Please take advantage of these services and let us know what you think of them.

We hope you have a great time here and make many friends. Good luck in the tournament and may the Spirit remain strong!

WFDF Forum.

For most of you reading this the work of the **World Flying Disc Federation** may be a mystery. The 11th Congress of WFDF will be held on Monday 24th July at Millfield, right under our noses. But what will happen and how will it effect us as players?

WFDF is a players organisation. It was created to respond to the needs of players world-wide so that they may have a voice in their sport. Constitutionally it is the representatives of your national associations that vote on a range of topics concerning disc sports, from tournament play to development in schools, from disc technology to rules, but historically WFDF has developed through individuals and organisations responding to what players want. The WFDF Forum gives you, the individual player, the opportunity to voice your own ideas about the direction in which the sport is going.

The Forum will be held on **Thursday night at 8.00pm**. It will cover a wide range of topics including many aspects of tournament play at WFDF Championships. For example the question of cost and quality, tournament duration, game length, pre-qualifying tournaments etc. If you have a view please let it be known. Tournament Directors welcome as much guidance as possible on the needs of players both on and off the field. Your views will help form the way tournaments are run in the future.

WELCOME TO THE *95 WORLDS

Spirit of the Game.

When WFDF was formed in the 1980's I was fortunate enough to be elected as its first President. A major part of my job then was to define the Aims of WFDF and try and capture in words the importance of the way we behave as players of disc sports. Reading those Aims again I am struck by their relevance today, even though the sport and WFDF have developed significantly in the past eleven years. The first Aim reads:

"To encourage and protect the spirit of flying disc play where as partners rather than opponents we compete against the limits of our own abilities rather than each other. To foster a climate of peace in which disc play may be appreciated for its ability to bring people together in a communal rejoicing of skill and play. To ultimately learn to live together through playing together."

I hope that these values are shared and that the Aim of WFDF is the aim of us all this week.

All 6 teams in one pool. Double round robin with top 2 teams playing the final.

Tie Breakers:

There is a well developed system for tie-breaks now. If two teams are tied after any phase of pool play then the result of the head-to-head game will determine places. If three or more teams are tied then the following order of criteria will be applied;

1. Points scored in games between those teams will be calculated. The team with the highest points difference in those games will determine the highest ranking for that team. The remaining teams will be decided on the same basis if there are still three teams tied or on a head-to-head basis if two teams are still tied.
2. After calculating the points difference between three or more teams, should the points difference be the same for two or more of those teams then the highest points scored in those matches will determine places. After determining places by this criteria, should two teams remain tied then their ranking will be determined on the head-to-head basis.
3. Should three or more teams still be tied after points difference and points scored are calculated then points difference in *all* games in that pool will be calculated and the team with the highest difference will gain the highest ranking. Further rankings will be determined by the results of head-to-head games.

Game Length.

Please see the table below for length of games in each division for Round 1 and 2 games, the knockout phase and Finals.

There will be no change to the seeding, tournament format or schedule. All teams and players are expected to be familiar with the Rules of the game as laid out in the 1995 WFDF Rule Book. Clarifications of rules will be made at the Captain's meeting where necessary.

Opening and Closing Ceremonies.

Welcome from WFDF

Welcome from Millfield School

Closing remarks by Charlie Langdon Mead.

The **closing ceremony** will take place on the fields after the medals and trophies have been given on Saturday 29th July at approximately 16:30. If it is wet the presentation of medals and trophies and the closing ceremony will take place in the main marquee after the Open Final.

Finals, Medals and Trophies

Medals and Trophies will be given after the Final game in each Division, unless it is raining. There are medals for the top three teams in each Division and trophies for the top three teams in each division. Trophies for the Spirit of the Game in that Division will also be awarded at this time.

If it is raining all medals and trophies will be presented in the Main Marquee at the end of the Open Division Final.

It is therefore very important that third place teams are available to receive their medals and trophy if they are in the Division that is playing that Final. I am sure you will be watching the final game in your Division anyway.....

ULTIMATUM

Wednesday, WFDF World Clubs 1995

...brought to you by: Larry Larkin, Arun Sharma & Mat Porter

Millfield Rock the Tor!

The beat of the drums, the smell of Rum and the mellow hum of a didgeridoo and as many people as you could fit on the Glastonbury Tor, set the ambience for Monday night's party.

The view from the Tor as the evening mist settled added to the opaque atmosphere of the night. The skins were ignited, the dancing became progressively vibrant. The celebrations went on until the early hours of the morning, when people eventually began to undertake the task of returning to Millfield.

