

## GAME DETAILS - OPEN DIVISION - WUCC 1997

<b>Rules</b>	All games at WUCC '97 will be played according to WFDF Rules. Please be aware of these rules. It is your responsibility to know them.
<b>Time-slots</b>	First Game: 08:30 to 10:30 Second Game: 10:35 to 12:35 Third Game: 12:40 to 14:40 Fourth Game: 14:45 to 16:45 Fifth Game: 16:50 to 18:50
<b>Game Conditions</b>	In the OPEN division the games will be played to 19, with a hard cap at 22. There will be a 5 minute half time at 10 points. The MAXIMUM game length will be 2 hours. Each team will get 3 time-outs per half with an extra time-out for overtime.  For the finals the game will be to 21 with a cap at 25, the half time will be 10 minutes long and will be at 11 points. Each team will get 3 time-outs per half with an extra time-out for overtime.
<b>Time-outs</b>	The length of each time-out is 2 minutes only.
<b>Final</b>	The OPEN Division final will start at 15:30 on Saturday 2 <sup>nd</sup> August at T-Bird Stadium.
<b>Tournament Discipline</b>	Team representative must deliver the roster for their next game to field staff responsible for timing and scoring the match at the correct field 15 Minutes BEFORE they are scheduled to play. Teams with less than ten (10) players on their roster for any one game will not be permitted to play.  All teams MUST be ready to play 5 minutes before they are scheduled to play.
<b>Start</b>	The games MUST start and finish ON REAL TIME, unless a previous game has overrun its scheduled time. If another field is available, teams may be asked to switch fields when they hand in their roster.
<b>Late Start</b>	Teams who deliver their roster late will not be permitted to play until the roster has been checked. If this means they are late starting, then they will forfeit points. Teams that are not on the line ready to start when the signal is given will forfeit 1 point per minute to a maximum of 15 to the opposing team. After 15 minutes, the game will be forfeit 15-0 to the opposing team.
<b>Game End</b>	At the end of regular time, play will continue until the next point is scored. If the game has not reached its end then two points will be added to the highest score. The first team to reach that score will win. However, if a team reaches the target with a lead of two (2), then they shall have won. E.g.: Open Division: if the score is 18-12 at the end of regular time and the leading team scores the next point, they shall have won.

**Tied  
Procedure**

In pool play ties shall be broken in this order:

- In ties with two teams - Head-to-Head result
- In ties with three or more teams - Point difference in games between those teams, until two teams are left, then it is Head-to-Head.
- In ties with three or more teams where the point difference is the same between two teams, then Head-to-Head will be the deciding factor.
- In ties with three or more teams where the point difference is the same between three or more teams, then point difference in the whole pool shall determine places until two teams are left then Head-to-Head will be the deciding factor.
- In the statistical certainty that this may still leave the possibility of a three-way tie which is equal on points difference throughout pool play, the points scored will count.
- Finally, should this still produce a tie (moving towards statistical improbability) then all three teams shall nominate one player to throw one disc as far as they can. All players shall throw at the same time with any prevailing wind at their backs. The furthest throw shall win, with other places determined on Head-to-Head.

**Tournament  
Rules  
Committee**

This is the group that decides on all matters that affect the tournament including player discipline, tournament format and playing conditions.

The committee is the group that arbitrates and decides on all matters brought before it.

In the past three WFDF Ultimate Championships the committee has been involved in settling a number of issues concerning player formats and player discipline, both on and off the field.

The group has the responsibility to ensure that the game of Ultimate is seen in a positive way by all who come into contact with the sport. As such, the committee has the power to exclude any players or teams who are judged to have acted in a way that discredits the game.

The Tournament Rules Committee (TRC) is comprised of:

Chair of the Ultimate Committee or representative - Charlie Mead

Tournament Director or representative - Joel Duckham

Players Representative - one from each division. The players representatives shall be elected at the Captain's Meeting.

Should any member of the TRC be involved in any way with incidents that require the attention of the group, then that person shall step down for discussion of that incident.

**Team  
Discipline**

**Uniforms**

All teams must wear uniforms that conform to the guidelines laid out by the Tournament Organizing Committee.

- Shirts shall be all the same, with unique numbers that are clearly visible.
- Shorts shall be the same.
- Socks shall be the same for any Finals.

**Time**

All teams must make a determined effort to keep game flowing. Time wasting will be seen as against the spirit of the game. Please change ends quickly; take only 2 minutes for time outs; and 5 minutes for half time.

You will lose time from your 2 hours and it will affect your score in the event

of a tie in pool play.

Teams observed as being slow will be asked to speed up by the Field Director. Please respect and respond to this encouragement.

**Fouls**

There is no need for any prolonged discussion about a foul or a call. Either you agree or disagree. If you agree the disc stays where it is, if not it goes back. There will be some very tight calls at times that seem crucial to individuals, but that does not alter the procedure. There is no need for arguments that slow the game and reflect badly on the sport. Settling disputes quickly is a very positive way of showing the spectators that there is an advantage to our system of self-officiating over the concept of referees.

**Observers**

TRC or representative is to responsible for appointing observers if it is felt necessary, or if it is requested by both captains the day before.

**Change in  
Schedule**

Please keep an eye on the daily newsletter for any and all changes to the schedule.

**Directors**

Field Director - Joel Duckham

Tournament Director - Brian Gisel

Chair, Ultimate Committee - Charlie Mead

## **TOURNAMENT PLAY - the Format Details**

The Open division consists of 50 teams, divided into 10 pools, each pool consisting of 5 teams. In the first round the pools are named A, B, C, D, E, F, G, H, J, K. In the second round the pools are split into A division, consisting of 10 pools of 3, and B division, consisting of 5 pools of 4. The 10 pools of 3 are named 2A, 2B, 2D, 2E, 2F, 2G, 2H, 2J, and 2K and the 5 pools of 4 are named 2L, 2M, 2N, 2O, and 2P. In the third round there are three divisions, A division, B division and C division. A division consists of 4 pools of 5 called 3A, 3B, 3C, and 3D. B division consists of 3 pools of 5 called 3E, 3F, and 3G. C division consists of 3 pools of 5 called 3H, 3J and 3K.

In round 1 the pools were filled by taking the first 10 seeded teams and putting them in pools with seed 1 in A, seed 2 in B, seed 3 in C, etc. with seed 10 in pool K. For the second group of 10 we filled the pools from the opposite direction, so that seed 11 is in pool K, seed 12 in pool J, etc. with seed 20 in pool A. This change of direction for filling the pools continues for the last 3 groups of 10 so that when it is all done A pool consists of teams seeded 1, 20, 21, 40, and 41.

