THANK YOU!

The Tournament Organizing Committee approached many companies that wished to share with us the great opportunities thot this event entails. For some partners, media visibility is the key, while for others WUGC2004 offers great value acting as a reference customer – for example the score-keeping application is used for the very first time ot WUGC2004. Each and every one of the partners are contributing in WUGC2004 in their special way – ensuring that the players have the top quality tournament they deserve.

We want to thank oll our corporate partners for making WUGC2004 memorable for the participants as well as for the stoff ond the Tournament Organizing Committee!

Tiina Lehtinen
Marketing Director

Flying squirrel and lay-out by Monsteshipit Oy

Dear friends,

8 days, 27 countries, 76 teams, 1500 hard-core players.

Welcome to Finland! It's hard to describe how excited we are to finally host the World Ultimate and Guts Championships, having taken part in them so many times. The event you are experiencing has been more than two years in the making. It has been rewarding to see the entire Finnish ultimate community, the City of Turku, our many corporate partners plus countless wonderful people around the globe contributing to make this tournament happen.

Play hard, play fair, represent. Launch it good.

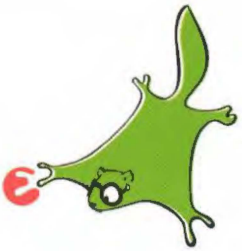

Aleksi Grym
Tournament Director

TURKU ÅBO

1229-2004

World Ultimate Championships

Welcome to the 2004 WFDF World Ultimate and Guts Championships. Each year marks tremendous transitions of growth for ultimate, guts and all disc sports. Our history is filled with lore and tradition that make us one of the premier up-coming sports in the world. Although challenging at every turn, we are accelerating into the future.

The community of Turku will enjoy the benefits that come with hosting an international event of this size. WFDF is very thankful for the opportunity to play and present our sport in such a fine city. The professionalism from this tournament organizing committee (The Finnish Flying Disc Association) has been a pleasure to work with. As a volunteer administrator with The World Flying Disc Federation it has been comforting to know that we are all in good hands. The benefits of the hard work by this group will be experienced by the finest ultimate athletes from around the world.

I would like to offer my congratulations to the players, teams and organizers of the 2004 WFDF WUGC. All events of this size are a major undertaking for any one group and especially for a one-time endeavor. Players should cherish variety of international experiences that await them. Disc sports are still very small and the effort that both players and organizers put forth for the enjoyment of the games is second to none.

We wish all of you the best and most spirited competition.

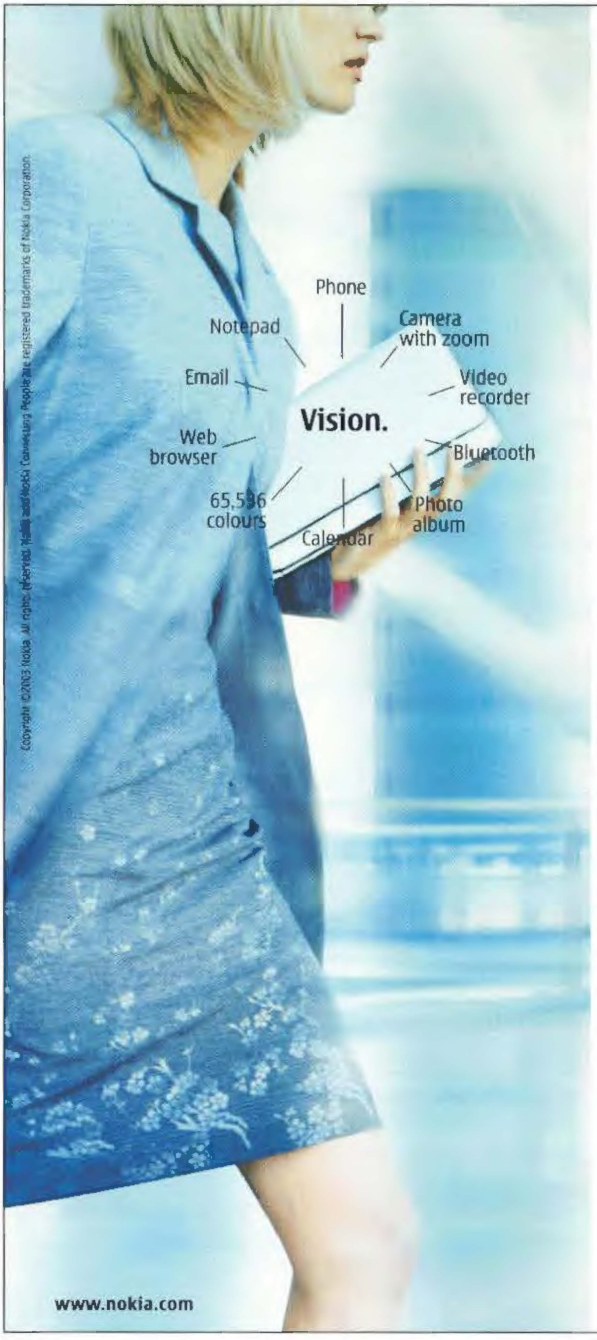

Bill Wright

President – World Flying Disc Federation

BAZAAR

The tournament center features a Bazaar where various shops are set up.

Gaia shop
The Gaia shop sells all the official WUGC2004 merchandise, featuring a wide range of sportswear and accessories. Here you can also buy Discraft

ABC

discs and other exclusive items.

Hertz car and bike rentals
At the Bazaar, you can rent bicycles and cars from Hertz. The tournament center is both the pick-up an drop-off locations for these cars and bikes. Bicycles cost 10e per day or 50e per week. For car rentals, you should use this form to reserve in advance, because cars may be already sold out by the time of the tournament (it's peak tourist season).

Epson Photo Center
Epson Photo Center operates at the Bazaar where yau can buy photos taken by our tournament photographer. Here you can also print your own photos.

Päämies Desk Mobile Store
Here you can buy prepaid phone connections, mobile phones and accessories. At this stand, you can also print photos taken with yaur mobile phone free of charge.

Laundry service
A laundry service will operate at the Bazaar. You can drop-off your entire teams laundry (no dry cleaning) in a bag every day by 8 pm and pick them up clean the next morning after 8 am.

BICYCLES

The easiest way to rent a bike is directly at the Tournament Center. Prices are 10e per day, 50e per week.

BREAKFAST

See MEALS.

BUSSES

The tournament busses take you to all venues and accommodations (see BUS TRASPORTATION).

CASH

Look for the orange sign "Otto" for ATM's (ie. cash withdrawals).

CURRENCY EXCHANGE

Farex (at the marketplace, next to McDonalds), all banks, and hotel receptions offer this service.

DOCTORS

See MEDICAL SERVICES.

EVENING GAMES

Evening games are featured gomes that are played at Paovo Nurmi stodium on Saturdoy (31.7.), Monday (2.8.) and Wednesday (4.8.).

FOR FAMILIES

The Adventure Park (Seikkailupuisto) at Kupittao next to the fields is an excellent "extended playground" type of ploce for kid recreation!

Microwave ovens con be found ot the tournament restaurant "The Flying Plate" (free of charge).

FINAL PARTY

On Saturday 7.8., ofter the finals, a big porty is held at the Tournament Center. Several top DJ's ond the group Beots and Styles will provide the music. The party starts at 8 pm and ends ot 1:30 am. The law requires you to be 18 years old to attend the party.

FRIDAY NIGHT PARTY

On Friday 6.8. the Tournament Center will transform into porty zone. Several DJ's, most notably DJ Slow will provide the music. The party starts ot 8pm and ends at 1:30 am. The law requires you to be 18 years old to attend the party.

FIRST AID

See MEDICAL SERVICES.

INTERNET

There are three ways for you to access the Internet during at the tournament.

WLAN. The tournament center features o Wireless Local Area Network (WLAN) which you can use to get fast Internet access using your own laptop. At the Bozaar you can buy subscription vouchers for 5 e per day or 25 e per week. The same network also operates and provides access at many other locotions in downtown Turku and the riverside.

Internet cafe. At the tournament center there will be an internet

cafe where you can read your E-mail or browse the web. Access for 30 minutes costs 1.50 .

Hotels. Most hotels offer Internet access to their guests. Ask at the reception of your hotel for further information.

LAUNDRY SERVICES

Bring your team laundry (no dry cleaning) in a bag by 8 pm to Tournament Center and pick-up your bag at the some place after 8 am next morning. Price: 5,15 e / kg. Operated by Melers Laundry.

Note: First pick-up is on Sunday 1.8. evening, last return on Saturday 7.8. morning.

MASSAGE

At the medical facilities of the Tournament Center you will be able to get a massage during the tournament. There will be 10 masseurs present from early morning to late evening. A 30 minute massage costs 5 . If you reserve a massage for the whole team, there will be a 20% discount.

MEALS

Breakfast

If you are staying at the school your breakfast is served at the Flying Plate restaurant from 7 to 9 am each morning.

Dinner

Dinner is served at the Flying Plate (premium) and at Veritas stadium (budget) from 4 to 9 pm.

Lunch and snacks

During the daytime, you can buy lunch and snacks at the Flying Plate and from Kotipizza at the Tournament Center or at Kaarina fields.

MEDICAL SERVICES

The tournament medical center operates daily starting from one hour before the first game until the end of last game at Kupittaa. There are also first aid personnel situated at each playing location. More severe accidents are handled by Medical Centre Pulssi (located downtown at Humalistonkatu 9-11, tel. +358 (0)2 26 161), which is co-operating with the tournament.

NEWSLETTER "THE DAILY SCOOBER"

The Daily Scoober is published each morning from Sundoy 1.8. until Saturday 7.8. You will find your copy at the Tournament Center or one of the restaurants listed in the back of your ID card.

OPENING HOURS

In Finland, supermarkets and department stores normally stay open until 9 pm on weekdays, until 6 pm on Saturdays and are closed on Sundays. Small shops usually stay open until 6 pm on weekdays and 2pm on Saturdays. Mini-stores at gas stations may stay open until midnight or even 24 h.

PHARMACY

See the back af your ID card. The official pharmacy of the tournament is Aura Apteekki located downtown at Kauppiaskatu 7-9 next to the Sokos Wiklund department store.

POST OFFICE

There is a post office at Kupittaa close to the Tournament Center. It is located at Lemminkäisenkatu 14-18. Opening hours are Monday to Friday from 9 am to 6 pm.