Many thanks must go out to all those who, in the Spirit of the Party, chose to share their drinks with the gathering

Double Happiness Forfeit...

With the non appearance of the US Team, Double Happiness, between the hours of Sunset and midnight during the evening on the Tor, the challenged Team 42 from Germany claim victory in the scheduled Beer Race!

WFDF Forum

On Thursday night at 8.00pm in the Jubilee Hall (where registration was). The forum is open to *all* players and is an opportunity to let *your* views be known. Topics for discussion currently include:

- Aspects of tournaments (cost, quality, duration, game length, etc.)
- Should WFDF Ultimate Championships be held only every two years?

- Do we need qualification tournaments?

Come along, have your say and influence the progression of *your* sport!

Important Requests

Can all teams please note that they should not extend the time between scoring and the next pull beyond two minutes. Many teams have been taking longer than this, and complaints have been voiced to the tournament director. We will keep an eye on this

situation and penalties will be imposed for time wasting.

The finals will now be held on pitch 8, games will therefore moved from that pitch where possible. Keep an eye on the Schedule!

Domestic Announcements

Payment for transport from London or Sherborne to Millfield last week must be made at the Millfield Office or at the Ultimate Store TODAY, please. Payment for all players arriving before Saturday should also be made to the Ultimate Store today.

Transport from Millfield to London on Sunday 30th July. Book now at the Millfield office.

No Discs in the Street!

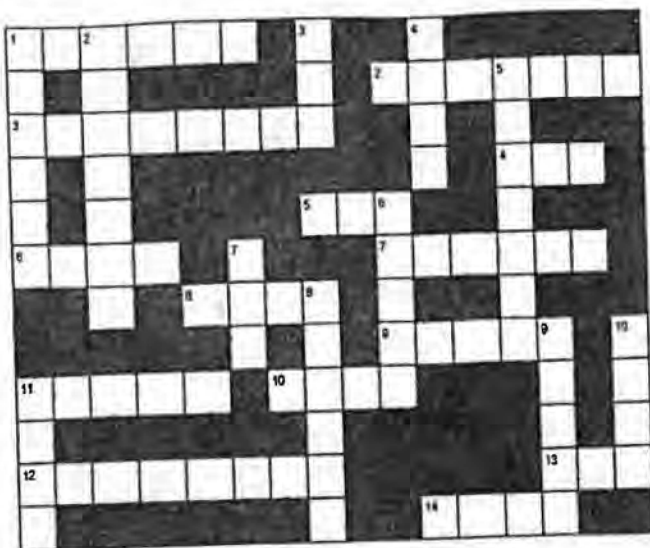

Can all players please use their discs on the campus only, we have received complaints of discs being thrown around Streets of Street. Should this cause an accident you will be liable for all damage caused. Thank you.

Tent Rescue!

As you may well have noticed yesterday was rather windy. As a result of this the restaurant tent flew away like bad hammer! The Millfield Staff have been working extremely hard throughout the night to ensure that it is up and running by the morning. Special thanks must go to these good people.

Message

Anelli Andersson: Georgina Copher cannot pick you up on Saturday, she has to go to Italy.

Hello! We are "KEIO HUSKIES".
We come from JAPAN, a world of the "SAMURAI". (Psyché!)
We'd like to enjoy ULTIMATE and make friends.
Only problem is that we aren't good at English and are very shy.
So can you come talk to us?
When you start talking to us, you'll find that we "shy boys"
are actually "nice guys".
We'll be looking foward to playing with you.
See you on the field.

THE WORLD CLUBS '95

STAN FAT CHANCE CHALLENGE.

In 1985 the fading stars of Rock and Roll brought you Live Aid. That was a great success for charity. Now in 1995 the fading stars of Stan bring you a new way to raising funds for charity..... LARD AID!!!!

Picture the scene - Stan vs Mir San Mir, European club Championships of 1994 - a crunch game. Stan pull Juha Javovaara attempts to catch it but is intercepted by his own belly!! Mir san Mir score more points in that game, but the moral victory is Stan's.

Juha is a big part of the International Ultimate scene. To some he is deceptively athletic, whilst to the more honest amongst us he is known endearingly as the "Fat Finn" who flew to Munich (Munchen) - or is that Munching?????

Juha's already generous profile was expanded by a well-deserved mention in the Stan Form guide, circulated during the 1994 World championships. This booklet provided an in-depth analysis of some of the games' most finely tuned athletes. And Juha! (Wait a minute wasn't Sammy Neilson

mentioned in this form guide as well!!!! Ed.)