## **Tournament Play**

### ***Round 1***

Each team will play all the others in its pool for a total of 4 games. The first 3 teams in each pool will move on to the A division in round 2 and the bottom 2 teams will move on to the B division.

### ***Round 2***

#### **A Division**

In round 2 the A division will consist of 10 pools of 3 with each pool consisting of one first place team from the round 1 pools, one second place team, and one third place team. Instead of taking the first 3 teams from A pool in the first round and creating pool 2A we shifted all the second place teams in each pool 2 pools to the right and all the third place teams 3 pools to the left. What this means is that pool 2A now consists of teams that finished as A1, J2, and D3 in the first round. This compensates for strong/weak pools in round 1 and avoids repeat games. Each team plays the teams in its pool for a total of 2 games. The first 2 teams in each pool move on to round 3 A division, the bottom teams to round 3 B division.

#### **B Division**

In round 2 the B division will consist of 5 pools of 4 teams each. The pools will be filled with the fourth and fifth place teams from the first round pools. The first positions in the second round pools will consist of the fourth place teams from pools K through F. Second position will be will consist of the fourth place teams from pools A through E, such that K4 and A4 will now be in the 1 and 2 spots in the new 2L pool. The fifth place teams from round 1 will fill the third and fourth spots in each pool. In order to avoid duplicate games, the third spots in each pool are filled in an unusual way. First round teams E5, C5, and A5 will go into pools 2L, 2M, and 2N respectively. First round teams B5 and D5 will go into pools 2O and 2P respectively. The fourth spots will be filled by first round teams F5 through K5, shifted one pool to the left so that pool 2L will get team G5 from the first round and pool 2P will get team F5. Pool 2L should then consist of first round teams K4, A4, E5, and G5. Go back and read it again, it does make sense. These pools will play

a playoff format, ie. 1vs4 and 2vs3. The winner of 1vs4 will then play the winner of 2vs3 and the loser of 1vs4 will play the loser of 2vs3 in each pool for a total of 2 games each. The first place teams in each pool will move on to round 3 B division. The second, third and fourth place teams will move on to round 3 C division.

## **Round 3**

### **A Division**

Round 3 A division will consist of four pools 3A, 3B, 3C, and 3D of 5 teams each. The pools will be filled from the first 2 teams in round 2 A division. Teams finishing first in pools 2A through 2D will fill the first spots in pools 3A through 3D respectively. Teams finishing first in pools 2H through 2E (in that order) will fill the second spots in pools 3A through 3D. The third spots in pools 3A through 3D will be filled by teams finishing first in pools 2J and 2K, then by teams finishing second in pools 2B and 2A, in that order. The fourth spots in pools 3A through 3D will be filled by teams finishing second in pools 2G through 2K. The final spots will be filled, from 3A through 3D, by teams finishing second in pools 2F through 2C, again, in that order. Teams will play each team in their pool once for a total of four games.

### **B Division**

Round 3 B division will consist of 3 pools, 3E, 3F, and 3G of 5 teams each. The pools will be filled by the third place teams in round 2 A division and the first teams in round 2 B division. The first spots will be filled by the third place teams from pools 2H through 2K. The second spots will be filled by the third place teams from pools 2C through 2A. The third spots will be filled by the third place teams from pools 2D through 2F. The fourth spots will be filled by the first place teams from pools 2L and 2M and the third place team from pool 2G. The final positions will be filled by the first place teams from pools 2N through 2P. The teams will play each team in their pool for a total of 4 games.

### **C Division**

Round 3 C division will consist of 3 pools 3H, 3J, and 3K consisting of 5 teams each. The pools will be filled from the bottom three teams in round 2 B pool. The first positions in pools 3H through 3K will be filled by the second place teams in pools 2P through 2N, in that order. The second spots will be filled by the third place team in pool 2N, then the second place teams in pools 2L and 2M. The third spots will be filled by the third place teams from pools 2O, 2M, and 2P. The fourth place spots will be filled by the fourth place teams from pools 2L, 2P and the third place team from pool 2L. The fifth spots will be filled by fourth place teams from pools 2M through 2O.

## **Playoff Round**

### **A Division**

The playoff round will consist of the corresponding teams in pools 3A and 3D playing each other (ie. first place team in pool 3A plays first place team in pool 3D, second place team in pool 3A plays second place team in pool 3D, etc.) and the corresponding teams in pools 3B and 3C playing each other. The winners will then play the winners and the losers will play the losers for final rankings (1 through 20).

### **B Division**

The playoff round will consist of the first place teams in pools 3E, 3F, and 3G playing each other (2 games) and their records in these final 2 games used to rank them from 21<sup>st</sup> through 23<sup>rd</sup>. The same method will be used for all the other teams in the pools, ie. second place teams in pools 3E, 3F, and 3G will play for rankings 24<sup>th</sup> through 26<sup>th</sup>, third place teams in pools 3E, 3F, and 3G will play for rankings 27<sup>th</sup> through 29<sup>th</sup> and so on for all the teams in each pool to complete rankings 21<sup>st</sup> through 35<sup>th</sup>.

### **C Division**

The playoff format for round 3 C division follows exactly the playoff format of round 3 B division, but for pools 3H, 3J and 3K. This will determine the rankings from 36<sup>th</sup> through 50<sup>th</sup>.

## ID CARDS

Please remember that we require your ID Cards for entry to the party and the cafeteria dining.

Any ID Cards with yellow stickers for the birthdate are required to produce proof of age id. This is required for all drinking establishments in Vancouver.

The legal age for drinking in BC is 19.

## IT'S ONLY JUST BEGUN!

It's Sunday, and game play is here. This is what we've been waiting for, this is what we've worked for...welcome to the 1997 World Ultimate Club Championships.

Most teams are registered and everything is underway. We hope that this years registration process was less painful than previous. We know there were a few bumps in the system, but we all appreciated your understanding, patience and the occasional witty remark. The staff and volunteers running registration did a fantastic job and we thank them for bringing it all together and we think you should buy them all drinks (gin & tonics are preferred by the head registrar: Kate Smallwood), or at least say tell them thanks and give them a pat on the back.

So from here the games begin and the partying takes off to new heights.

## Team Photographs

Teams are requested to come by Frisbee Central for a team photograph. JAG Sports Photos are on hand to snap that lovely group of mongrels that you call teammates.

They have also brought roving photographers to take individual action shots. Players interested in having action shots taken are requested to sign up with JAG Sports. There is no obligation to buy the shots taken.

They are located at Frisbee Central, so please book a time that is good for your team. Photos taken by the Worlds photography staff will also be on display here.