PHOTOS

Official tournament photos are sold at Epson Photo Center at the Bazaar of the Tournoment Center.

RESTAURANTS

See the back of your ID card for special WUGC2004 benefits.

TAXI

To order a taxi call 0210041.

TOURIST OFFICE

The Tourist Office will guide you in your discovery of Turku. It is located at Aurakatu 4, telephone: (02) 262 7444.

NIGHTLIFE

On Friday 6.8. and Saturday 7.8., don't miss the tournament partys. On other days, by walking downtown or along the river, you will find a number of bars and clubs. Especially, check out the river boats (e.g. Donna, Cindy, Papa Joe). Some of the most popular clubs ond bars

are Giggling Marlin, Blanko, Prima, Börs, Kino, Dynamo and Pöiväkoti.

SUPERMARKETS

There are supermarkets close to all playing locations. Besides cash, you can use all major credit cards. The opening hours are typically 8 am to 9 pm.

TEAM ATTACHE

Your Team Attache is at your service during your arrival on Saturday 31.7. and additionally for one hour on Sunday 1.8. (your Team Captain will be informed about the exact time). During the rest of the week there are two stand-by attaches at the Tournament Center to help you if needed.

TIME

Finland is currently in the EEST time zone (Eastern European Summer Time) which is UTC/GMT +3 hours (this includes daylight saving). Times are presented using 24 hour notation. Dates are presented dd.mm.yyyy.

TRADING NIGHT

The traditional Trading Night is held on Tuesday 3.8. from 8 to 10 pm at the Tournament Center.

TURKU

Turku is the aldest town and former capital of Finland. With some 200,000 inhabitants, three universities, a flaurishing cultural scene and a long tradition in sports, it is often described as an idyllic yet lively tawn.

In the summer time, Turku is one of the most popular tourist attractions in Finland. The long history of the tawn is visibly present. The old castle and cathedral are over 700 years old and still in use today.

BILEET, BAILUT (party)

Crucial concept, and therefore important words to any Worlds participant. Time to meet old friends and make a whole lot of new ones, and dance 'til you drop.

ESPOO

The cradle of Finnish Ultimate. Also known as a town next to Helsinki.

FAZERIN SININEN (Fazer Blue)

Our dearest chocolate bar, named after Karl Fazer, the founder of the company that produces these delicacies.

HILJAINEN (quiet)

Generally speaking, if a Finn won't say a word to you, don't be offended. Finns are usually rather quiet people, at least until you get to know us better. We sort of take pride in the fact that small talk has not become mandatory.

MUUMIMAAILMA (Moominwolrd)

The Moominworld in Naantali is a childrens' theme park where any bad moods will soon evaporate and be replaced by laughter and good feelings. This home island of the Moomins is open daily from 10 a.m. till 6 p.m.

NAKKIKIOSKI, SNAGARI, GRILLI (hot dog kiosk, grill)

Long night out, starving to death – where do you go? We strongly encourage you to forget those boring burgers and standard fries: nakkikioski is the place to go. Despite the lack of big fluorescent signs and fancy facades, finding it shouldn't be a problem – just follow the lingering aromas of sausage, steak and fried egg -filled sandwiches with garlic mayonnaise. Once you get there, join the queuing crowd, and ask for the 'special'.

NAPAPIIRI (arctic circle)

Finland is a long country, more than 1150 kilometres from tip to toe. Up north, above the Arctic Circle, you get to enjoy the Midnight Sun in June - but around December comes payback time, since in those coldest weeks of winter the sun doesn't rise at all. Relief to the midwinter darkness is occasionally provided by the revontulet (Northern Lights). And oh yes – they do have electricity up there as well. No polar bears, though.

SAARISTO (archipelago)

The closest place to experience this is the Turku Archipelago. A unique very beautiful site to visit e.g. by bicycle but also, of course, by boat.

SALMIAKKI

While Finns take great pride in their chocolate, they also cherish another sweet of a more peculiar kind: salty liquorice known as salmiakki tends to fall into the love-it-or-hate-it category.

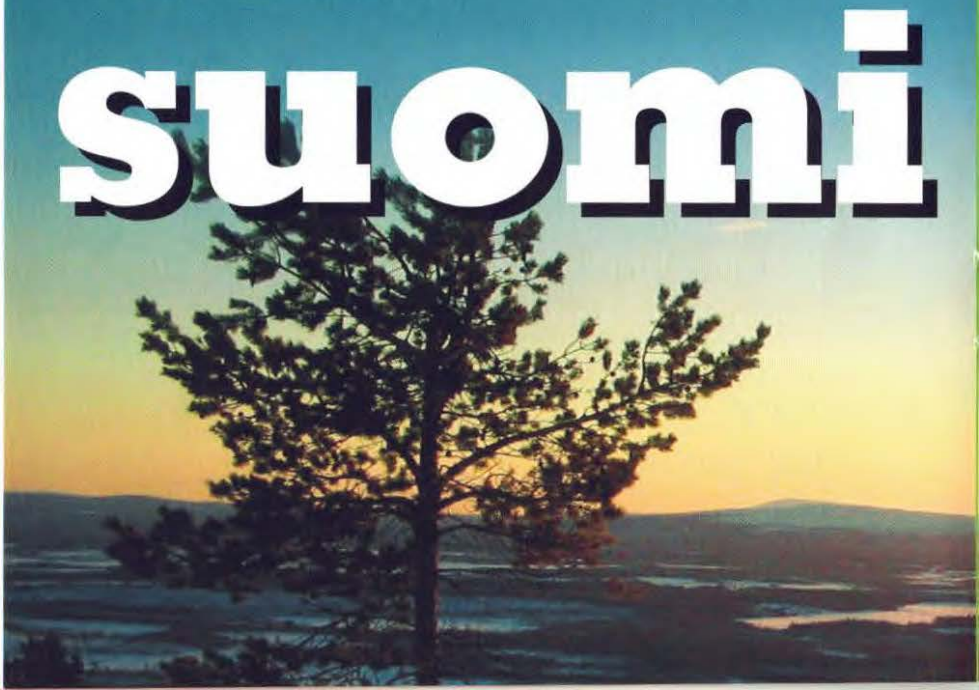

SAUNA

More or less indisputably, sauna could be considered the most Finnish thing of all Finnish Things. It is indeed so dear to us that many Finns actually have two saunas: one at home, another at their summer cottage. If you get to give it a try, make sure to take a break now and then, for Finns like their sauna hot. In addition to taking a cool shower or a dip in the pool or sea in between, you can refresh yourself with a cold drink. Can't beat the feeling.

SISU (guts, stamina)

The English translations for the Finnish word sisu bear only a faint resemblance to what sisu means

suomi

to Finns. It's that tenacious will to keep going, come what may. For example, although Finland has had her share of historical turbulence, like all other states on the European continent that where involved in the Second World War, Finland was never occupied by foreign forces. Finns like to think it's the sisu that eventually got us where we are today: In the post-war years agrarian Finland was rapidly transformed into a modern industrial land.

TURKU

Turku is the oldest city (founded in 1229) and the first capital of Finland (until 1812). Nowadays Turku has some 170 000 inhabitants. Downtown Turku is very easy to get around in: the core area consists of the streets Aurakatu, Linnankatu, Yliopistonkatu and Eerikinkatu. Just memorise where they are located – we won't test you on spelling them correctly. Learn the Turku accent easily by practising the following: "Ai mää vai?" "Kui?" Tournament slogan in dialect: Launch It Good = Lataa huolella

VESI (WATER)

Cliché or not, Finland is indeed the country of thousands of lakes. In the summertime Finns like to make use of this by heading out to their summer cottages and lakeshore saunas, leaving the cities somewhat deserted. But even the arrival of winter chills is no excuse to give up on outdoor swimming: the popularity of avantouinti, swimming in a frozen lake, has increased. And yes: it is safe to drink the water from the tap.

VÄHEMMISTÖT (MINORITIES)

Due to her relatively isolated location and strict foreign policy, Finland has remained a very homogenous country. Even the largest official minority, the Finland Swedes, constitute less than 6% of the total population of some five million people. However, all the public services must be available in both languages: Finnish and Swedish. While most of the Swedes live in coastal Finland, the other official minority, the Sami people (also known as Lapps), live in their native area in the northernmost parts of Lapland.

YMPÄRISTÖ (ENVIRONMENT)

You cannot give an introduction to Finland and leave out the environment, for Finns love nature – and they have plenty of it. If you manage to get away from the countless lakes, you will quite likely find yourself in a forest. Millions upon millions of pines, spruces, birches, and other trees cover about 65% of the total land area. Hence it is no wonder that forests are Finland's most important natural resource.

(Original text: Annika Nurmala, Saara Pennanen, Minna Hölttä. Shortened and modified by the handbook editors.)

useful phrases

Moi! Hei! = Hello! Hi!

Mitä kuuluu? = How are you?

Hyvää huomenta = Good morning

Bus transportation

The WUGC2004 bus network of 15 bus routes will take you to all venues and hotels. Below are all routes and schedules. Please study the game schedules and bus schedules in advance to ensure smooth transportation between locations.

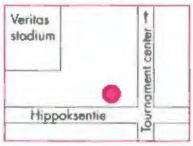

Please do not disturb the drivers from doing their work. The drivers hove predetermined timetables and routes ond cannot fulfil special requests without risking the operation of the entire bus network.

Bus stops

Turku downtown: the bus stop is located in front of the Orthodox Church on Yliopistonkatu.

Kupittaa: the bus stop is located behind Veritas stadium at the far end of the parking lot

Player's Handbook Rules section for WFDF WUGC 2004 - Finland

Game rules

All players, Captains and staff are expected to be familiar with the WFDF Rules.

Starting and ending the game

All field staff responsible for scoring and timing games will arrive at the appropriate field thirty (30) minutes before the game they are due to score or time begins. They will place themselves in a position visible to any players approaching the field. Both Team Captains or Team Representatives shall report to the field staff at the appropriate field fifteen (15) minutes before their game is due to start. The Team Captains or representatives shall register the arrival of their team with the field staff and sign the team roster for that game presented to them by the game officials. The roster will contain the names and jersey numbers of all the players the team has registered to the tournament. Should one or more of those players not participate in said game, they should be stricken by the captain from the roster .