Refusing to accept such provocation lightly however, Juha threw down the Gauntlet (along with this corset) to our Guru Jim (Puppy Fat) Edwards in the form of a fatometer challenge. This is presented this week as the Ultimate argument-solving device regarding excess weight.

The big money showdown between Jim and Juha will take place during the last Saturday night party but YOU can join in through out the week. Why not challenge a friend or even arrange a team challenge and visit the Lard aid desk outside the medical Tent. We suggest the wager ought to be at least £1 per person involved and the winner will be the % fattest or the % thinnest - whichever you agree! Loser pays. But everyone gets a FREE BADGE and all money raised will go to a registered charity.

Make sure you wear your badge with pride on Saturday as you could win in the prize draw (run in conjunction with the National Lottery!) There is every chance you could win a million!!!!!!

[This event is yet another *Standalous Production!*]

VENEZUELAN'S KEEP ON PARTYING.

The Yanomamis showed that their party spirit was not to be a one off by their behaviour in yesterday's games. They came close in their first game against Headrush, losing 16-13, and despite the early start, finished off the game with a pitch party. The party attitude reigned again in their encounter against Rage (final score 19-5) with an on pitch call of yet more singing and dancing. Furthermore, their support was not confined to their own team later they went on to cheer on Headrush in their final game against Goteborg Disciples. But the week is still young, can Venezuela keep this party feeling all week? We hope so!!!! Vicky- Staff.

SERIOUS STUFF

Can the people staying at Edgarley please eat in the Edgarley dining room as there is not enough food at Millfield for all of us.

Can you NOT fill containers with milk or juice from the dinning room, the second sitting would like some too!!!

Coaches have been and will be provided when there is demand, please book at the Millfield office.

CONGRATULATIONS

To the British women of Twin Peaks for winning their first game every today.

(More reviews of the women's ultimate to follow tomorrow)

NO SUN TANS TEAMS

PRESENT:

BUT THE SUNTAN SPIRIT IS ALIVE WITH ALMOST 40 SUN TANS PLAYERS AT THIS TOURNAMENT. WE ARE STILL ABLE TO WIN THE PARTY EVEN THOUGH VENEZUELA IS TOUGH COMPETITORS.

I'VE SPOKEN TO A FEW AND WE SUGGEST ALL SUGGEST ALL SUNTANNERS TO MEET AT THE BIG CAMPUS TENT THURSDAY AT 7:30 PM, TO BEER, PARTY AND SING ALONG

THE ULTIMATE SPIRIT OF LIFE IS TO ENJOY IT!! STAY FREE A. P.

A ZONE TO REMEMBER

While many teams struggled with yesterday's wind, Chain Lightning looked on happily as they saw a chance to put their destructive zone defence into action.

After an initial attempt, which was busted by four straight line passes from the stylish and ever vocal Woodpeckers, the wind picked up and Chain Lightning went into zone cruise control.

Their first victims were the Woodies who after leading comfortably in the first half were beaten 19-12.

The second team to suffer were the Fluid Druids, with a fine show of truly experienced play by Stu Bear Downs who proceeded to make two amazing blocks in the zone, and seemed set on de-fluidizing the Druids. When travel was called on him, he managed to entertain the crowd with a fine hammer into the pitch, claiming "I heard travel, and took the opportunity to throw that."

LOCALS AND SOCIALS

On behalf of the staff, I would just like to take a moment to explain the strict security procedures at parties. Millfield school has a slight problem with intrusion from some local people who have been known to cause extensive damage. Therefore, we feel that it is in ALL our interests to cooperate fully with the security staff. This includes displaying your player ID on entry to all parties, and NOT attempting to gain access via the fence.

ULTIMATUM

Tuesday a.m. THE WORLD CLUBS '95

IN THIS ISSUE: Women in Ultimate, what will the future hold?
Interactive Ultimate, PLUS all yesterdays results and the new pools.

WOMEN'S OWN!!

With Fourteen women's teams playing at this tournament, I thought it would be interesting to look at women's Ultimate and how it is progressing. Especially in Britain where we appear to be going through something of a transition.

This article is not only for women but hopefully will stimulate conversation between both sexes.

The discussion has centred on the costs and benefits to both sexes of co-ed and single sex ultimate.

Not only at major competition level but on the club circuit as well.

Ultimate originally was designed as a co-ed sport, and because of this, attracted a certain kind of person (if you catch my drift!)... As Jeff Jackson from the Druids pointed out, he took the sport up because it enabled him to play with women (way-hey!!!) Yet in America, women have branched out to form a league of their own, and have proven

themselves to be the best in the world.