## Shuttle Bus Service

Shuttle service to locations with the WUCC site is available from 7am to 8pm. This shuttles also connects players to local community service areas and the Jericho site.

This service is free to all WUCC participants with their ID Cards.

## *The Sunday Night Party*

at the Thunderbird Ice Rink

"Now in actual fact, I'm suppose to have some kinda theme for my event that gives it focus. But really, when you have; 1) a venue that is literally where you play, 2) two great bands like the Paperboys and Jazzberry Ram, and 3) roughly one thousand people looking for a good time, the atmosphere just takes care of itself. Don't get me wrong, there will be more to do than just drink, dance and carouse. There will be places to go, and just sit, and watch that fabulous layout you did. The bar will have a big screen TV showing that day's action. There will be other tricks and treats to be had as well. I look forward to seeing you both on the field and at the party. Cheers."

### *Yanomami Player Injured*

A member of the Venezuelan Open team Yanomami injured himself last week during a practise in Vancouver, breaking a bone in his head in a collision. Tests and x-rays for this player have run up an expensive medical bill. The player not only is now unable to play at Worlds, but is facing financial difficulty. We are asking teams to collect a few dollars as a donation towards paying these medical bills. Donations are being accepted by the team and at the Liaison Desk at FC.

### *All the World's a Stage*

While Shakespeare isn't around to appreciate this, the WUCC would like to thank everyone who helped move the stage in the Ice Rink toady. 60 people, volunteers and players, pulled together to move the massive stage for tonight's party a full 5 ft. It was a site to behold having that many people in motion together.

### *World Clubs Trophies*

The trophies for 1st, 2nd and 3rd place for each division and the Spirit Award will be on display this week in the main lobby of Totem Park.

The 1st place trophies were donated to World Clubs by Madison in 93.

The 2nd and 3rd place trophies were designed by Eric, a local glass artist that specialises in Inuit Inukshiuk sculptures. Inukshiuks are rock sculptures built by native people in the Canadian Arctic. They provide landmarks and direction in a barren terrain of ice and rock.

The Spirit awards were designed by Susan A. Point, the Coast Salish artist that designed the native design used by WUCC '97. More is included in the player manual about Susan Point and her design.

### *Volunteers*

The World Club Championships owe much to the talent and commitment of its volunteers. Over 250 people from not only the local Ultimate community, but internationally, have given up free time to put this together and help staff fields, medical facilities, parties and clean up. Many of these jobs are thankless, going un-noticed and unappreciated.

Please respect our volunteers. It's a simple request, but one we don't take lightly.

Should you have any problems with volunteers or with the tournament, we ask that you do not take it out on the Volunteers. Please talk to their supervisors or in turn to the Organising Committee members or the TD himself. Heated discussions with the TD is acceptable, yelling at the Volunteers is not. We stand behind our Volunteers, so please respect them as we do. They are the best.

## *Birthdays Today*

**Junko Matsuda - Japanese Women's team: Barbarians**

**Birthdate: July 27, 1975**

You are sensitive emotionally and want people to like you. You are very compassionate and caring of others. You are very intuitive, and may have great musical, artistic or poetic ability. You may be very shy at times, but shine amongst those familiar to you. You have a disciplined mind that is logical and precise. You are ambitious, and work hard to achieve your goals. Try not to drive yourself too hard and achieve mental burnout instead! You are a natural diplomat, and are graceful in speech. You have a strong sense of fair play - looks like you chose the right sport!

**Kunika Mori - July 27, 1975 Female, Japanese Women's team Huskys**

You have a strong connection with children and animals, and spend your time, money, and energy helping them. You are very generous, but may expect recognition for your deeds. You are very romantic, idealistic, and your friends and family call you a dreamer. You are a little shy and self-sacrificing, but a great organiser. You are likely to do a lot of foreign travel (hey, welcome to Canada!) You are very sensitive emotionally, and you are highly creative. You are willing to embark on large projects, and you pursue them zealously to their conclusion. You are very determined, persevering, and disciplined.

Happy Birthday Kunika and Junko!

And a Happy Birthday to those of you with birthdays today that we didn't know about!

## *Consignment Merchandise*

We are selling goods on consignment at our merchandise tent throughout the week of the tournament.

### **What to do with your merchandise**

July 26<sup>th</sup> - register your merchandise with us from 9am - 8pm at Totem Park Residence Cafeteria.

July 27<sup>th</sup> - bring your merchandise to the Consignment Merchandise tent from 9am - 6pm.

*Please have your merchandise counted and packed in an organised fashion and accompanied by an up-to-date Merchandise List (available when you register Saturday).*

On remaining days consignment merchandise will be accepted from 9am until 11am only.

Merchandise can be picked up on August 2<sup>nd</sup> from 9am - 8 pm, or on other days by prior arrangement.

### **Consignment fee**

We will take 15% from the total of all products sold. When setting a price for your product, please take into account the consignment fee.

### **Why sell merchandise on consignment?**

Your merchandise will be available in the busiest area of the tournament site, and you will be free from lugging it around the fields and selling it yourself, while trying to play. We will store your stuff throughout the tournament in our merchandise truck. This truck will be attended during the day and locked and guarded at night. Despite these precautions, **we cannot guarantee the security of your merchandise**; however, your valuables will likely be more secure with us than on the sidelines.

# STANDINGS

This space will provide ongoing standings, if we can get them figured out on time! The standings of each team and changes from the previous days pool play will lists. However, this is not the official listing, so any discrepancies should be checked with the official standing at Frisbee Central. And any errors can be overlooked and never mentioned to the newsletter staff. We thank you in advance for your support.

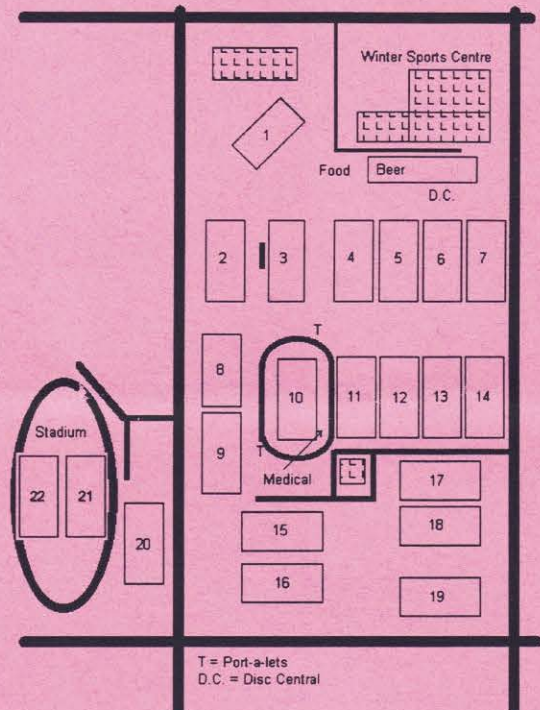

## *Up-to-date Field map*

Please note that the field map in the player manual (page 21) is incorrect. The map to the right and the map on the back of your ID Cards is correct.