Captains of the two teams shall flip discs to determine possession and field position for their teams at the start of the game. Should one or both Captains not report to the field staff at this time, the game official shall note this, try to contact the Captain directly by mobile phone, and if this is not successful contact the tournament center by phone, and ask for a public notice to be made to attract the Captain and/or their team to the appropriate field. Upon the arrival of the Captain the staff shall inform them of the amount of time left before the beginning of the game. Rosters will then be handed to staff for verification.

Teams with less than 10 players on their roster for any one game will not be permitted to play.

Teams who have delivered their roster late will not be permitted to play until the roster has been checked. If this means they are late starting then they will forfeit points.

The central horn that has been used successfully over a number of years will not be used at WUGC 2004. This is because the games are spread out on many sites. Individual timekeepers will be responsible for starting games on time and capping them when time runs out.

There will be a signal from the timekeeper five (5) minutes before the scheduled start of a game in order to prepare all teams to line up ready to play. At this signal, both teams at the field must be ready to play.

A second signal will be transmitted by the timekeeper to start the game at the designated time. Teams who do not have seven players on the line and at least three (3) substitutes ready to play when the signal is given to start play shall give one (1) point for each minute they are late to the opposing team. If a team has not arrived after fifteen (15) minutes they shall forfeit their game to zero (0). Should neither team arrive on time then they shall both gain points at the rate of one (1) per minute until a team arrives and lines up, or until both teams arrive and line up or until both teams forfeit their game zero-zero (0-0) after 15 minutes. Should either or both teams fail to turn up and so forfeit their game they shall automatically be referred to the Tournament Rules Group (TRG) by the Tournament Director (TD) for possible disciplinary action.

If at the scheduled starting time of the game only one of the Captain's is present, then that Captain may choose which end their team will defend and whether they will pull or receive. If neither Captain is present then the first Captain to arrive shall have first choice.

At the end of regular play a further signal will be transmitted.

Exceptions

Games will start on time, unless a previous game has overun its time on the same field as the next scheduled game. Teams may have to wait until the previous game is completed before starting their game. They shall still follow the pre-match procedure outlined above and if another field is available teams may be asked to switch at the time they sign their roster fifteen (15) minutes before the scheduled start of their game.

If the game does not start on time because of the late arrival of one or both of the teams the start and finish signals shall remain in force for that game. If, however, a game starts late because of another game playing extra time on the scheduled field, and another field being unavailable, then the field staff shall note the beginning time of the game and adjust all subsequent timings so that the game shall run for its allotted time. The field staff shall then enforce this new time schedule irrespective of the time schedule of other games being played in the same round.

Time Caps

All games at World Championship tournaments shall be time capped. For WUGC Finland the time cap will be 100 minutes.

All games in all rounds in all divisions will follow the following rules:

Points	Point cap	Half-time points	Half-time length	Time cap	Time outs per game per team	Time-outs/ over-time
17	21	9	5'	100'	4	1

If the time cap is reached, play will continue uninterrupted until the next point is scored. If the game has not reached its end then two points will be added to the highest score. The first team to reach that score will win. However, if a team reaches their target (17) with a lead of two then they shall have won. For example, if the score is 16-12 at the end of regular time and the leading team score another point, they shall have won.

A point starts at the pull and ends when a goal has been scored (or, if there is a discussion, when the goal is acknowledged by the defending team). If time cap is reached between the scoring of a point and the ensuing pull, the point cap will be set immediately.

Ties

If two teams are tied on win-loss ratio after any phase of pool play then the result of the head-to-head game will determine places.

If three or more teams are tied on win-loss ratio after any phase of pool play then the following order of criteria will be applied;

1. The teams will be ranked according to the win-loss ratio in the pool play games between the teams in question.

2. Should this ranking still produce a tie between three or more teams, points scored in games between those teams will be calculated. Teams will be ranked according to the points difference in those games. The highest positive difference will determine the highest ranking for that team. The remaining teams will be decided on the same basis.

3. After calculating the points difference between three or more teams, should the points difference be the same then the highest number of points scored in those matches will determine places. After determining places by this criteria, should two teams remain tied then their ranking will be determined on the head-to-head basis.

4. Should three or more teams still be tied after points difference and points scored are calculated then points difference in all games in that pool will be calculated and the team with the highest difference will gain the highest ranking. Further rankings will be determined by the results of head-to-head games.

5. After calculating the points difference between three or more teams in all the games in the pool, should the points difference be the same then the highest number of points scored in all matches in the pool will determine places. Further rankings will be determined by the results of head-to-head games.

6. Finally, should this still produce a tie (now we move to statistical instability) then all teams involved shall nominate one player to throw one disc as far as they can. All players shall throw at the same time, with any prevailing wind at their backs. The furthest throw shall win, other places determined on head-to-head.

Field procedures

The field staff will be responsible for scoring and time keeping, including the timing between points and on disputes. They are not available for rule clarification or the settling of any disputes. That is the responsibility of the players. They are, however, responsible for monitoring your time on the field and their decisions will be final.

We ask you, in fact INSIST, that you respect this point and that the captains make sure that all their players adhere to it. Any abuse of field staff will be a disciplinary matter. It is the responsibility of all players in all teams to follow all field staff instructions below with complete compliance and co-operation. The captains are responsible for the behaviour of their team.

The following procedures apply.

The field staff will be responsible for giving your teams all the information they need to organise themselves, including the signal for the start of the games. This will come in a variety of forms detailed below. The staff will blow whistles from one to three times to warn the teams of the time limits. *Three times always indicates that play shall resume immediately.*

Time limits between goals

A point starts at the pull and ends when a goal has been scored or, if there is a discussion, when the goal is acknowledged by the defending team. We want to make this clear, as there have been questions about this in the past.

The time limit between goals (i.e. the scoring of a goal and the ensuing throw-off) is sixty (60) seconds for the receiving team, and seventy-five (75) seconds for the throwing team. These limits are enforced by the following procedure.

The forty-five seconds whistle – one signal

+ (a) As soon as a goal is scored (in the event of a discussion, as soon as the goal is acknowledged by the defending team), the timekeeper starts a clock. After forty-five (45) seconds, the timekeeper blows a whistle once to warn the receiving team that it has fifteen seconds before the minute runs out.

The sixty seconds whistle – two signals

+ (b) After sixty seconds, *if the receiving team has acknowledged that it is ready,* the timekeeper signals (whistles twice) the throwing team that it has fifteen seconds before the seventy-five seconds run out.

+ (c) *If the receiving team does not acknowledge that it is ready* before the sixty-second whistle, this signal means that that team gets a time-out assessed if it has any time-outs remaining. The timekeeper then tells the captains that a time-out has been assessed, and a regular time-out for that team takes place. If the receiving team has no time-outs remaining then a time-out does not occur, there is no pull, and the receiving team takes possession of the disc 15 yards behind their own goal line, midway between the two sidelines. Play is restarted with a check.

The seventy-five seconds whistle – three signals

+ (d) *If the throwing team does not throw* before the seventy-five second whistle, that team gets a time-out assessed if it has any time-outs remaining. The timekeeper then tells the captains that a time-out has been assessed, and a regular time-out for that team takes place. If the throwing team has no time-outs remaining then a time-out does not occur, there is no pull, and the receiving team takes possession of the disc at the brick mark nearest the goal it is attacking. Play is restarted with a check.

Time limits after time-outs

(a) Time-outs between points:

Each time-out between points extends the time between goals by 2 minutes. Play is restarted as between ordinary goals. However, when a time-out between points has occurred, the timekeeper gives an additional warning whistle 30 seconds before the offense must be ready to receive the throw-off. These signals are the same as for time limits after half-time.

(b) Time-outs during points:

The timekeeper signals

- once when 1 minute is remaining and
- once when fifteen (15) seconds are remaining.

At the end of 2 minutes all offensive players must have established stationary positions and the thrower must signal readiness.

If the offense is not ready at the end of 2 minutes then the timekeeper shall blow the whistle twice to confirm that the time-out has expired. The marker may then initiate or resume the stall count immediately.

If the offense is ready at the end of 2 minutes the defense has an additional fifteen (15) seconds to establish positions, during which time the offense must remain stationary. The timekeeper shall give a final signal (by blowing the whistle three times) when these 15 seconds have elapsed at which time the offense may begin play immediately.

If both teams are ready at any time before the final signal is given then play is restarted with a check and all remaining timekeeper signals are dispensed with.

Time limit after half time

The same procedures also apply at the beginning of each half of play, except that the timekeeper gives warning signals:

- at 1 minute (once) before the receiving team must acknowledge readiness,
- 15 seconds (once) before the receiving team must acknowledge readiness,
- 15 seconds (twice) before the throwing team must throw and
- a final signal (three times) when play is to be resumed immediately. These are the same signals as for time-outs between points.

Disputes

After a dispute has gone on for thirty seconds, the official shall give a warning signal twice with the whistle and call "thirty" to indicate that the thirty seconds are up. The players involved are then expected to resolve the issue immediately or return the disc to the last thrower. There is no strict thirty seconds time limit but a realistic expectation that play shall resume.

Notes

Note 1: if both teams are ready at any time before the final signal is given then play is restarted and all remaining timekeeper signals are dispensed with.

Note 2: the signal of readiness is that a player on the team in question raises a hand. Players must establish and hold their positions prior to signaling readiness.

Note 3: It is common for players to confuse overtime with the time-cap. Overtime has nothing to do with time elapsed since the start of the game. Overtime occurs when the score is tied at one point less than the number of points for which the game was originally scheduled, i.e. at 16-16 in a game to 17.

Discipline

At the Captain's meeting, there will be organised a Tournament Rules Group (TRG), which arbitrates in on-field and off-field disputes between players, staff and members of the public. At WUGC 2004, the TRG is chaired by the WFDF Ultimate Director, and includes the TD of the event, or their delegated representative, and one player from each division represented.

The TRG will address formal requests, complaints or protests about any issue concerning on-field or off-field activities. Requests, complaints or protests may be brought to the attention of TRG by any Team Captain or Team Representative, identified before the tournament. Requests, complaints or protests may be brought at any time during the period starting from the end of the captains Meeting to midnight on the final day of play at the tournament.

Upon receipt of a request, complaint or protest the TRG will meet at its earliest convenience and make a decision available to all parties involved at least two (2) hours before the start of play the following day. The TRG for any request, complaint or protest shall be composed of the WFDF Ultimate Director, the TD and the elected player from the division in which there is a perceived difficulty. The decision shall be posted where players may have access to read the outcome.