It is now 1:10am and we're still debating as we write this article, so we'll leave you to draw your own conclusions, and please let us know!

URGENT

The Pink Team from Munich needs female support for our Freshman (no: 71) Please contact ASAP on the field or in Overleigh. (Spanish speaking is preferred!!!)

INTERACTIVE ULTIMATE!

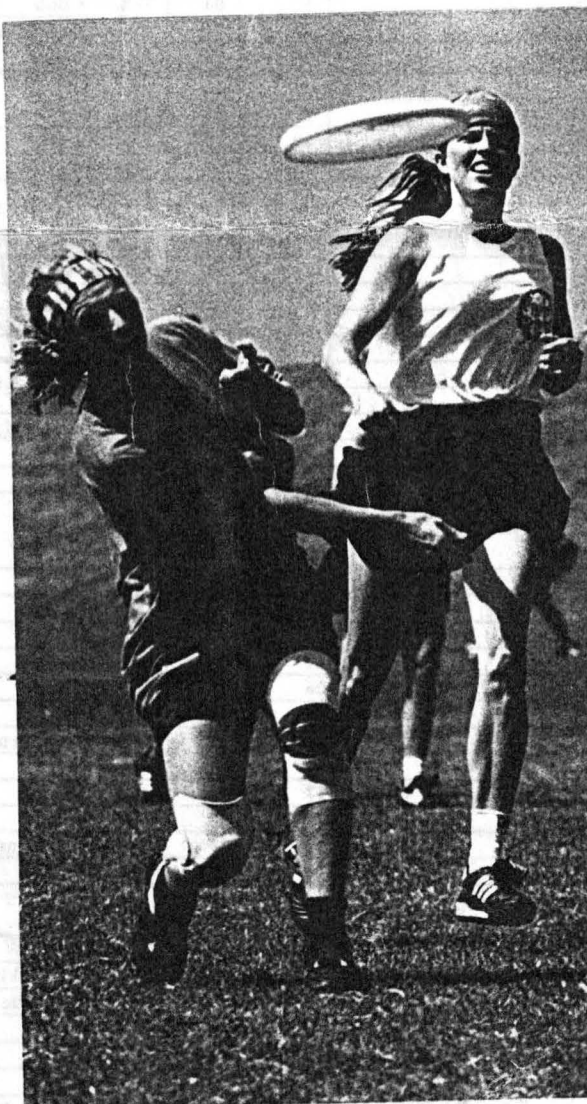

Lunchtime saw a stunning game when Death or Glory played Shotgun. DOG led for all the game, however Shotgun really showed the strength of their team, ending with a win to DOG 19 - 12. Shotgun took the most points from DOG so far in the tournament. Better still, the match also gave a variation to the traditional game we know. With cries of 'hammer' 'something for the crowd' the players entered a new level of virtual ultimate, their passes being dictated by the crowd.

IMPORTANT CLARIFICATION REQUIRED

Your article "Naked ambition" omitted several key points:

- 1: The first naked point was Canadian only.
- 2: The Canadian naked line up was Co-ed.
- 3: When the Americans reciprocated (many points later), the disrobing of the American line up (all men) had to be complete by one of the Canadian women.
- 4: This was the first of many naked points.

It's infectious - catch the feeling!

ULTIMATUM

Millfield Rock the Tor!

The beat of the drums, the smell of Rum and the mellow hum of a didgeridoo and as many people as you could fit on the Glastonbury Tor, set the ambience for Monday night's party.

The view from the Tor as the evening mist settled added to the opaque atmosphere of the night. The skins were ignited, the dancing became progressively vibrant. The celebrations went on until the early hours of the morning, when people eventually began to undertake the task of returning to Millfield.

Many thanks must go out to all those who, in the Spirit of the Party, chose to share their drinks with the gathering

Double Happiness Forfeit...

With the non appearance of the US Team, Double Happiness, between the hours of Sunset and midnight during the evening on the Tor, the challenged Team 42 from Germany claim victory in the scheduled Beer Race!

WFDF Forum

On Thursday night at 8.00pm in the Jubilee Hall (where registration was). The forum is open to *all* players and is an opportunity to let *your* views be known. Topics for discussion currently include:

- Aspects of tournaments (cost, quality, duration, game length, etc.)
- Should WFDF Ultimate Championships be held only every two years?

- Do we need qualification tournaments?

Come along, have your say and influence the progression of *your* sport!

Important Requests

Can all teams please note that they should not extend the time between scoring and the next pull beyond two minutes. Many teams have been taking longer than this, and complaints have been voiced to the tournament director. We will keep an eye on this

situation and penalties will be imposed for time wasting.

