied upon a spirit of sportsmanship which places the responsibility for fair play on the player himself. Highly competitive play is encouraged, but never at the expense of the bond of mutual respect between players, adherence to the agreed-upon rules of the game, or the basic joy of play.

- UPA 10th Edition Rules of Ultimate

Team Awards - Following every game, each team will be asked to rate its opponent on a scale of 1-5, with 5 being the rating for the highest level of sportsmanship. These ratings will be averaged and the team in each division with the highest rating will be awarded the Team Spirit Award after their division's finals.

Individual Awards - Teams will be each be asked to nominate a player from their own team who they feel displays the highest level of spirit. The definition of spirit is up to each team, but should include elements of sportsmanship, leadership, perseverance, fire, etc. Choose the person whose attitude you wish other people on your team would emulate and who other players off your team admire. Individual spirit winners will receive a medal and prize disc (courtesy of Discraft). Thanks to Discraft for their support of Ultimate and Spirit of the Game!

Directions

From the Holiday Inn to the National Sports Complex:

Head west on W County Road E and take MN Rt. 51 north. Follow signs for I-694 west, go for about half a mile, and take the exit for U.S. Rt. 10 north. After 2.1 miles, bear off onto I-35W north. Health & Safety

Medical staff (trainer and EMT) will be available through the event at Tournament Central. Please seek advice and assistance regarding prevention and treatment of injuries or illness.

Directions to the local hospital can be found in the "Directions" section of this program.

Heat, Nutrition and Hydration

- Heat-related illness occurs where body cooling by evaporation is limited. Sweating depletes the body's salt and moisture, which leads to dehydration. If a player recognizes any signs or symptoms of heat-related illness, he or she should treat the problem immediately.
- Signs and Symptoms of Heat Illness can include change in level of consciousness, abdominal cramps, nausea/vomiting, fatigue/tingling, chills, inability to spit, dry mucous membranes, decreased urine output and change in color.
- Prevention and Treatment of Heat Illness
 - Avoid alcohol, caffeine, and carbonated beverages.
 - Medications such as antihistamines, decongestants, certain asthma medications, and diuretics can increase risk for heat illness. Avoid them if possible.
 - Avoid certain nutritional supplements (such as caffeine and ephedrine) that can dehydrate the body and/or increase metabolism and heat production.
 - Know your body – Be honest! Are you fit enough to perform under current conditions?
 - Drink and eat – Eat and drink (water AND sports drinks) "optimally" before, during, and after play. Potassium is important (good sources include: sports drinks, yogurt, grapefruit juice, bananas, oranges). Sodium is also important (good sources include: sports drinks, vegetable juices, pretzels, nuts, cheese and crackers). After play, carbohydrates are important: foods such as potatoes, honey, cereal, white bread, corn chips, sports drinks, jelly beans, rice cakes, bagels/crackers, gummy candies).
 - Don't drink too much – Over-hydrating can be dangerous if

it leads to a fluid and electrolyte imbalance.

- Monitor your urine – Clear/copious = hydrated. Dark =

Need water/electrolytes.

- Be sensitive to prior illness – If you've been sick, your body may be more susceptible to dehydration.
- Rest and cool down after play – Find shade, wet the skin, get in front of a fan or breeze.

Sideline Safety

- Players and spectators should make every effort to keep objects, including but not limited to bags, strollers, chairs, coolers and tents, as far away from the playing field as possible.
- If a player feels that an object on the sideline is not safe, s/he should inform Event Staff and should refrain from playing until s/he is satisfied that safe conditions have been established.
- The UPA and Event Staff reserve the right to move or remove objects or spectators from on or near the playing field if those conditions are, in the opinion of the UPA or Event Staff, unsafe for players, staff, or spectators.