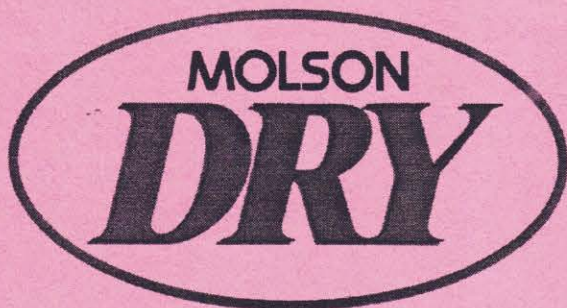

The difference? 22 vs. 23 fields. The player manual stuck an extra field in the bottom right corner of the site.

## *Newsletter Contents*

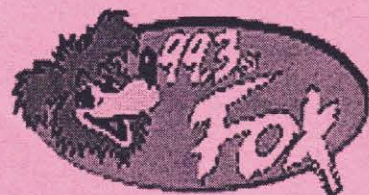

If you have anything to add or any comments to make about this newsletter, please leave them with the Liaison desk at Frisbee Central. They will be collected by 5:30pm everyday and either incorporated or ignored. Anecdotes from the days events or cheers that you just have to share with everyone are encouraged. Any abusing comments can be kept to yourself.

## DAY 1 WE STARTED THE FUN

Who says it rains in Vancouver? Have you seen a drop of rain? Have you even seen a cloud? Day 1 is over and here are some of the highlights:

### Women's Division

GOO and Safari marathon game. Right off the bat, 8:30am, these two teams battled it out in a close game. Why not start the tourney on a good note and have your first game last 2 1/2 hours? No they're not tired... hmm can't recall seeing any of them at the party...

### Open Division

Ring of Fire vs Philly Rage. Ring of Fire played well above their seeding by beating eleventh seeded Philly Rage. Now did they just get better breathing the west coast air, or was it the food?

### Masters Division

The most strenuous event in the Master's division today was the relay by a few US teams to track down the elusive Registration coordinator. On a wild goose chase for several hours, members passed ID cards and roster info from player to player between Totem and Frisbee Central. Who says you can't teach old "Bob's" new tricks?

Then there was the early evening event of "Can my feet get any more tired". After playing 2 games, bearing down in those cleats, teams of players then chose to stand yet some more while waiting for entry to the cafeteria. Next time guys.... space it out, there's a 3 hour window gap for entry to dinner, use it wisely.

And last but not least, how about that weather! Did we do the sacrifices to the Sun Gods or what! Thanks to Kinesys for those sunscreen samples in the player packs and spritzing in style the whole day through!!! If you're nice, we might have them back!

## WFDF PLAYERS FORUM

Monday night (tonight) at 8pm in the Dene lounge is your chance to speak your mind about the WFDF and it's policies. Attendance is encouraged for all WFDF members (that means you).

# *The Monday Night Outdoor Pool Party*

at the outdoor pool, corner of Wesbrook and University Blvd

It'll be another hot night in the city, so bring your discs, towel and swimsuit (bathers etc) to the UBC pool to cool down poolside. No planned activities, but expect some sweet layout demos in the water... now if they would only do that on the fields!!!!

The outdoor pool is free of charge tonight from 5pm to 10pm for all WUCC members with ID cards. Please note that NO alcoholic beverages will be permitted in the outdoor pool area whatsoever, and we really mean it!!!

## *You're in my Space, man*

Okay so we don't want to harp, we're all adults, but the WFDF has a 5 yard buffer around the fields for a reason.

S-A-F-E-T-Y.

There will be no bicycles or other "hard" objects within this buffer. Just ask the player that layed out into a bike yesterday.

If tournament staff see any hazardous objects within this buffer, the object will be removed, and we won't tell you where we put it!

People standing within this buffer are also at risk of receiving flying objects and people. Don't be a casualty, pay attention, don't get distracted.

And finally, are those people on a walkabout or do they really not see those orange cones and chalk lines? If you do see people walking within field boundaries, it is all of our responsibilities to get them out.

## *It's hot, real hot...*

Yes we've got tubs, and they're hot. The hut tubs are now working! They are near Frisbee Central at the fields. No better place to do a little scoping... and of course watch some fine Ultimate.

And while we're on the topic of relaxation...

Massages are available in the Medical Tents (by the track, i.e. field 10) after 11am. And better yet, these gods of soul food are free of charge.

Your muscles will thank you, but beware of poaching tournament staff....

## *Misprint, no really!*

Parties start at 8pm every day not 9pm. Yes, a whole extra hour to party your buns off. Why you could go straight from the beer garden to the party, why have dinner when you can enjoy a nice barley sandwich.

## *Parking*

Yes, there are a few restricted places to park those polluting machines.

The big no-no is parking by the tennis courts behind Totem Park.

By this time you have all had enough time to buy those parking passes from Registration. So please do not park by the tennis courts. If you do, you will be towed. And we'd really hate to do that, but consider yourselves warned.

Parking along SW Marine Drive is free, but finding space may be difficult. This is an option to the parking passes for the two B-lots.

## *Now back onto food...*

### The New Cafeteria Rules:

- Entrance to the cafeteria is restricted to the south entrance only. All other entrances will be locked. Entry will be strictly enforced.
- Please clean up. For this entire week we are all part of a greater community that will benefit from the courtesy and respect we give on another. Please clear your trays once you have finished eating. This will not only keep the place tidy, but will help to speed people through the dinner hour.
- Be courteous to your fellow players. Although we have made provisions for the healthy appetites of Ultimate players, please note that the evening meal is not meant to replace lunch and dinner.

### *Tournament Rules Group*

As voted on the the Captain's Meeting on Saturday night, the following people will form your TRG or Tournament Rules Group. These players are here to serve you and your concerns. They are your source for problem resolution, whether it be pool or game play discrepancies or issues non-field related. Please see them, they are here for you.

#### WFDF Representative:

Charlie Mead, Stan (Masters division)

#### Tournament Representative:

Joel Duckham, Loaded (Open division)

#### Open Division Rep:

Rex O'Quinn ( )

#### Women's Division Rep:

Chris O'Cleary (Ozone, USA)

#### Masters Division Rep:

## EVERYONE'S ASKING "WHERE'S BOB?"

by JV

Worlds '97 isn't three days old already the entire tournament is abuzz with talk of Where's Bob (the international masters team), that refuses to follow the mandates of dress code, social nicety, or even common sense.