The TRG may, at its discretion, disqualify a player or an entire team from any event or from the entire tournament whenever that player or team exhibits violent, obscene, abusive, disruptive or illegal behaviour; cheats or otherwise attempts to create an unfair advantage for themselves or disadvantages others through circumvention of the rules; or otherwise causes substantial hardship, inconvenience or annoyance to spectators, officials or players.

The TRG may also censor an individual player or team orally or in writing; alter or nullify the result of any event; or order an event to be partially or completely replayed. In the event of an extremely serious conduct violation the TRG may, after disqualifying a player or team from competition, refer the matter for later review and sanctioning actions by the WFDF Board of Directors.

If any member of the TRG has a vested interest in any matter put to the TRG that member shall be withdrawn to be replaced by their representative, or in the case of an elected player, another elected player from another division. Should two or more members of the TRG have a vested interest in the matter put to the TRG they shall be

replaced by unbiased WFDF elected officials available at the tournament. These shall initially be Board members or members of the Ultimate Committee.

If an issue is brought to the TRG that effects the general interest of all or a group of teams participating in the tournament, the TRG may call an advisary Captains' Meeting of all or selected teams. The calling of such a meeting does not in any way reduce the powers of the TRG and the TRG is in no way bound to suggestions or decisions made by such a Captains' Meeting.

Any player or team disqualified from the tournament shall forfeit all fees paid. If any player or team, or group of teams, chooses to challenge a decision made by the TRG in the course of handling a request, complaint or protest during a WFDF World Ultimate Championship tournament, they should file a written protest to the WFDF Board of Directors within 30 days of occurrence.

Spirit issues

At earlier Worlds, there have sometimes been one or two games where the Spirit of the Game has not been enough to prevent rude and ruthless behaviour or even violent play. At WUGC, this will not be accepted. Captains are responsible for the behaviour of their teams and will be asked to remember this during the tournament.

The WFDF strongly discourages teams requesting the use of observers. In order to facilitate objective support for the field staff, and still leaving it to the teams to take their responsibility for their own actions, we introduce at WUGC the following procedure.

If the field staff at a certain game consider the game to constitute a major problem, they will call for a WFDF official, the TD or the Field director. This person will have the authority to halt the game at any point, on the grounds of Spirit problems. The action taken can be a short pause in order for the Captains to calm their teams down or even decision to play the rest of the game at a later time, should the schedule allow it. In connection with the game, but not necessarily during it, the official shall bring any misconduct to the attention of the TRG which may decide on sanctions according to the rules above.

The call will not be made on the request of the players. A captain that is of the opinion that the opposing team is not trying to communicate with his/her team is asked to address the opposing captain. Should this not solve the problem, the captain/s may ask for such of call for an outside official.

The decision to call or not to call an official lies with the field staff. Circumstances under which the field staff can/should call for an outside official include:

- repeated incidents of violent, dangerous or ruthless behaviour
- repeated incidents of blatant disregard for opponents, spectators, rules or property
- incidents of disregard for the authority of field staff

in combination with the assessment on the part of the field staff that the atmosphere of the game is deteriorating.

Note that the situations that might have caused this procedure to come into effect have been few and far apart. The WFDF, the organisers of WUGC 2004 and your opponents rely on you to help us avoid them at this great tournament as well.

2005 IWGA World Games qualifying procedures

The next World Games will take place in Duisburg, Germany from July 14 - 24, 2005. The World Games will be the largest multi-sport event in Europe in 2005 featuring over 30 sports and 3000 athletes. Following up on the success of Flying Disc sport in Akita, Japan in 2001, Ultimate will again be a featured sport.

Six nations will be invited by WFDF to field teams that will compete in a Mixed format. As host nation, Germany will receive one of these invitations. The other five nations will be determined by the results of the 2004 World Ultimate Championships for National Teams here in Turku, Finland.

World Games invitations will be based on the combined results of each country's top three finishes in the six divisions of competition: Open, Women, Mixed, Masters, Junior Open, and Junior Women. For example, one country's top three finishes may come in Open, Mixed, and Junior Open, while another country's top three finishes may come in Women's, Mixed and Masters.

Scoring within each division will be determined by the number of teams entered in the division. If 20 teams are entered, it will be worth 20 points to win, 19 points for second and so on down to 1 point for 20th place. Germany 's finish will, for the sake of point distribution, be treated as any other team.

If two or more countries are tied for the last invitation position, a tie-break procedure will be used which will then consider the countries finishes in the fourth division, and then fifth and sixth divisions if necessary. For example, one country's fourth highest finish may be in Masters, while another country's fourth highest finish may be in Women's.

If two or more teams are still tied after considering the sixth division finishes, the order of the teams will be decided with a random selection procedure determined by the WFDF Ultimate Committee.

The National Association for each country chosen shall then be responsible for selecting a Mixed team of elite players to represent their country.

If you have any questions about the World Games and our qualifying procedures, please contact ultimate@wfdf.org . You can also check out www.worldgames2005.org to learn more about the event.

A final word

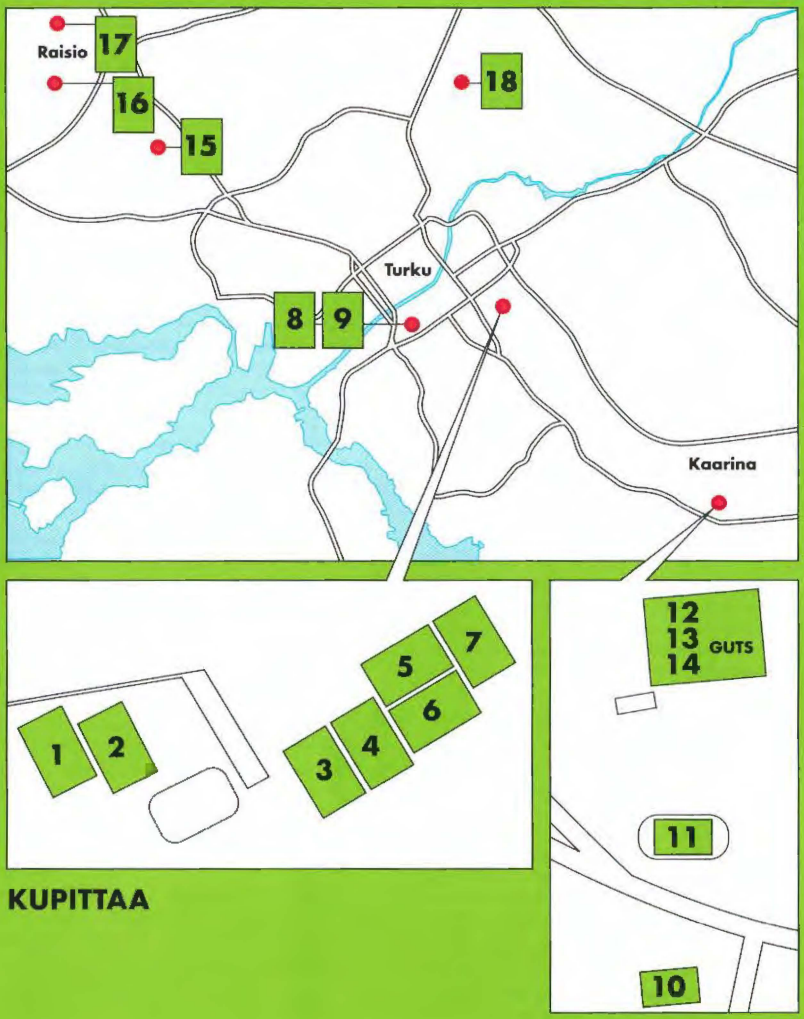

The WFDF wishes you the best of luck in your efforts in Turku.

Aussies rain on Finns' parade

MICHAEL E. IACOVELLA

It took only one point for Finland to realize how much the Australians' height would play a role in last night's opening game in Paavo Nurmi stadium, as Anthony Dowle sky'd his defender to rip down the first of his two scores off a long huck by #42 Tom Rogacki (8 assists, 2 goals). Finland quickly answered back with speed and precision throws, scoring three of the next four points on quick, long strikes.

The Aussies threw a mix of zone and clam, but switched back to man after the Finns patiently marched the disc to a two-point lead at 7-5. Unforced throwing errors by Finland gave Australia more than enough looks to even the score. Tied at 8-all, the Dingos came out fired up on defense, and took half following a huge block in Finland's red zone by #14 Jonathan Holmes.

Australia again came out hot 'D' to open the second half, but the Finns countered with cool –headed offense from #68 Topi "caribou" Haarama (4 goals). Finnish defensive machine #49 Peetu Öunap forced a Dingo turn which evened the score again at 11-all. More unforced throwing errors allowed Australia four straight defensive goals, and placed them in a commanding position at 16-12, game to 17. Finland capitalized on Aussie throwing errors with three straight points of their own, but Australia finally prevailed, 17-15.

Open Division Preview

Tony Leonardo

Nothing looks so exciting to watch as this year's competition for the Open division. The word across the board this year is parity and the unique format of an international Ultimate tournament such as Worlds may make all the difference. It could very well depend on when a favorite loses, not if a favorite loses.

And who is the favorite here? There is no odds-on bet. The United States has traditionally dominated Worlds, both club and country, but the continued strength of the Vancouver team now representing Canada cannot be overlooked. What may be a problem for top-seeded team USA is that they are two years past their prime when they won Worlds 2002. These guys have won every tournament on the books — from College Nationals to Club Nationals to Club Worlds to Paganello, Kaimana and every American tournament that exists. Why do they need to prove themselves? The key for this team will be the young guns and the new blood. These new players need to show that they can bring the spirit, heart and intensity to this team.

Canada won Worlds in 1998 and the World Games in 2001. Behind a tall and versatile lineup with speed and conditioning, the angry monkey has incentive to perform well after being underseeded at number three. When was the last time Furious players lost a major tournament? 2002 Club Worlds in Hawaii is their only such defeat in recent memory. They've won almost everything since. This is going to be a very strong team indeed and in the right frame of mind.

Finland is going to have something to play for by representing their country and their friends and neighbors in Turku. Their opening-game loss to Australia is a small setback. Having just cruised through the top teams in America and beating all of them except for Furious George (remember, the U.S. teams are not in season right now), the Aussies are looking mighty comfortable on the pitch. Expect them to be in a flow right away while other teams work out the kinks. Australia might be able to pull ahead early by a decent margin before their opponents recover in the second half.