Lightning Guidelines

- Event staff will communicate with players and spectators via PA system and field marshals equipped with radios that there is a lightning danger, play will be stopped, and everyone should seek shelter.
- Safe Shelter for players and spectators at the NSC includes the Schwan Center, other building, or any fully enclosed vehicle with a hard top and closed windows.
- Event staff will use the Flash-to Bang method to determine when to send people to shelter. By the time the Flash-to-Bang count has reached 30 seconds, all individuals should be in a safe shelter location.
- If you can't get to a safe shelter, try to avoid being the tallest object in an open field or on open water. Avoid other tall objects, metal objects, and water. Assume a crouch position with only the balls of your feet touching the ground, your arms wrapped around your knees, and your head lowered. Minimize contact with the ground. Do not lie flat.
- Avoid using telephone land lines. Cell phones are safe provided the person has followed other safety guidelines.

Georgia high school Ultimate has been becoming more popular every year. With power houses such as Paideia and Woodward and up and coming teams such as Heritage and North Springs, the youth league is experiencing fantastic growth and promise. This year's club team is the first year that players from around the state have worked together and it promises to be a spirited and competitive squad. The young Paideia talent and seasoned Woodward players have mixed well together. Top it off with coaches Michael Baccarini and Eileen Murray and you have a group that will have more fun and play as hard as any elite group you have ever seen!

The Hurricanes went 37-1 this spring, winning a college tournament and losing to UMass. Columbia High School provided some major challenges to the 'Canes and they will be missed as an open team at YCC. Many of their players are looking forward to joining their college teams in the fall, or playing club in New England. Captain Darden Pitts will be joining DoG for their season, while some of the underclassmen will be playing with Blue Collar, a men's club team from Amherst. Others will be running cross-country or playing football or captaining teams in the ARHS intramural league. Best of luck to all the teams who are participating in this historic new phase of growth in youth ultimate!

Pittsburgh's youth club scene began with a team called PB&J in 2002. The team had only a minimal amount of practices and competed at low level tournaments in Western Pennsylvania - highlighted by a 2nd place finish at Skylander (Edinboro, PA, 2003). This incarnation of a youth traveling team disbanded after Skylander, however, and wasn't able to be resurrected until now. The Youth Club Championships give our upper level youth players something to work towards every year that is significantly more substantial than one or two small tournaments against club, college teams.

In May of 2005, Pittsburgh's new youth club team—Impulse—began a month long trial period that was attended by more than 30 kids from 9 different schools. At the end of May, 21 players were selected to represent Pittsburgh at the YCCs. Practices were held twice a week and the team quickly began

the process of learning to play with one another, as they prepared for their first tournament of the year in Cleveland: No Surf.

Impulse competed in the B division, but struggled a bit on day 1, going 1-3. Day 2 was a different story, however, as the team went 3-0 on their way to the B division championship. They beat their initial seed by 6 spots and were able to finish above the team they lost to in their first game of the weekend. The boys have worked hard this season and will undoubtedly make Pittsburgh proud.

Ultimate in Texas is relatively new and gaining momentum quickly. High school youth teams are competing in local tournaments and amongst themselves as Youth Ultimate is becoming stronger in the Lone Star State. We look forward to competing with and learning from the other teams and players at the UPA Youth Club Championships as we continue to expand our Ultimate horizons. We thank the Houston Ultimate Community, Sean McCall, and Barbara Denison for their tremendous work in making our

participation possible.

The Drizzle is a collection of talented players from high schools in Seattle. We have been practicing sparingly but hard through the summer, scrimmaging club teams and trying to make each other better by playing with intensity when we are on the field. We have fun playing intense Ultimate selflessly, and cagging incessantly after practices, games, workouts, and pretty much anything else that gets us together. We are pumped to get a chance at the country's best in Blaine.

If we are up 14-0, we are going to play hard. If we are down 0-14, we

Open Division Rosters & Bios (cont.)

are going to play just as hard. And anything in between. Count on it.