In the face of intense competition from other teams the relentlessly coed Bob has already demonstrated a willingness to get out of its gear at the drop of a pant and show other teams how a *real* masters team performs.

So if you play against Where's Bob this week, watch out - the glare of sunlight on that shining pale skin may blind you and if you're looking for a great game to watch, track down Where's Bob. You may be rewarded with a glimpse of that lude behaviour ultimate players love so well.

Where's Bob - their old motto: "we may be old, but we're slow" their new motto: "we may be old, but we're naked".

P.S. Donations of sunscreen gratefully accepted.

## "Send It Up - Bring it Down!"

This week's first individual event, Maximum Time Aloft, featured big air and fast running and a few sweet shoelace grabs. Sponsored by Air Canada, the event takes place during the two final time-slots on Field 10, where players "got on their horse" to chase down some hanging plastic.

Each contestant made five attempts and the top six posted times for 175g discs in flight were:

John Savard, Nomads 9.96 secs

Doug Welch, Nomads 9.48 secs

Rick Melner, Sockeye 8.41 secs

The Finals will be held on Friday August 1st.

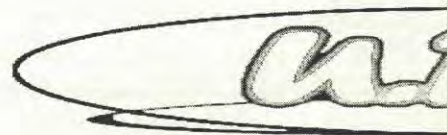

Today's "Hammer for Accuracy" will be on Field 10 during the last 2 time slots. As a wise player once said: "If spaceships were shapped like discs, I bet the "Hammer Launch" would be the astronaut's least favorite liftoff."

# The Tuesday Night Party

8pm, Thunderbird Ice Rink

This is it, it's the one you've been waiting for. With much anticipation (even the the Organizing Committee don't really know what to expect) we bring you the UFO party. Be ready to party and dance away the aches of the day. See you at the Ice Rink, a cool place for a sizzlin' hot night!

## Team Photos

A team photograph will be given to every team attending Worlds by the tournament. However, we need your help.

We cannot hire stunt doubles to sit and look pretty, I've seen some of you, and this would be quite a feat. So instead we ask that you PLEASE sign up with JAG Sport at Frisbee Central and get your Team Photo taken. I realize this takes coordination and time, but we want to provide this service to you, and you're not cooperating.

Only 50% of the teams have had their photo taken. In order to get the photos to you before you leave, we need to process them now. So sign up today!

Also photos from the previous day are available for viewing and purchase in Frisbee Central. There are some beautiful shots that are worth checking

## Field crap...

I was going to make a lude comment about dogs at the tourney when we said no dogs on the fields, but I have heard no negative comments about those pooches on the fields. Kudos to the owners, there are some very well behaved canines out there.

Updates on the human field factor...

Would captains please return game discs to the scorekeepers after every game. We have limited numbers of these and we need them back.

Other news, flooding on Field 16. It should be nicely drained by today, but a water main did burst flooding this field for a short period yesterday.

Game highlights include possibly the oldest line up in history. With the ancient forests on their flanks, the Canadian Masters team Esoterics lined the endzone with a 310 year old line! How old are these guys anyways???

## Parking

Once again we want to stress that if you park be the Tennis Courts at Totem Park, you will be towed! Don't think you can sneak in, as parking passes will now be displayed in vehicles that are valid to be there.

## Party Notes

The party starts at 8pm.

Absolutely no one will be admitted without an ID Card. And we mean absolutely no one!!! Guests must have guest ID Cards, and we expect that you all registered them and we have it all covered by now, right?

Please bring those lovely eco-friendly mugs to the party. We provided them in the Players Packs not only because they were cool, but because we want you to use them. The more we can cut down on wastage the better our lives will be.

## The Ultimate Trivia Contest

Make a donation to the Tico Fund and enter the Ultimate Trivia Contest to win a \$50.00 goft certificate from the Monterey Lounge & Grill on Robson Street downtown. (Those of you that have already graciously donated funds are welcome to return and enter the draw for their efforts.)

## Happy Birthday Rebi!

Today is Rebi Herings birthday.

You should care about this as she is one of the assistants to the Tournament Director. With her this event is running that bit more smoothly!!!

So help us celebrate her youth and buy her a drink, or two. She certainly deserves one and probably could use one!

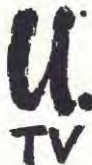

## Cafeteria

We want to compliment everyone on dinner etiquette last night. Thank you, thank you and thank you. There was still a rush near the end due to some really good matches in the last time slot, but it was much smoother.

One quick request now, can we all should the same courtesy at breakfast. There is lots of food for breakfast, but it is not intended as a source of field food. If we can't restrict ourselves from taking tons of food (specifically things like, oh 6 pieces of fruit), restrictions will be imposed for us!

## TODAY'S WEATHER FORE- CAST

More of the same, sigh, more sun, more blue sky, slight breezes... as always...

## ID CARDS

ID Cards must be shown for entry to the beer garden.

Anyone who **LOOSES** their ID Card can **ONLY** get them replaced by registering their name at Frisbee Central. Arrangements will be made to replace the card. There is a \$10 fee to replace lost card.

There will be no more Guest Passes issued. Nada, no way, no how. If you have not registered your guest by now, they can't be very important to you.

## We's in the Juice

### EVERYONE PLEASE READ THIS

Consider this your only warning. It is illegal in Vancouver to have open alcohol in public places. If caught you will be fined \$175.

There is a police attachment across Wesbrook Mall and they have been called, they are expected to drop by for the rest of the week and if called they will be quick to respond.

Alcohol can only be consumed within the licensed area. Therefore any alcohol bought in the beer garden can not be taken out of the area. Please do not drink alcohol on the field. We risk losing our liquor license for the rest of the tourney if any of the participants are caught. And we'd really hate for this to happen. So please respect us and your fellow frisbee players and don't drink on the fields or try to sneak alcohol out of the beer gardens.

## Game Times

Schedules, schedules, schedules... we would love to get you the next days schedule early, but there are a few issues to deal with first.

1) we can't finish the schedule until games are finished (last night there was still a game going at 8pm).

2) we can't finish the schedule when we're missing game scores. So help us. We will get you schedules earlier if you can assure us you will get game score in and start games on time. The two hours for your game start when the previous teams leave the field, not after you have thrown for a while and contemplated the previous games events.

# *The Wednesday Night Ho Down Party*

8pm, Student Union Building

In typical prairie style, Calgary is hosting their Ho Down party. This should be a stompin', toe tappin', get down good time. See the Cynics for tickets, they are \$7. This is not a WUCC organized party, but it should be just as good.