Is there a weak pool? Great Britain's pool certainly does not promise the potential of the others The U.K. will indeed be very strong but Denmark comes in as a fifth seed without great success on the international scene. They are excited and may be peaking at the right time, by they are not as strong as Australia, Finland and Sweden in the other pools, and Great Britain is not as powerful as USA and Canada.

For this reason, expect the Japanese to mix up the Open B pool. The Buzz Bullets were the best non-North American team at Club Worlds 2002 in Hawaii but that was practically a home tournament for them. Japan finished in the middle of the pack in 2000. Could this be a break-through year for them?

Sweden and Finland are always in the mix. Sweden especially owes some revenge victories. They want Worlds very badly. Sweden's 1992 Gold was tarnished because USA did not send the defending New York, New York champions due to travel costs. Instead the U.S. recruited a team of Masters players, a few pickups, and a stuffed teddy bear to represent America on the field. Sweden lost to USA 19-18 in the finals of Worlds 2000 in Heilbronn. They lost the bronze medal game 17-16 to the Condors in St. Andrews in 1999. If Sweden can avoid Canada and get a match against USA, you can expect another game down to the wire.

What is Guts?

Guts is a sport played between two teams of one to five players each. The objective is to be the first team to score 21 points.

To start play, each team lines up facing each other 14 m apart. Play is accomplished by a player attempting to throw the disc toward or at the opposing team and within the reach of at least 1 player of that team, in such a manner that the opposing team cannot make a clean catch.

Scoring is contingent on the success or failure of the throwing team. A good throw, without a catch, results in a point for the throwing team and a bad throw results in a point for the receiving team.

Guts competition begins at 9:00, Tuesday, on the Kaarina fields.

WFDF president Bill Wright (far left) welcomes J.K. Khodadhra and Girish Patel (right) of the Flying Disc Federation of India, inducted Friday as the newest WFDF member organization.

Monday, August 2nd
Issue 2

Oh, Canada!

MICHAEL E. IACOVELLA

No matter when the real Canadian holiday falls, Sunday, August 2nd was Canada Day in Finland. Canadian teams registered 11 wins in 11 games yesterday, including Team Canada's convincing defeat of Team USA in the Women's division.

After coming out red-hot, Team USA's offense stalled to the tune of an 8-1 Canada run, which extended through halftime. Intense defense was the key for Canada, with Leslie Calder #7 and Jillian MaGuire #5 leading the charge. Unforced errors were costly for the Americans, with Canada capitalizing on nearly every turnover. Team Canada scored the final three points to close the game at 17-10.

Disparity is queen in the Women's division with Canada, USA, Japan, Sweden, Finland, Great Britain, and Australia refusing to yield more than 5 points a game to other opponents. This with the exception of Sweden, who came up 3-points shy of victory against the USA.

A Canadian defender goes up against Julie Baker (far left) and Maggie Mathias of Team USA (Photo by Jesse Weisz).

Games to look out for today include USA vs. Great Britain and Canada vs. Sweden in the first round, Finland vs. Australia in round two, and Japan vs. Finland in tonight's feature game at Paavo Nurmi Stadium. Australia's two women's teams placed higher than all other non-North American teams at the 2002 World Ultimate Club Championships in Hawaii, and present a solid, unified force from Down Under. Japan has looked consistently strong in recent years, and are aiming straight for the finals, which they lost to Canada at the 2000 Heilbronn World Ultimate Championships.

LAUNDRY SERVICE is now available for all players & staff. All laundry dropped off by 20:00 (8PM) will be available by 8:00 the following morning. Please deliver your bagged clothes (no plastic bags) to the rear of the Tournament Store during business hours; pick-up is at the same location, but on the lobby side of the fence. The cost is 5.15€/kilo.

* * *

BIKE & VESPA RENTALS are available from the Tournament Store. The cost is 40€/day for a Vespa (motorized scooter), 10€/day for bicycles. Please note that all rentals from the store must be returned by 20:00 (8PM) on Saturday.

* * *

INTERNET CAFÉ & WIFI: Wireless Internet access is offered in the Tournament Center. Access cards for the Spark network are available in the store for 5€/day, or 25 for a 7-day pass. Spark has more than 300 access nodes in the Turku area, and your card may allow for access in your hotel, as well.

Please be aware of the following field schedule changes:

The following games have been moved from field RAI-17 (Kerttula) to field RAI-16 (Raikula):

Mon	*17:00*	*Game 141: DEN vs RUS (open)*
Tue	*17:00*	*Game 209: OB6 vs OC6 (open)*
Wed	*17:00*	*Game 276: SWE vs RSA (mixed)*
Thu	*17:00*	*Game 342: SWE vs SUI (jr. open)*

Captains' meeting for Guts:

The captains' meeting for guts will take place on Monday afternoon at 17:00 at the Player Center. Guts captains, please attend.

Bus transportation — a friendly word from your TOC:

Already in the bidding stage for this tournament, we knew logistics would pose a major challenge to us. Never has a tournament of this magnitude been held in a venue with fields split in so many locations.

We could not let that stop us, however, as then we would have had to give up on organizing Worlds altogether, as Turku still is the best venue we have in Finland in terms of fields.

We apologize for the irregularities in bus transport during Sunday. We are confident that transportation will run smoother during the rest of the week as the drivers have now learned the routes and many of the little kinks have been ironed out.

It may be useful for you as passengers to be aware of a couple ideas, which are incorporated in the bus schedule: For each game on the remote fields, there is always one bus which is meant to arrive at the field between 40-50 minutes before the start of the game.

This bus is intended primarily for players. A second bus is planned to arrive shortly before the game starts. We are expecting supporters and guests to take this bus. It is impossible for us to anticipate, which game will draw a crowd, so in certain situations the single bus serving a remote field may not be able to take everyone back at one time.

At this point we would request that players on their way to a game be given priority. In addition to this, a request from the bus company: please take off your cleats before getting on to a bus. Thanks!

Day One

Lauren Chambers
Michael Iacovella
Heidi Kalmari

Master's Division

Today's games saw match-ups between the 2nd and 3rd seeds, Great Britain and Canada as well as the U.S.A vs. Japan, Germany vs. Australia and Finland vs. Sweden, among others. The G.B. – Canada game was a close match to start, but after a four-point run the Canadians pulled ahead and kept the lead until the end, winning 17-11. The Finland-Sweden game was close as it ended 17-15 in favor of the Swedes. The United States did well, winning both their games with a total of 21 points scored against them. Germany looked strong as well, with only 15 points scored against them. Today's exciting games include U.S.A vs. Canada and Great Britain vs. Germany.

Open Division

In Pool A, Great Britain and Japan remain undefeated, though Denmark posed the most serious threat with a 3-point loss to the Japanese. Finland and Australia enjoyed the morning off, and coasted to easy victories later in the day over Lithuania and Italy. Canada and Germany surged to the top of their pool, with Germany firing on all cylinders in their upset of Sweden. The game to watch today is USA vs. Australia. The Aussies completed a US tour just before Worlds, defeating every American team they faced – most by a sizable margin. Sweden vs. Canada should also make for a great battle to watch.

Junior Women

As expected, the North American girls are ruling in this division. The heavy rain tired the Swedish team as they played against the U.S. team. The game was still tight after 30 minutes of play, 3-2, but as the sun came out so did the US girls – they kicked into high gear and out-ran the Swedes, 17-2. It was a rough day for the British, as Canada and the U.S. left G.B. without a single score. Finland and Japan beat Australia without difficulty and Sweden got their "kom igen tjejer" play working when they defeated Japan in their second game. Expect Finland, Japan and Sweden to offer the most serious challenges to Canada and U.S.A.

Paul Hurt

Japan (left) goes for the 'D' against South Africa in the Junior Open division on Sunday. Final score: Japan 15, South Africa 12.

Junior Open

Team Canada showed their dominance early in their surprisingly easy victory over Sweden. USA, Great Britain and Germany all remain undefeated, with Sweden and Finland as serious challengers in today's play. First-time participants South Africa came close to a first win in a close match with Japan, who looked anemic in their shutout by Great Britain. The game to watch today is USA vs. Great Britain. And beware: look out for the singing South Africans in the Spirit competition!

Mixed Division

Top-seeded USA had no difficulty in today's play, easily defeating Belarus and Finland. Germany -- the victor in a fierce battle today with Finland – will offer a serious challenge to the USA today in the first round. The Germans are looking strong, due in part to some key defections from the Women's team. Czech Republic is off to a strong start with decisive wins over Spain and Sweden. Scores reflect an even easier day for Canada, who outscored opponents 34-5. New Zealand narrowly defeated hemispherical rival Australia, 15-14. Great Britain and Japan are both undefeated, and will square up this afternoon in what should be an exciting clash in playing styles.

Results: Sunday, August 1

OPEN DIVISION	
Denmark - Netherlands	19 - 17
United States - Italy	17 - 7

Sun Sets on Sumoi Comeback

MICHAEL E. IACOVELLA

Down 0-3 against home team Finland in last night's Women's division feature game in Paavo Nurmi stadium, Japan showed a hint of vulnerability for the first time this tournament.

The Japanese also showed poise and endurance as they regrouped and brought the score to 5-3 in their favor. Trading points through half, Captain Hiroko Abe (#5) hit Ayuko Ishizuka (#3) to push Japan's lead to 13-10. Finland countered with impossible grabs by Henna Jalovaara (#11) and consistent play by Milla Mantere (#18).

Finland came back from a 14-11 deficit to 15-13, inciting cheers of "Suomi, Suomi" by the near-capacity crowd. Japan closed the game with the final two points, leaving them in sole possession of first place in pool B.

In other Women's action, Canada remained atop their pool, and is the only other undefeated Women's team. Germany won a nail-biter over Denmark, and Finland was likely worn down from their hard-fought win over Australia. USA remains in second place in pool A (behind Canada), having defeated Great Britain, 17-12. Game to watch tomorrow include first-round matches, Canada vs. Great Britain, and Japan vs. Australia.

Finland playing tight defence on Japan in Monday night's Women's division feature game (Photo by Paul Hurt).

WATCH YOUR BELONGINGS in and around tournament venues. Players and staff have reported that items have gone "missing," and have yet to be found. Please be wary of your (and other persons') property at all times.