The finals will now be held on pitch 8, games will therefore moved from that pitch where possible. Keep an eye on the Schedule!

Domestic Announcements

Payment for transport from London or Sherborne to Millfield last week must be made at the Millfield Office or at the Ultimate Store TODAY, please. Payment for all players arriving before Saturday should also be made to the Ultimate Store today.

Transport from Millfield to London on Sunday 30th July. Book now at the Millfield office.

No Discs in the Street!

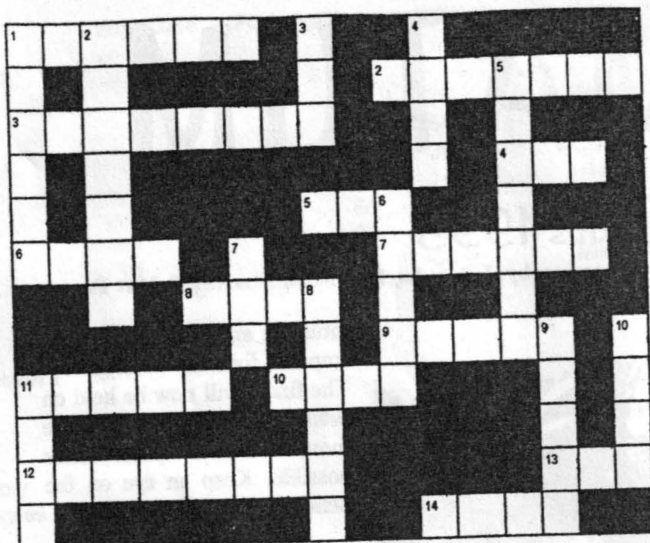

Can all players please use their discs on the campus only, we have received complaints of discs being thrown around Streets of Street. Should this cause an accident you will be liable for all damage caused. Thank you.

Tent Rescue!

As you may well have noticed yesterday was rather windy. As a result of this the restaurant tent flew away like bad hammer! The Millfield Staff have been working extremely hard throughout the night to ensure that it is up and running by the morning. Special thanks must go to these good people.

Message

Anelli Andersson: Georgina Copher cannot pick you up on Saturday, she has to go to Italy.

NIGHT SHIFT MAKES IT ON NATIONAL RADIO!!!

You may or may not be aware of the work that goes on as you take your beauty sleep, such as this news letter.

Well last night after Trading Night three fearless members of the staff team sat up all night to bring you yesterdays edition, whilst the editor did a good impression of a very drunk person passed out on her bed! (cheers lads). In the early hours of the morning when fatigue started to set in it was decided that this tourney needed some more publicity and Arun decided to ring Radio One (a national radio station), after several attempts he finally found himself talking to Chris Evans on the Breakfast Show, and proceeded to play 'Honk your Horn'. it was a truly magical moment!!!!

we have actually received a lot of Media coverage at this tournament, including national news and children's television

RAD LADS PULLING GUIDE

Come on now boys admit it you think of you selves as quite radical don't you? Well even if you don't the latest edition of "Just Seventeen, a magazine for teenage girls thinks you are! They have published an article on how to "Swoop a ripping waxhead" and how to "sick bunny in a jam"!! (translation snog a gifted surfer, and how to have fun with a talented novice skater!!!!!!!!) and one of the *rad* sports they feature in this article is the beloved sport of *Ultimate*, so girls, should you have your eye on one of the many studs wondering around this week why not try some of the chat up lines suggested in 'Just Seventeen', things like "Hey, I like your Discraft!", "Have you tried the 180g Austrian Model? It's great for long distance!!" Sounds good huh!!! (I must just offer a vote of thanks to Sonic from the Druids for pointing this article out to me, my only question is what where you doing reading 'Just Seventeen anyway????!!!!"

Lads how about writing a Hip Chicks guide for pulling us girls. No, Guy that does not include your chat up lines from last night!!!!

LONELY DISCS

* 20 females Peaks seek 20 lonely climbers, Stamina, agility, endurance and flexibility are a must.

SERIOUS STUFF

The WFDF forum is on tonight 8pm in the jubilee hall. Don't miss it!!]

All money owed for transport and early arrival must be paid before quarter final matches. Payable at the Ultimate store or the Millfield office.

DID YOU NOTICE?.....

How the thunder and lightning arrived in the morning when there were now games scheduled - How did that happen??