## *Merchandise*

The last day for merchandise sales at Frisbee Central is Friday. At that time, we will move some to Thunderbird Stadium for Finals.

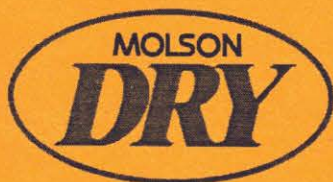

We ask that you do all your purchases by Friday so we don't have as much to move. Thanks!

## *Tired?*

## *Want to sit around?*

Why not sit and play the great Canadian sport of hockey.

We'll have games, games, games at Csiszars Lounge tonight from 8pm to midnight.

## *I'm not in Kansas anymore Toto*

There are some items in the lost and found that would really like their owners to pick them up. There are three boxes full of stuff and our staff and putting in many hours consoling these lost items and making sure they don't feel totally abandoned. Please check your gear bags and take inventory. If you find something missing, and maybe if you don't, cruise by the boxes at Frisbee Central and check it out.

## *On Time!*

Games will start on time no matter what. We have spare fields and will change the field location, but we will not change the time the games start.

Teams are still required to hand in rosters whether the game on your scheduled field is empty or not.

## *Standing in those lineups again?*

Dinner doors close at 8:15pm. We know that there are some great games during that last time slot, but please then go directly to the cafeteria to eat. If you aren't watching those games, go directly to the cafeteria to eat. There are no line ups at 5pm, there are no line ups at 6pm. There is little line up even at 7pm, but try and eat at 8pm??? If these line ups continue, we will be forced to close off the line up. So if you are not in line by 8:15pm, you will not be admitted. Please respect this.

## *That was Intense*

Or so it was reported that the Open Division game between Germany's Team 42 and Japan's Bombers was full of emotion.

## *Best Legs of the Day*

men:

Takaki Asatusa (Loquitos)

women:

Tenley MacNiel (Callipyge)

## *If I Had a Hammer...*

Today at Field #10, location of the second in a series of individual events, 28 players proved they *did* have a hammer, and they knew how to use it. Both men and women matched their skills against the wind (hey, we've got to simulate a zone!) and a variety of small targets.

The competition was fierce, and although the big point targets looked easy, matching minimum points was challenging enough. Even the Tournament Director bageled on his 10 attempts. We were happy to see a strong contingent of women this time round - keep it coming! Here are the top scores for each, based on 10 throws:

### **men:**

Irwin Mulnick (7 Sages) - 50  
Stu Farqu (Where's Bob) - 25  
Baird Johnson (7 Sages) - 15  
Dave Pettenuzzo (Nomads) - 15  
John Savard (Nomads) - 15  
Brian Gisel (Loaded) - 0

### **women:**

Mardi Douglas (Annie) - 25  
Leanne Fulton (Annie) - 15  
Christie Grant (Game Face) - 15

## *Birthdays!*

Dave Mirth - BigAss Truck (USA masters)  
Francisco Mendez - Tequila Disc (Mexico Open)

Happy Birthday guys, hope your day plays out well.

### **Today's Event:**

Pull for Accuracy!  
Same Bad Time,  
Same Bad Place.

## *Yeah Jezebel!*

Since my girlfriend started playing with your team my sex life has gone right though the roof.

THANKS!

Mike

ps. You keep it up. I keep it up!

## *To Involved Terrorists:*

Furious George the Monkey was taken hostage by unknown evil sources following Canadian National. His return is imminent and he will NEVER be turned over for paltry treats!!  
Be warned.

## Photographs

Team photos taken on both Sunday and Monday can be picked up and paid for in full at the same place you got the original photographs taken. The photos are printed, packaged and delivered. Please pick them up TODAY.

## Congrats!!!

Tequila Disc from Mexico posts the first victory in their 4 year existence.

And for a brief moment today, the world of Lady Godiva was rocked by a bunch of gin swilling Aussies in one of the longest points of the day. Lady Godiva did of course win, but the Seven Green Bottles gave them a run for that point and scored 8 total.

*Seven green bottles hanging on the wall,  
Cold gin in hand, we couldn't care at all,  
And if some guys shorts should accidentally fall,  
There'll be one less sheila, back here in the morn.*

## Ok, I know it's been said, but this is the LAST caf notice

*by the food co-ordinator*

Breakfast and dinner restrictions on food items are there for a reason - so that people late in line get to eat. Please be understanding on this and don't take it out on the kitchen staff!

A HUGE fishhead to the obnoxious player who objected to the restrictions and threw some food at one of the kitchen staff. If we find you, you are toast. Flowers to the rest of you who are being understanding.

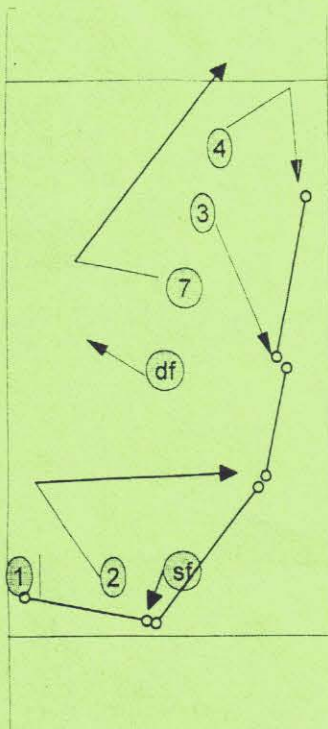

Please take your tray to the dish area after meals. Don't be a ... and leave them on the table.

Wear footwear - it's a health regulation!!!

Come to dinner EARLY! Despite what was said yesterday re 8:15, you should be in the dinner line up by 7:30, 7:45 at latest.

## SIDELINE PLAY - CITY IN B.C.

Sequence: 1-sf-2-3-4-7

Alternate: 1-sf-df-7

-#1 is side-trapped with #2 and sf lined up in double berkeley position

-#2 initiates offense with a cut down the line that is a fake, then times a cut across the field

-sf waits for the fake cut, then gets the dump and turns to continue the play to #2 up the opposite sideline

-#3 runs a timed cut for #2, followed by a strike or boulder from #4

-df and #7 flood away from the flow sideline but remain ready to help out if the disc stagnates with #1, 2 or 3

-#1 and sf clear long up the original sideline

We mean bussiness!  
SHOW ME THE  
MONKEY!!!

## Birthdays!

### Irwin Mulnick:

Rendering a semblance of order from chaos; stoicism and strength under pressure; sagacity.

Many Happy Birthday wishes to you today!

At 39 your prime is past, why then are you still so fast?!

Though you're short, you're very brave,  
you hairy little gnomish knave.