If you would like to make an anonymous return of an item, please email info@wugc2004.org to arrange a place and time - no questions asked.

* * *

HAPPY BIRTHDAY to Kati Rüütelmaa from the International Mixed Team! Announcement requests (birthdays and other milestones) should be left on the Daily Scoober message board in the Tournament Center.

* * *

THAT'S ME! The Photo Shop opens today in the Tournament Center. Drop by and browse our picture selection on the computer monitors directly opposite the Nokia booth. Single prints cost from 2-4€/print, depending on size.

* * *

PIZZA PIZZA! Hot pizza is available all day in the tent outside the Tournament Center.

* * *

MEDICAL INSURANCE: If you did not purchase the medical insurance offered to you by the TOC, please keep documents of your own insurance with you AT ALL TIMES while playing. This will speed up the process in the event of a hospital visit.

* * *

British film crew Roadie Films is **filming the tournament** and will publish clips daily on the Internet – see http://roadiefilms.co.uk

From the Competition Director:

First the good news: The 3-5 day weather forecast is improving steadily. There is a chance of showers on Tuesday, but the weather should get increasingly warmer and drier toward the end of the week.

The bad news is that some of our fields have taken a beating and we have had to shut them down. The worst situations are at KUP-1 and PAN-9.

If you hadn't realized it before, you know it now — the tournament has really been and still is at risk of being discontinued, because of the damage that has happened to the fields. No one needs to take the blame for this, because we cannot control the weather. However, there are a number of things you as players can do to help us out.

The first thing is to stick to what was agreed at the captain's meeting: if you are a fan watching a game, you should be seated on the outer boundaries of the field area.

A second is that moving about or practicing on empty fields is prohibited, as the fields are either resting or being maintained.

The third is a request to place any larger chunks of loose turf back into the ground after your game. Please help us on this, as the cities of Turku, Kaarina and Raisio have been extremely cooperative in all aspects of organizing this tournament.

Schedule/field changes for Tuesday:

Moved at Kupittaa:

Game # 143 GBR vs JPN (open)	*KUP-7 09:00*
Game # 149 SWE vs AUS (jr. open)	*KUP-7 11:00*
Game # 160 USA vs NED (masters)	*KUP-6 11:00*
Game # 189 OC2 vs OA3 (open)	*KUP-3 15:00*
Game # 198 USA vs AUS (masters)	*KUP-5 17:00*

Moved from PAN-9 to KAR-18 (Kärsämäki):

Game # 151 GBR vs SWE (masters)	*KAR-18 09:00*
Game # 164 AUS vs LTU (open)	*KAR-18 11:00*
Game # 176 GBR vs RUS (masters)	*KAR-18 13:00*

A special bus will leave from Kupittaa one hour before the starting time of these games to get players to Kärsämäki.

Plan for Wednesday:

All games scheduled at PAN-9 will be moved to KAR-18. Games 210, 224, 240, and 269 will be moved from Kupittaa to a new reserve field IMP-19 (Impivaara).

Day Two

Lauren Chambers, Michael E. Iacovella, Heidi Kalmari

Open Division

Match of the day: Sweden vs. Canada. Though the game was not a model for Spirited play, fellow players and spectators packed the sidelines for a view of this entertaining match-up. Sweden trailed the entire game, failing to take advantage early on Canadian turnovers. Canada's (#19) Jeff Cruickshank kept Sweden honest deep, and was instrumental in keeping the offense moving during a late surge by the Swedes (Final score: Sweden 12, Canada 15). Great Britain, Japan, USA, Canada and Germany all remain undefeated in pool play. Canada faces Germany and Great Britain meets Japan in a battle of unbeatens tomorrow morning.

Mixed Division

The Mixed US "machine" has given up an average of only 6 points a game, but has to be worried about undefeated New Zealand, who share the same ratio. The Kiwi game has proved well-practiced and precise, and their defense will take advantage of any stray throws. Germany bested Australia 17-14 and proved also in the morning game against USA that they are in the running for the top four. Japan beat Czech Republic by two points, but the upstart East European team is still in the fight to advance into the competitive bracket later today.

Junior Women

Monday morning in the Junior Women's division included two hot rivalries. The USA girls, a combined team of players from the eastern and western coasts, fought tooth and nail to claw by North American rival Canada. Excellent defense and strong team spirit US led to a score of15-11. The Canadian girls took out Japan 17-7 in the next round, showing their determination to see the USA again in the elimination round. The home team Finland faced a rival first thing in the morning. The yellow shirts of Sweden gave a real fight to the Finns, but Suomi out-ran their neighbors, 17-12.

Open Juniors

Today saw another blow-out day for the Canadians who allowed three points in two games. The Great Britain - Australia game was the tightest of the day, pushing time all the way to 7 p.m. It ended with G.B. coming from behind to win 18-17. The G.B. Squad visibly improved during the course of the game and gave the Aussies a

good run. Both squads played a clean and spirited game. In other games the U.S. allowed South Africa 2 points and G.B. 4. Tomorrow's game between the U.S.A and Canada should be close and exciting to watch.

Master's Division

It was tight, heated, tense and exciting. Just as most had anticipated, the USA - Canada Master's match lived up to everyone's expectations and provided some real excitement. With some points running to 10 minutes and many delays, the game ran to soft cap with the score at 13-12 in favor of USA. Canada went on to score the next two points and win 14-13. Other games today saw G.B. winning over both Germany and Japan and the USA over Sweden,17-9. Game of interest today: Germany vs. Finland - the teams look evenly matched, and Germany needs a win to stay in the running for the fourth spot in the competitive bracket.

USA overcomes in Juniors thriller

Michael E. Iacovella

Defense was the key to victory in the USA Junior Open team's victory over North American neighbor and rival, Canada, 16-15. Both teams struggled to get the most out of their potent offensive weapons. USA lead for most of the game, but the Canucks caught up at 13-all. Points were traded to 15-all, when Josh Torrel of the USA brought the disc down safely in the end-zone (see cover photo) to the exhausted cheers of players, fans, and even local residents, who had taken to repeatedly chanting the name of their favorite country.

Josh Torrell brings down the final point in the USA's Junior Open victory over Canada. (Photo by Tim Berla)

Wednesday produced even more Junior Open excitement with the South African team reeling in their first-ever victory. The South Africans defeated Switzerland, 15-9, in a match played with intense defense – and spirit. Finland beat Sweden in another continental-rivalry match, and Germany beat Russia and Great Britain with sure throws and solid offence.

IN REMEMBERANCE: Brit - an ultimate player and friend of the USA Mixed Team - died late Monday in a tragic accident. Please take a moment today to pay tribute to a man whose "smile will forever live in the hearts of those who knew him."

WFDF Players Forum
Thursday, August 5th, 2004
9:00pm-Player Center

Discussion Topics:
1. Limits to #of Teams, Divisions, # of Games, # of Players at WUGC
2. New WFDF Anti-Doping Policy
3. Removal of Observer Request Rule from WFDF Ultimate Rules
4. Creation of 'Regional' WFDF Events (Pan-American, Asian-Pacific)
5. Your Topics???

Right after the WFDF Players Forum there will be a meeting for those interested in European Flying Disc matters, such as Champions League Finals / Qualification and European Club Championships in 2005.

Schedule/field changes for Wednesday:

Please double-check the revised schedule above for field changes. Games affected are highlighted in bold & italics.

Also, KAR-18 and IMP-19 will both be served by dedicated buses. The buses leave Kupittaa one hour before the start of the game.

(i.e. 8:00, 10:00, 12:00, 14:00 & 16:00)

Your bus will return to Kupittaa when the game is over.

Day Three

Lauren Chambers, Edmund England, Michael E. Iacovella, Heidi Kalmari

Junior Women

The third day of play was calmer, as most of the teams had only one game. Canada got an easy win over Finland, 17-5, and the USA beat the Japanese girls – allowing them only six points. Great Britain and Australia played a much tighter game than the score may indicate; time ran out and the final score favored the kangaroo girls, 11-7. Canada and the US look to be favorites for the final match, but the battle for bronze is a toss-up; Sweden, Finland and Japan will most likely fight for this spot.

Master's Division

The Americans had an easy day, rolling over both their opponents and allowing only 8 points. Great Britain, Finland and Japan we also undefeated yesterday. The Finns had a close match against the Germans with a final score of 18-17, in favor of our most gracious hosts. Germany also lost a close one to Japan, 15-17. Canada allowed the Russian team to score 4 before shutting them down. But Canada had trouble holding back Sweden, who fought hard but lost, 13-15. G.B. also got a good game out of the Swedes, winning 17-12.

Women's Division

Team Canada won both their games on Tuesday, and will finish first in the A pool. Japan will likely take first in the A pool, though they lost a thriller yesterday to Australia by only two goals. Tiebreakers place Finland ahead of Australia in the pool. The aforementioned teams will probably remain in contention for the final, along with USA, Great Britain, Sweden and Germany.

Mixed Division

USA and Australia had a rematch of sorts yesterday, as they scrimmaged against each other just a few days ago in Stockholm. The USA won that game, and won this rematch, 17-11. USA play pool leader New Zealand tomorrow morning for 1st place in pool A. Germany, Australia and Finland are fighting for the final spots to advance. Canada leads pool B, and had an easy win over Japan yesterday. The

Paul Liu aims for an opponent during the first round of Guts competition on Tuesday; play coninues today. (Photo by Jesse Weisz)

Czech Republic almost lost a close one the France, and Great Britain squeezed by Japan.

Open Division

Tonight's feature game is a repeat of the 2003 UPA National Championship final. Furious George won the final, 15-12, and the Condors have longed for a rematch. Expect World championship-quality play from both teams, with defense playing a key role in the end result. Japan will defend its unbeaten record tomorrow against Germany and Finland, both of which are looking for their chance to break out. Finland defeated Germany 16-13 in a close game yesterday. Canada has an arguably harder schedule tomorrow, as they face Great Britain before their stadium showdown with the USA.

Weather forecast	+25 °C	
for Wednesday	+77 °F

Day Five: Turku Heats Up

MICHAEL E. IACOVELLA

In Open division action, Finland was almost able to catch the USA off-guard in their quarterfinal game late yesterday. Down by two or three points for most of the game, Finland rallied to 16-15 in favor of the USA, trapping the US a few meters from the back of their endzone. Several pick, foul and travel calls later, USA finally worked an offensive point upfield. USA meets Australia, and Canada plays Sweden in semis today.