A VOTE OF THANKS

Dan, alias Giggysy, from Headrush, would like to thank the staff for kindly letting him sleep in the phone booth last night. He also extends his thanks to all those who did not phone last night and wake him up. Of course we would like to point out that this will never happen again, under any circumstances- - unless of course you book at least two hours in advance.

SCISSORS, PAPER, STONE.

As the rain lifted at 10:30 this morning, it gave way to a very spirited game between Death or Glory and the G-men. It was slightly confusing at first in trying to differentiate between the twins Brad Wendt and Corky. they both apparently look like Lionel Blair - a poor English Actor?! for those of you who don't know!! the way to tell them apart is Brad is the one in the distasteful tie dye shirt. the high light of the game was when Corky and Jaden caught the disc at the same time and decided to settle possession by playing 'Rochenbeau' - scissors, paper, stone. Jaden won with paper wrapping the stone, although this didn't lead them to victory as Death or Glory won 19-8.

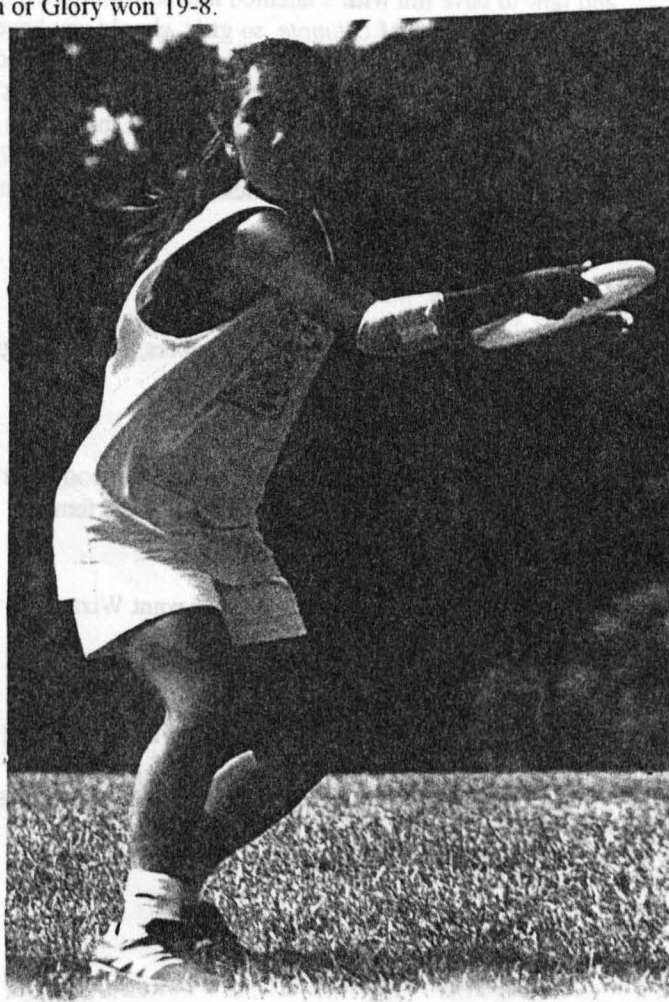

OVER HEARD ON THE SIDE LINES.

Yesterday one of the members of staff, in search of her teams for the game she was about to score, accidentally asked a total stranger if she was 'Passing Wind', not realising that this person had nothing to do with that particular Ultimate team.

THANKS!

On behalf of the staff I would like to thank certain members of the medical team for relieving some of us from our normal duties on Wednesday Evening.

WHAT TIME IS IT? SHOWER TIME!!!!!!!!!!!!!!

HOW MUCH NOISE CAN A FRISBEE PLAYER MAKE?

Well if the side lines of the Shotgun vs NYC game was anything to go by, quite a bit!! Apparently according to the Mendip District Council a little bit too much!! After the Trading Night, a truly storming party, we managed to incur twenty five phone calls of complaints, definite proof of our partying abilities!!

The result of these grievances is that Mendip District Council have very kindly served us with a legal notice telling us to keep the noise down. Somehow I don't think that they are concerned about our beauty sleep!!!! But of course this is only a minor set back - the staff have vowed (especially Larry and Arum) to dance to the Dawn.

But let me put this more clearly. According to the law we now are not allowed to have any live music after 11 pm and the disco after 12 pm. But we still have the bar! Which on Friday night will be open until 2 am, and of course we have each other and hey why not make our own sweet music!!!!

The main thing as far as we can see to beat this is to party hard early in the evening. The doors to the tent will be open from 8 pm onwards on both Friday and Saturday evenings and we can make as much noise as we like before 11 pm, so why not try and raise the roof!!!!