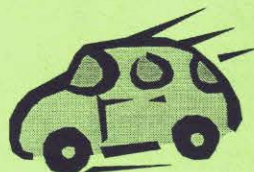

### Kazunori Magatsuka - Bombers (Japan)

You are very outgoing, optimistic, and have an abundance of energy and friends. You are probably quite an impulsive spender, and you admire quality and are willing to pay for it. You are likely to have good health and good recuperative powers (you'll need it this week!) You are a lover of debate, controversy, and mental challenge. You are very willful, and make a good leader. You are compassionate, gregarious, a bit naïve at times, and fun to be around due to all that positive energy you've got!

## Ride to Bay Area Needed

I need a ride to San Francisco/Bay Area at the end of the tournament. If you have some car space and can help me out, give me a call at 926-8278, or talk to me on the field.

Thanks,  
Susan  
Game Face (Canada)  
Women's division

## Lost passport

A lost passport has been handed in to the Information Desk at Frisbee Central - is this yours???

## Game Scores, oops

Slight error, here, sorry folks, teams are not responsible for bringing us game scores, the field volunteers are. Sorry to cause some confusion. However you guys are still responsible for getting games started, so you're not totally off the hook!!!

## Kudos

A big pat on the back to all the volunteers that are on the radios. Jim (the radio guy, go to channel 3) is very impressed with the professionalism of everyone on the staff, especially as very few have had any training or experience.

## TODAY'S WEATHER FORECAST

Expect more lovely Vancouver weather: overcast first thing, sunny and hot mid-afternoon and cooling in the evening. Is this great weather or what?

## ID CARDS

ID Cards must be shown for entry to the parties.

Anyone who can't find their ID Card can **ONLY** get them replaced by registering their name at Frisbee Central. No ID Cards will be done on Saturday! No matter who you are, including the TD, who was rumoured to have misplaced his for a while Wednesday.

Would anyone that has requested an ID Card, please pick it up from the Player Liaison desk at Frisbee Central.

## "Age Before Beauty"

The oldest connection for a goal in the open division occurred. Philadelphia Rage "Nacho", age 35, threw to Bob Nape, age 46. Kudos to these young men.

*And the pass  
 was com-  
 plete...*

Darrell Hardman is looking for people to commentate the finals on Saturday. He's looking for play by play of the finals to accompany the filming. Anyone with some experience is requested to drop by the Player Liaison desk to sign up with Darrell.

## Photographs

All teams - please pick up your photographs at the green tent. Friday is the **LAST DAY** to pick them up

## Regarding Alcohol...

Let us remind you again, that drinking in a public place is **illegal**. Our playing fields are a public place. Plain clothes police **will** be patrolling today and tomorrow looking for people drinking at the fields. It's a \$175 fine if caught. They are here because a team, when asked by UBC to stop drinking, mouthed-off and continued on. We thank you bastards for screwing up.

# The Friday Night Party

8pm, Thunderbird Ice Rink

This party should not be missed! *This party is your party.* With the *Much Music* Video Dance Party in the main arena and *Karaoke* in the bar, everyone can have the music they want. Of course arrangements will be made to ensure the disco and 80's tunes are not left behind! Also, we are hoping to have a "cheer-off" using the Karaoke machines, with teams reciting their best, or worst, cheer of the week. Vancouver's Women have a long standing tradition of slag cheers, let's hope we get lots of competition from other teams, like Ottawa's Smell My Mule, who gave Vancouver's Jezebel a very *arousing* cheer at last years Canadian Nationals. So, for those of us who don't make it to the final day of play and will only require enough energy to raise a cup to our lips, as we cheer on the finalists on Saturday, get in the groove and get ready to boogie!

## "Sweet Throws"

to Disc Wizards of Switzerland for making a team donation for medical bills for the injured Yanomami player!! To do the same go into the Info Desk at Frisbee Central.

There have been many more donations and we thank all the rest of you as well.

## Fish heads

To the selected few individuals who belong to Calgary men and/or Callipyge women who paid the pizza delivery guy for four pizzas while the team who ordered them waited for hours.

Badly done!

## Merchandise

All sales for consignment merchandise will end at 4pm today. Please arrange to pick up your merchandise.

We recommend buying your stuff today as it will be very busy and cramped in Thunderbird tomorrow.

## Lay it Out

*Time to throw yer body at the ground!  
Lay it out while people watching all around.*

*Catch a floater; stylin' for the points  
Esoterics judging, smokin' joints.*

*Pete, Paco; Rage Boys going ho  
Evening wear from Jennifer of Big Flow.*

*Hammer layout courtesy of Home Brood*

*Merch-man during, flanked by  
Loaded- lewd.*

*But in the end the sweetest of them all,  
Went out in answer to the naked call,  
If you were there you might have been in luck,*

*To see that Carrie "Burl" laying buck.  
And so that ends our little tale  
Man that Home Brood butt was pale!*

## Partner Raffle

Win two air tickets anywhere in North America (courtesy of Air Canada). Other prizes to be raffled off as well.

Tickets are available from the Frisbee Central and Beer Garden.

1 for \$3

2 for \$5

5 for \$10

All proceeds support Oxfam - Canada's Projects Overseas.

## Facts and Stats

7000 litres of water (7 metric tonnes for those of us who have to lift it) gets delivered to the fields daily.

100 massage sessions daily.

400-500 medical cases logged into the med tent daily (for inquiring minds, this included 200+ blisters, 60 ankle injuries, and 2 head injuries).

500 lbs of ice per day goes through medical.

We have 6 carts that collectively travel 250-350km per day.

There are 350-400 volunteers here this week who have collectively volunteered over 10,000 hours of time this week.

Most of the volunteers are local players. Roughly 35% of the Vancouver Ultimate League is volunteering. Our foreign volunteers come from the U.K., Switzerland, Korea, Australia, Sweden, Germany.

The tournament will have run for approx. 216 hours.

## Monkey Business

To the person threatening Furious, they do NOT have the monkey. The monkey was stolen at Canadian Nationals, and they suspect Cal-lipyge as the culprits. Furious deserves, however, to have the monkey stolen, as they were very negligent with it at Nationals. The editor had a chance to snag the monkey after finding it abandoned on a sideline, but unfortunately returned it!

**PS. Furious** - There is no truth to the rumour that a bitter, cut, Altar Boy slept with Lugsten's girlfriend to get the plays..

## Birthdays!

### Miyako Yamashita - Spirals, Japan

You are more than a little stubborn at times, but you are also a thorough planner and think things through practically before acting on them. You are not prone to emotional outbursts. You are patient, and appreciate the fine things in life. You have a highly developed intuition. You are artistic, and are in touch with the spiritual side of life. You are calm and pleasant, as well as warm and affectionate.