In the Women's division – the only division besides Guts where a USA-Canada final isn't possible – the USA meets Canada in semis in a rematch from Round 1. Japan and Finland also meet in a rematch of Tuesday night's feature game.

Today's mixed semifinals pit the USA against Germany, and New Zealand against Canada. The mixed final is played tonight at 19:00 at Kupittaa 3.

In the Masters division semis, Canada meets Sweden, and the USA plays Great Britain. The finals are tonight 17:00 at Kupittaa 2.

Finland meets the USA, and Germany plays Canada in the Junior Open semifinals this morning. The final will be played tonight in Veritas Stadium at 17:00.

USA beat Sweden, and Canada bested Japan in yesterday's Junior Women semifinal action. The final will be played today at 13:00 at Kupittaa 1.

In Guts action, Finland will meet top seed Japan 1 in semis today. Japan 2 and 2nd seed Republic of China meet in the other semifinal.

Sweden advances the disc against Great Britain in yesterday's quarterfinal action. (Photo by Paul Hurt)

The **INTERNET CAFÉ & CALLING CENTER** -- located behind the Tournament Center stage -- offers Internet access at 1.50€/half-hour, along with cold drinks, coffee, tea, and snacks. International calling cards may be purchased for 10€. Two telephones are available for long-distance use.

* * *

TODAY: HUG A STAFF MEMBER DAY Please take a moment to thank the volunteers and hired staff who have labored countless hours to make this tournament a reality.

* * *

MISSING YOUR LAUNDRY? Please check with the Tournament Store staff if you are missing a sock or two. Marie-Claire St-Jaques & Cedric Chainhorn (France Mixed) - please check in if you are missing any items from your order.

Erin Hick -- please stop by the GAIA shop ASAP.

HERTZ RENTALS: Leaan Nounnan, please contact the Tournament Shop immediately concerning your rental.

Schedule/field changes for Friday:

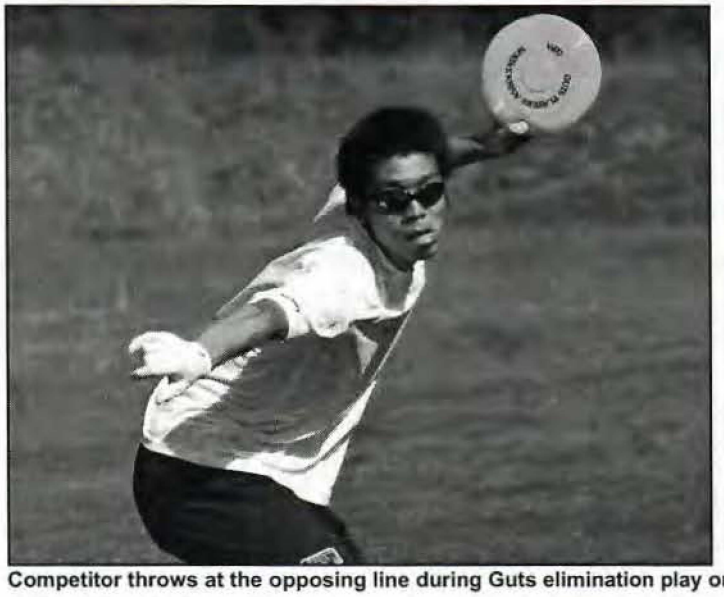

Please double-check the revised schedule above for field changes. Games affected are highlighted in bold & italics.

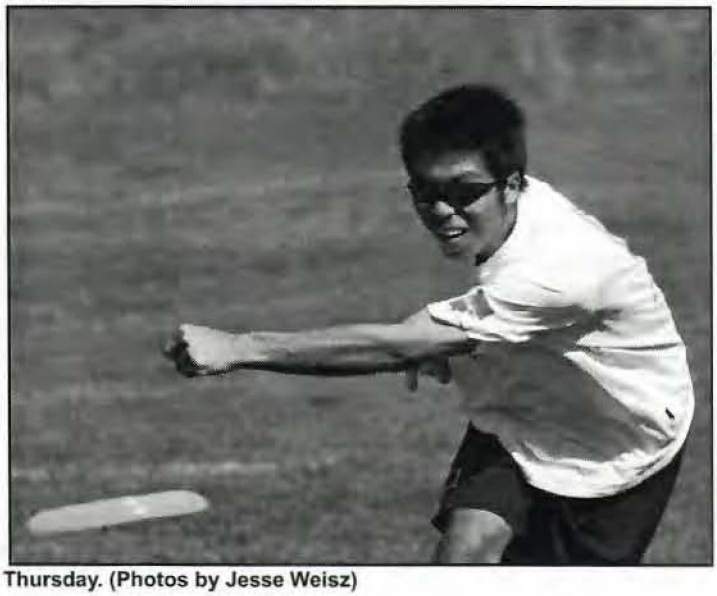

** Please be aware of time change.*

If you think rule No. 1 is THE No. 1 rule in the rule book (as in, **Spirit of the Game**), and would like to spread it within not only the ultimate community but in "the outside world" (especially in the EU community), and join some programs concerning youth and education, here's what to do:

Let's meet for a short talk at **9:00pm at the entrance of the Tournament Center**. We are a group of ultimate players who have been discussing these topics and want to make concrete programs aiming at getting EU funding.

- Pepe, Hajni (Hungary) and Paul (Sweden)

Day Six

Lauren Chambers, Edmund England, Michael E. Iacovella, Heidi Kalmari

Open Semifinals

Open Semifinal 1:
Canada 17 - Sweden 8

Yesterday's Canada/Sweden semi was a rematch of a hotly contested game in Round 2. Sweden had not seen a World Ultimate Championships final in more than 10 years, and now they will have to wait at least another four. Perennial contenders in Europe, the Swedes could not pull together the offense needed to counter the huge lefty backhand of Jeff Cruickshank. Canada scored four straight to open the match, but let the Swedes back in at 10-7, Canada. Furious closed the door hard in the second half, finishing with at least 3 consecutive defensive goals.

Canada's game against the USA today is a rematch not only of Wednesday night's feature game , but also of the 2003 UPA Championships final. In the UPA finals, Furious George of Vancouver (representing Canada at WUGC 2004) defeated the Santa Barbara Condors, 15-12.

Open Semifinal 2:
United States 17 - Australia 8

Any competitive club team in the USA will most likely tell you that they fear the Condors' defensive prowess. The team from Santa Barbara, California – representing the USA at this WUGC – always brings a fearless defensive line wherever they go. For confirmation, one may look to the semifinal game yesterday against Australia. With the USA up, 3-2, Team Australias' offensive weapons (Potts and Rogacki) could only work two more scores before half came at 9-4, USA. Australia woke up on D in the second half, but it wasn't enough to keep the USA from a feature game rematch with Canada. Offensive weapons (of which their were many) this game included James Studarus and Brandon Steets. Ryan Yarbrough was named the games MVP by the Aussies.

Women's Semifinals

Women's Semifinal 1:
Canada 17 - United States 8

This game really came down to focus, of which Canada was lacking none. The Canadians quietly ran their offense, while letting their defense take over. Errors, both forced and unforced, were converted by the Canadian defense early in the game. Canada took half with a considerable margin, and never looked back in the second half. Always a threat on both sides of the disc, Leslie Calder (#7) got the assist on the final point off a short throw to Valerie Dion (#66).

Canada faces home team Finland in the finals this afternoon. Finland achieved only 9 goals against Canada in 2nd round play, but Canada will not take this game lightly.

Women's Semifinal 2:
Japan 11 - Finland 14

Finland got their rematch against Japan in the second semifinal game on Friday and didn't look back. The Finns let the Japanese into the lead only once during the whole game, at 11-10. The blue-and-whites went on to score the final four points (11-14) to secure the victory and a place in the Saturday's final against Canada.

It was obvious from the very beginning that both teams wanted to be in the finals. The fury with which both teams went after the disk on defense and the patience of their offensive play was especially noticeable in the beginning of the game. Although there were many calls in the game that interrupted the rhythm and created some tension between a few players, in the end, the Finns were better able to focus on the business at hand than the Japanese. Katja Kosonen (# 30) had a strong day both in the defense and offense assisting three goals and scoring one. Henna Jalovaara (# 11) had an important role at the end of the game first making a defensive block and scoring, 12-11, which pushed the Finns to the final run.

Mixed Semis / Final

Mixed Semifinal 1:
United States 17 – Germany 9

Most were expecting this to be an easy game for the undefeated USA, but the Germans gave them a run right from the start. The first quarter of play say both teams working their long game and breaking the mark often. Germany took the lead at 4-3, but the USA utilized its depth and consistency to turn the game around.

Mixed Semifinal 2:
New Zealand 13 – Canada 16

In the other semifinal, New Zealand – a force in the mixed division as of late – faced the Canadians. The Kiwis couldn't get into an offensive groove, and Canada took half with a commanding lead, 9-5. New Zealand countered with hard marks and converted on key blocks that kept the game close. Canada's experience and poise under pressure proved the deciding factor.

Finals: United States 17 – Canada 14

A hat trick for the Americans! Team USA, represented by the Lake Tahoe, California, "Donner Party" may very well be proclaimed an Ultimate dynasty. Beginning in 2002 with their incredible run to the top from a low initial seed in the World Ultimate Club Championships in Hawaii, the Party have won two consecutive UPA Championships and now take home the gold for the USA in the Mixed division at the WUGC.

Canada and the USA tied in total goals for after Round 1, but Canada's total goals against was a staggering 25 over 7 games. Most expected a barn-burner in this game between unbeatens, with the USA's potent offense hammering against one of the best defensive showings of the tournament. The game was exciting to watch, but it was the USA's offense that dominated more than anything else. A very long point in the beginning of the game ended in the Americans' favor, bringing the score even at 2-all and providing momentum that pushed the USA ahead to half, 9-6. A late defensive surge by the Candians wasn't enough to counter the USA's deep game.

Masters Semis / Final

Masters Semifinal 1:
Canada 17 - Sweden 13

Canada went up early in this game, but unforced turns were capitalized on by Sweden to bring them back within one before half. Canada pulls out the win with more focus and consistency on offense.