LET'S SHOW STREET HOW TO PARTY PROPERLY!!!!

FAT MAN FOLD-OVER

At the beginning of the week we brought an invitation from the players of STAN to prove you true leanness. Well competition has been fierce, but I can now bring you the latest up dates hot from the mouth of Sam Neilson. The most important part of this challenge was to raise some money for charity. By the amount of badges gone Sam was able to estimate that they had made over £100, well done lads!!

But congratulations must also be offered to Damian Mudge of the Funky Monks, who is a present in the lead in the fat man stakes! (he has even beaten Adam Batchelor of the Druids). Interestingly enough it has been pointed out to me that Damian unfortunately can not be considered to be an EEC sausage as he does not contain enough meat, just in case Damian ever wanted to be a sausage!!

A MESSAGE FROM CHAIN LIGHTING.

Since our last World Championships, tragedy at a southern U.S. tournament shocked the Ultimate community. On April 10, 1994 in Nashville, Tennessee lightning struck a playing field, killing Shawn Adams, a 29 year old player from nearby Chattanooga. The same lightning bolt temporarily stunned several other players and placed 29 year old Atlanta player Carmen Lipoma into cardiac arrest. After surviving the blast, Carmen remained in a coma for several weeks and was hospitalised for nearly four months. After more than a year of rehabilitation, Carmen continues to slowly recover from the resulting head injury. News about the accident spread quickly via the Internet and other media, and Ultimate players around the world began to reach out with prayers, cards and donations. The family and friends of Carmen would like to extend their warmest gratitude to all of you for your tremendous support! This experience reminds all of us that life is precious and that the world is a better place because of our extended Ultimate family.

David Goode (Chain Lighting, Atlanta)

P.S. If you would like to send a postcard to Carmen, write to: Carmen Lipoma, 2507 Lake Capri Rd. Conyers, GA 30307. USA.

CALLING ALL CAPTAINS

It is about that time of the tournament when the staff ask you to consider who you feel has played and partied with the best spirit. Could you write your nominations down and give them to Chris in Staff Control by the end of today.

LITTLE DEMONSTRATION

I witnessed the best throwing demonstration ever yesterday. All the discs thrown were flat and powerful, with plenty of spin and were totally accurate. The Demonstrator was Alex Thorne, the only unusual thing about him was that he probably does not even come up to my knee, you see Alex is only five years old. But already he has the ability to draw a crowd, with remarks such as "that's better than mine!!".

Today also sees the kids showing their parents how it's done, at 2:30 on Pitch 1 Seven Sages and Where's Bob? are playing a parent and children game, our own Charlie Mead will be strutting his stuff, with his sons Oliver and Daniel.

WFDF STUFF

Last night's WFDF Forum provided an opportunity for interested parties to bat about some topical subjects, and was attended by representatives from many of the countries attending WUCC '95. Topics discussed: i) **Women's Masters** It was noted that older women players are easily lost from the sport whereas some of the guys seem to go on forever (naming no names!) Some solutions discussed included the creation of a separate Women's Masters division or alternatively making the Masters division "co-ed" (though concerns were raised that some countries would have difficulty finding enough eligible women players) ii) **Four-year term** Charlie Mead suggested the possibility of a four-year term for WUCC and WUGC (i.e. holding the tournaments half as frequently as at present - WUCC, then a year off, then WUGC, followed by a year off, and so on.) The idea is to assist players that find attending world tournaments every year difficult due to money/time off/etc. and so achieve a broader representation of Ultimate-playing countries at these events. Charlie's view is that there are simply too many tournaments - hence the absence of French and Italian teams at WUCC '95 since these countries are concentrating their efforts on the upcoming European Championships. The idea was countered by the notion that halving the frequency of World tournaments might hinder the continued development of the sport as new players have longer to wait (perhaps as much as four years) before gaining experience of play at this level. iii)

Presentation WUCC and WUGC have the potential to attract the best possible media coverage. Hence the presentation of the sport is of utmost concern at these tournaments. The specific questions raised were how to enforce team strip requirements, and minimise delays between points in matches. Suggestions included the possibility that teams arriving without appropriate strip be required to wear strip provided by the organisers. Forfeiting timeouts as a penalty for time-wasting was generally thought to be a little heavy-handed; a gentle reminder from the tournament organisers and a little SOTG were deemed preferable.

SWEDEN GETS TO THE BOTTOM OF THE PROBLEM

A quite remarkable injury has happened. The assistant coach to the Swedish national squad has injured his bottom through a hard week's video filming where he's had to sit on ladders, chairs and tables and probably one or two other strange things too. He has been in the medical tent, but has been refused treatment, since he is not actually playing.