The Drizzle would like to thank the parents that allow us to play this great game, the volunteers that helped get us through the season and to Minnesota, the coaches that taught us on our respective HS teams, and especially DiscNW for sponsoring and creating this team. We hope to play the game the way you want to watch it.

The Hurricanes are ready! They are coming to Minnesota with a team made up of some Varsity players, a couple JV players, and lots of desire. This year, the Amherst Varsity Women won Easterns and got some revenge on Nathan Hale, the team that beat them in semis of last year's nationals, at Amherst Invitational. The Amherst team played a lot of college teams this year, going 11-0 at Lemony Fresh Spring Fest to win the college tournament. Later, they were invited to a college round robin tournament where they competed against the top 3 women's teams from the region that went to College Nationals, Brown, Dartmouth and MIT. They beat Dartmouth and MIT, and had a close game against Brown. Never getting enough of this game, this team is determined, intense, loves to play, and is ready for anything.

This is the third year of Competition for the Minnesota Club girls team Misces (pronounced Miss-Kiss). Misces is a latin word meaning all mixed up and for the third year in a row the girls of this team are drawing strength from that idea. Misces competed in the 2003 and 2004 UPA High school national championships (in Alabama and Seattle respectively) and once again they have brought new members into the Misces tradition here at the first annual Youth Club Championships. Though this is a young team, most of the girls on this team competed in Westerns and are eager to gain some more experience on the field with the best girls in the land. We're proud to showcase our skills and our cities in this the first annual Youth Club championships at the National Sports center. Hope you enjoy your stay!

Seattle Hyak has been working since the end of spring toward the goal of being highly competitive at the Youth Club Championships. Comprised of young women from six different high schools and coming from every corner of Seattle, Hyak is ready for anything. The strong seniors on this team lead by example, not only in skill and conditioning but in spirit and sportsmanship as well. Even the younger players on this team have been playing longer than most college competitors and it shows in their poise and calm on offense not to mention their tenacity and intensity on defense. Hyak means speedy and that is what we are—we'll get down before the pull is caught, get the D before the offense is set, and score the goal before you know it.

All members of this team are from Lexington Catholic High School. Throwing before school, drills, sprints, gearing up in the December-February cold playing year round... After the heartbreak of a graduation conflict with 2004 UPA HS Championships AND 2005 UPA HS Easterns, this team comes to Minnesota with a deep appreciation for the chance to play. In the last year Lexington Catholic finished 2nd at the St. Louis Classic behind Rockhurst, first in a one-day open tourney in Berea, and 3rd at Winterfest behind strong Cincy and Louisville club teams. This team simply loves to play. No-look points, hammer points, layouts in the mud, points with arms pulled into the sleeves, death disc, cups, and 500 also are

a part of how this group has gotten better while having fun. This group has no real superstars, but it is a strong cohesive team.

 Nick Thomas, 18, 6', Tennessee
 Frances Wright, 17, 5'5"

The Cashville Brutal Space Monkeys are Nashville's 17 best high school players. The team primarily consists of members of University School's Brutal Grassburn, a perennial powerhouse on the national level. This year, Brutal won Juniors Terminus as a co-ed team, devouring Cheltenham (PA) boys 13-3 in the championship. In the spring, Brutal split into boys and girls squads in preparation for UPA HS Easterns. The boys won River Campus Classic VI, crushing CHUF (NC) in the finals 13-5. At Easterns, the girls

finished second, annihilating every opponent before falling to Amherst 15-8 in the finals. The boys, despite missing injured captain Bud Ries, placed 5th at Easterns, with victories over Woodward (GA), HB Woodlawn (VA), Beacon (NY), and Lexington (MA).

Cashville's army of intergalactic warriors includes the best of Brutal Grassburn, plus two interstellar samurai ninjas from the Brentwood galaxy and one big red orangutan. Los monos de las estrellas van a ganar el torneo porque somos mas reales que todos los otros jugadores.