Masters Semifinal 2:
United States 17 - Great Britain 13

Great Britain made up a 3-point deficit early in the game to tie it at 8's. The two teams traded points to13's, but the USA dug in their heels and closed the game with 4 straight goals.
Final:
Canada 10 - United States 17

The final against the U.S. proved a heart breaker for the Canadian team who had already beat the U.S. in pool play. The U.S. got up two points at the start and Canada could never recover the difference. Early on in the game the U.S. had a

three point run to take the score to 7. The Canadians answered with two points of their own but couldn't catch up. Simply put, the Canadians couldn't capitalize on the turn-overs they received, and the U.S. was more focused on the tasks at hand. The USA's endurance was hard to beat and, in the end, the Canadian's game came down to errors made and opportunities lost.

Junior Women's Final

Final: United States 8 - Canada 17

In the Junior Women's Final today, Team Canada bested the United States, 17-8. A slight change from the earlier calm conditions, the wind picked up a little bit and this might have affected the American's game. The girls seemed nervous and a bit tentative. The precision throws that we had come to expect from the team were off and their offense never got into a rhythm. On the flip side, the Canadian team was well in sync and converted on their opportunities.

The Americans fell behind early, going down 2-5. They came back to within two at 4-5, when Leila Tunnell pulled down two goals, but this would be the closest that they would get. The Canadians went on a furious run and took the half (9-4). They showed no signs of letting up in the second half of the game and went up 11-4. At this point, the US was able to put in two goals in a row and it seemed that they might be starting their come back run (6-11). It was not to be the case, Canada allowed only two more goals and that was it. Final score Canada 17, United States 8.

Junior Open Semis / Final

Junior Open Semi 1:
United States 17 - Finland 9

Finland started out with the same intensity as the blue-white Open guys did the day before. The young Finnish boys found their flow on offense and at half time the score was a tense 9-8, USA in the lead. The second half may as well have been a completely separate game. USA allowed the Finns only two offensive points and advanced easily to the finals.

Junior Open Semi 2: Canada 17 - Germany 10

Despite their best effort on both sides of the disc, Germany was out-matched against Canada. Taking the lead early, the Canucks never looked back and advanced to again face the USA.

Final: Canada 9 - United States 17

Having already played a round-robin game against one another that was, to quote USA Juniors assistant coach Kyle Weisbrod, "the most exciting game that meant absolutely nothing," expectations at Veritas Stadium were high for the Junior Open final. In the game that "meant something," the USA dominated on offense with perfectly-placed hucks through the heart of the Canadian defense. After taking half, 9-3, the Canadians crept back to 11-7, but that was as close as they would get. Working their way downfield on the final point, Eldon Creer (#31) of the USA reeled in an errant out-of-bounds pass and flipped it to Tommy Hendrickson (#5) for a "Greatest." Conner Maloney scored the deciding goal to close the books on the American boys' undefeated World Championship run.

Turku Worlds is a victory in itself for South African Juniors

Heidi Kalmari

"Just to have these guys here and playing is the greatest thing", describes Matthew Shaes of the feeling among the South African Junior Open team. Shaes, with the help of other South Africa Open players, have acheived a goal they had set more than two years ago: brining young boys from the disadvantaged Khayelitsha area in Cape Town to play at Worlds, their first real games ever.

Shaes and others started a development program 7 years ago, in which they have been getting young South Africans out in the fields and throwing frisbees. Eight of those youths, assisted by a few players from Estonia, Great Britain and Sweden, have now completed their first tournament.

"This is also the first time that these boys are outside South Africa," says Saes. He adds that none had ever been in an airplane either. "As the plane took off from Cape Town, the boys closed their eyes. But when we got to cruising altitude they realized that there wasn't anything to fear, any they finally relaxed," he added. The Khayelitsha boys gained credits on their tournament fees by volunteering in the tournament catering, but mostly their trip was funded by the Finnish Emabassy in South Africa. Shaes wants also to thank all the people in the Turku Worlds organizing committee who made this possible.

Spirit around the world

Heidi Kalmari

Spirit through Song

"I'll buy you anything, if you do what I want," the South African Juniors chant to the South African Open players in a game against Ireland. The boys are lifting up their feet slowly, clapping their hands at the same time and moving towards the sideline. The boys are singing in their native Xhosa language. "This is a traditional sport and battle song. It is used to give force. The boys are singing when they see the enemy", explains Pindi May who's travelling with the boys.

Some of the songs have been made by the boys themselves, but some are from the time when South Africa was fighting for it's freedom. Music has always been inside of these boys. "It is the most amazing thing that these boys cheering up for us", says # 1 Matthew Shaes with a big smile on his face.

A little samba in the game

"People always hang around with us in the tournaments, because we have the best party!" This is guaranteed by # 81 Alan Rotenberg and # 28 Marco Aurelio from the Brazilian Open team. They promise that this is the team in which everyone has a smile on while playing, even in the tight games. Afterwards they promise to give every opponent a rhythmic greeting from Brazil.

What about the drums, you ask? "Unfortunately they didin't fit into our bags," Aurelio says. With or without the drums the Brazilians promise to show some new moves on the field. "We have a free flowing strategy and we try to keep our play creative and individualistic", comments Rotenberg and admits that some of their moves can be compared with a smooth samba steps.

Strollers on the sidelines

Lauren Chambers

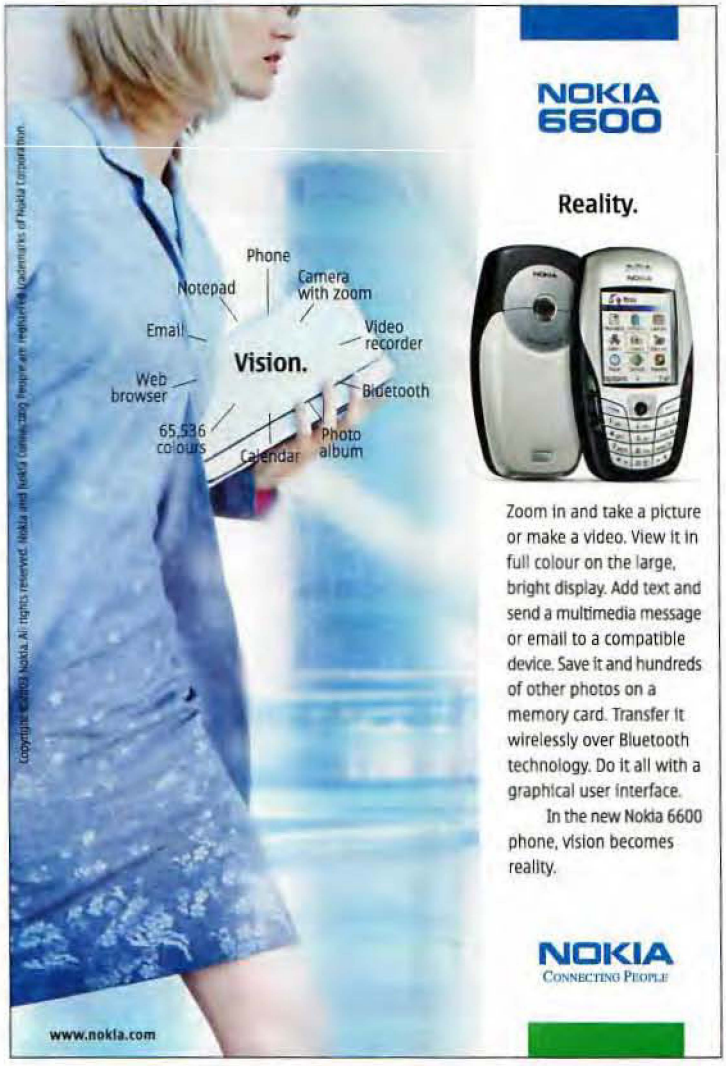

At 13 months old, Cory Nounnan is likely the youngest participant at Worlds here in Turku. His parents Leeann and Daryl Nounnan play for Team U.S.A: Women's and Mixed respectively. They decided that to really be able to relax and play their best meant having their son come all the way from California despite the expense and added stress of having a toddler to care for. Daryl has his mother Michelle, as support during the trip, which includes a day and a half in London and five days in Helsinki.

This is Cory's fourth tournament since birth, his first being U.P.A.'s in Sarasota when he was just four months old. Leeann got right back into playing top level ultimate after giving birth and says that the physical wear and tear of playing actually seem easier to handle now.

As far as being a distraction is concerned, Leeann said that Cory is a perfectly calm little guy who has adapted well to travel. She mentioned that, after renting bikes to get around Helsinki, it started to rain as the couple headed out. Deciding not to let it ruin their trip, they covered up with ponchos and set off. Concerned with how Cory was handling the rain they turned around to find him sleeping deeply, oblivious to the weather.

Also here with their child is Australian couple Leon Smith and Helen Osmond. They didn't have the luxury of a family member to help them so Leon decided to play with the Master's team instead of Mixed because he felt that this would allow him more freedom to look after little Thea, 2.

The financial sacrifice for these couples has been great, but all agree that competition at this level comes along rarely and the experience of playing at Worlds is worth it.

CONGRATULATIONS to USA Mixed's Jeff Fillenger & Steph Turner on their engagement after winning yesterday's Mixed final.

GOT SNEAKERS that aren't yours? Please contact James Studarus at the Hotel Hamburger Börs (room 358) if you come across any Salomon running shoes (custom insoles inside).

RANDY HARKNESS, please contact the Tournament Store regarding your Hertz rental. Note to all: The Tournament Store moves to Veritas Stadium today.

PARTY TIME in the Tournament Center, tomorrow night at 8 PM. Please remember that no outside alcohol is allowed in the TC. The party is all ages.

The World Games 2005

This WUGC is the qualifying event for the best 6 national associations to enter The World Games 2005 in Germany. The qualification is based on a country's three best results from these Worlds' six divisions. The following countries have qualified for next year's World Games (exact points depend on today's games):

Canada (42-44 pts.), USA (42-43 pts.), Australia (34 pts.), Finland (32-33 pts.), Japan (31 pts.), Germany (host in 2005)

The World Games for Ultimate will be held July 22-24, 2005 in Duisburg, Germany, at the Wedau Sports School. See also www.frisbeesport.de/worldgames2005/ (for Ultimate matters) or www.worldgames2005.org.

From Aleksi Grym, Tournament Director:
On behalf of the Tournament Organizing Committee, I would like to thank all of you. Thanks for playing hard, thanks for playing fair, keep representing.

- Aleksi & the TOC