The Swedish Frisbee Association has pledged to raise funds for Bjorn Mikaelsson's recovery. Please give a contribution to the Swedish Postal Giro Account no. 818439-2.

DON'T WASTE BEER ON DOUBLE HAPPINESS

A rumour has it that Double Happiness in a race against searching Woodpeckers poured good Bavarian beer over their shirts instead of drinking it, and claimed victory. We, Team 42, are appalled with this information, and would like to pre-warn any other potential beer race competitors.

IT'S FINALS DAY

Saturday a.m.

THE WORLD CLUBS '95

Hello and welcome to both players and spectators to the Finals Day of the 1995 World Club Frisbee Championships. To cut to the important stuff first, the finals will be in this order - Masters (over 30's) are at 9 a.m., Women's, is at 11 a.m. and the Open is at 1 p.m..

For those of you who may have never seen Ultimate before there are sheets in the Sales tent which will give you a slightly better idea of the rules of the sport and how it is structured. There are also lots of Ultimate players all around you, and although they look a little strange they are actually very friendly and very willing to tell you about this sport that dominates their lives.

I have also included this table that hopefully explains the structure of the games and shows why the players might actually be standing still in little huddles for part of the proceedings.

	Points	Point cap	Half-time points	Half-time length	Time cap	Time outs per team	Time-outs/overtime
Masters Final	21	25	11	10'	2h	3 per half	1
Women- Final	19	22	10	10'	2h	3 per half	1
Open Final	21	25	11	10'	2h 30	3 per half	1

SPIRIT

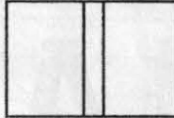

You may notice that Ultimate is played with no referees or umpires. It relies upon teams' sense of fair play, or as it is known the "Spirit of the Game". If a foul is called it is up to the players to resolve the situation in a fair and honest manner.

In all tournaments there is an award for the team that shows the most Spirit, both on and off the field.

COME THROW WITH US!

For any one who is interested, there will be an accuracy competition between the women's final and the open. It has been designed for spectators who may have never thrown before. There will also be some of the best Frisbee throwers in the world who will be willing to demonstrate and teach.

THE COMPETITION IS £1 TO ENTER AND WILL HAVE CASH PRIZES!!!!!!

THE FINAL NAG!

On behalf of Charlie I have been asked to pass on the following: can you please ensure you vacate your rooms by 10 p.m. on Sunday morning and please leave them tidy and dispose of your own rubbish.

Finally, the playing fields are a very big area and the staff only have little legs, so can you please be responsible for your own litter and put it in the bins provided!!

Guest tickets for the party of the year tonight are available from the ultimate sales tent.

GODS OF THE DISC.....

It is never an easy road to being the best in the world, and this year for the six teams in the three finals it was no exception. Yesterday I saw some of the best games of Ultimate I have ever witnessed, especially in the open division. For the first time in four years NYC will not take the title. As you can imagine, it was quite a shock when they lost their semi final to Double Happiness, but it could not have been a more exciting, intense or entertaining game (the final today has a lot to live up to!!).

After the Semi NYC had to delay any disappointment that they might have felt to play a game against Ring Of Fire, to decide 3rd/4th places. I had the privilege to be allowed to score that game and whilst doing this I was able to speak to Blair O'Connor of NYC and ask him one or two questions.

I asked him what he had thought of the game in general, and he replied that it had been a good running game, (the best sort to watch) but aggressive, but this is what you have to expect at such a high level - unfortunately or fortunately it is a by product of top level competition. For NYC the momentum they showed in the first quarter of the game waned in the second half, and this effected their game throughout.

You may notice that crowd participation is an essential part of any game, however for NYC a crowd cheering for them is not always the best thing. In America NYC are seen as the bad boys of Ultimate and because of this the crowd tends to boo them rather than cheer. But as a team they feed on this aggression, using it to build their momentum. It is strange, whilst the crowd hated them, they won every tourney. But what Blair believes to be far more important is the commitment and encouragement from the team members on the side lines, he noted that in Europe we tend not to encourage the players on pitch as much, whereas in America they rely on these other players as their ears and eyes.

But what now for NYC? Well, hard training and practice in structure and offensive play for the American Nationals in early November. The NYC belief is that "Life gives you experiences, if you learn from them it is time well spent, if not, it is time wasted."

Charlie would just like to extend a very BIG thank you to:

All the Tournament Staff, All the Medical Staff, Millfield School, Wham-o, Discraft, and Blick Time System.