### Jim Mallon - Beyondors, USA

You are noble and generous, although you likely have an oversized ego. You are over confident, blunt, and outspoken. You are courageous and loyal. You like to be in charge. You love sports and games, achievement, being in the spotlight, and romance. You want to be the centre of attention. You need recognition - to be admired and appreciated. Where's your chair?

*All the old birds wish you many happy flights.*

### Anders Backman - Enskede FK - Swedish

You are romantic, idealistic, ambitious, egotistical, temperamental, enthusiastic, optimistic, domineering, affectionate, and you get along well with children and strive to protect them. You are strong headed and biased to the extreme. You can be quite passionate and have ample self-confidence. You are trustworthy. You have a tendency for extreme idealism, often accompanied by lack of self-discipline and lack of practicality. You often promise more than you can deliver. You have a great imagination.

## TODAY'S WEATHER FORECAST

Same as it ever was....

And a hot day for a hot finals!

## ID CARDS

ID Cards must be shown for entry to the final party.

Anyone who can't find their ID Card is in big trouble because we're not making any more!

Bribes will be accepted for those desperate enough to pay our fees for ID Card replacement.

## And Finally...

The week is over and it's come to this: 3 games, 6 finalists, and winners all around. This time we can all watch, not trying to playing our own game while keeping track of progress elsewhere. All eyes will be focused on Thunderbird Stadium fields. So sit back, relax and prepare for the finals.

## Regarding Alcohol...

Let us remind you again, that drinking in a public place is *illegal*. Our playing fields are a public place. Plain clothes police *will* be patrolling today and tomorrow looking for people drinking at the fields. It's a \$175 fine if caught. They are here because a team, when asked by UBC to stop drinking, mouthed-off and continued on. We thank you bastards for screwing up.

## The FINAL Party

8pm, August 2nd, Jericho Community Centre

*When your body has had enough of me... And you're laying flat out on the floor...*

That is how you are going to feel tonight, but we know you will find the strength for one more party. To make your last night even more special, we needed to make this party run until dawn. And to get the right atmosphere, we moved the party off campus. But don't worry, it's a quick 5 minute shuttle bus ride and transportation is provided free, all night long! We will entertain you with bands, booze and bowling. And if that wasn't enough, then you will just have to be there to check out some of the other crazy things we have planned. We could tell you what they are, but that would ruin the surprise now wouldn't it!

## "The Excellence of Spirit"

Bay Area Beer Babes  
and Yellow and Purple Nightengales of big  
play Kindergarden in the stadium.  
Visors dancing with air,  
the extacy of a parachute breast tent.

Next door,  
the answer to life, the universe and everything  
spins a plate of the pull on his finger up to the line,  
for fabulous fanfare from the field and fans  
of the expats of harmony,  
inspiring the urban rage  
to melt into the fun of  
the gamepoint back huck to the brickmark  
teased out by the heckle gallery.

On the hill,  
the masters of anything and  
the wisemen of the grove  
yell at each and each other  
in frustration over travel calls from the stack.

Under clouds of seven fingered hands  
and translucent boxing gloves  
evaporating into view  
beside pillowy cottonballs shading the peaks,

Northwest women on the verge of schwa  
run with unanswered points.  
Alien eyes sprint to the cap with flying D's  
and walk the finish with patient zone perfection.

The rage of Mephisto ends in  
a circle of scat pattycake rap.

Swedish sickle huck sky spikes cut the air.

So, while the nations of the world  
interlock in striped circles  
and dance children's frogs,  
european beer halls,  
and asian ensemble organisms  
into being,  
the city squad of the firey elegant kilted elf  
and the happily angry salmon boys  
walk away from the last pull with  
no circle,  
nor cheer,  
nor song,  
nor surprises,  
preferring to surf the wind of  
the excellence of the spirit of game  
in their poetic perfection of  
movement of body and movement of disk,  
the uncalled and uncontested fouls,  
the quiet compliments on the catch,  
the joyful heckles on the art of their mistakes,  
and their prophetic flying pounces for plastic.

In the final fours of nothing but North America the  
west coast emerges as the homeland of victory.

## *Where's my thermarest chair?*

If you picked up, or you know of anyone who picked up a thermarest chair between fields 2 and 3 (near the stands) on Wednesday between 11:30 and 12:30 (while I was warming up!)

PLEASE return it to the lost & found or to Wendy on Callipyge (Montreal).

Description: a purple three-quarter length thermarest with a purple thermarest chair part.

Thank you

## *Birthdays!*

### **Rouven Schreck - Feldrenner, Germany**

You have tendency to dominate others. You are over confident, blunt, and outspoken. You are courageous and loyal. You like to be in charge. Usually you have much self-confidence and leadership ability. You must be the centre of whatever is going on; you demand attention. You have strong attraction to the opposite sex. You work tirelessly to achieve your goals.

### **Sarah Dover - Stella, Canada**

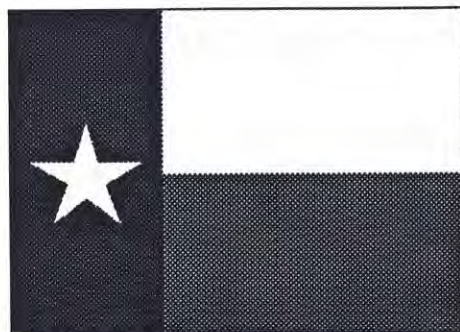

You are noble and generous, although you likely have an oversized ego. You love sports and games, achievement, being in the spotlight, and romance. You have good health and good recuperative powers. You have physical strength, enthusiasm, leadership ability, decisiveness, courage, ambition, and willpower. Sudden and unusual benefits and advantages often come to you. You usually oppose the traditional or established way of doing things.

### **Shinya Kono - Bombers, Japan**

You are the life of the party and crave attention. You are entertaining and popular, and often have interesting topics to debate about. You may take either side or neither, as the mood may take you. You make a loyal, affectionate mate, very sensitive and understanding. You make friends easily. You are courteous and considerate of others' needs. You are a good behind-the-scenes-organizer. You are energetic, and use your energy constructively. You have an exciting love life.

### **Jacob Borman-Geneva, Switzerland**

Jacob is here to cheer for his dad, Rusty Borman, who's playing with Geneva Disc Wizards. His dad and all the rest of us hope that he has a great time spending his 7th birthday with us.

*Peace has been restored in the south  
the Texas flag is home. Will someone  
please return the lovehandlers.*

*-Thank you*

## *Facts and Stats*

The supposed San Francisco Bay Area party animals, Double Happiness, apparently challenged Flying Angels Bern of Switzerland to a drinking game and then didn't show. Bern wins the party.
