serving the UCSC
campus community

Welcome to Labor Day 92 !

It's that time of year again - with fall just around the corner and the open season getting ready to kick off, it's time to come back to Santa Cruz for some fun in the sun, and plenty of hot ultimate action.

This year there are ten women's teams and twenty men's teams joining in on this Labor Day Ultimate Adventure Weekend. Teams are travelling from Colorado, Oregon and Southern California to take part. The competition should be challenging, to say the least.

The tournament is a two day format, with pool play on Saturday and playoffs on Sunday. Since Monday is a holiday, it is left open for an "All Sports Day" format. There will be co-ed ultimate, volleyball, softball, whiffleball, etc. Location will be discussed on Sunday, either taking place at the beach or here at the University.

Get set for a fun weekend here in Santa Cruz for what could be called the last big tournament of the summer.

SHOWERS/BATHROOMS

Looking for a place to clean your tired, sticky, sweaty body up? Well, there is such a place, located on the upper fields. It's down Slug Alley, located between the tennis courts and the pool. The showers and bathrooms are located in that building, in the East Field House. It's hard to miss it. Really.

SLEEPING ACCOMODATIONS

The place to rest your weary head after you've played hard all day, and partied hard all night is available right here on campus. The **East Field House gym**, the very same one in which the bathrooms/showers are located is also available for sleeping. Please take advantage of this opportunity if you've been drinking and dancing wildy. Or even if you haven't! Please No Alcohol or Dogs!!! Bring a sleeping pad.

RECYCLING

We have set up a Cal States recycling program that will take cans, glass bottles, clear plastic bottles and Odwalla juice bottles. Please take all cans and bottles over to the large white bags by Frisbee Central.

We have some problems right now with non-renewable resources so let's all do what we can to help. Please don't just leave bottles and cans lying around on the sidelines. Take a cruise by Frisbee Central and drop them off in the recycling bags. Earth thanks you.

P.S. Bottle caps can be recycled along with the cans.

2:00	FINAL.		LFINAL	

THE WOMEN AT LABOR DAY

There are ten teams that will be vying for that top spot here at the Labor Day Ultimate Invitational. Who are they? Where do they come from? What are they about? Can I get a date? Most of these questions can now be answered. Read on for further information:

AFTERSHOCK: While most people have settled down after that big earthquake three years ago now, some people are still reeling from the changes. Let's see if these ladies can pull it together and make it to the semis.

DISC AND JANE: Here we have a team from L.A. that has been trying to get recognition for a couple of years now. It's great that they have a full squad here this weekend. Hopefully this means we'll see more of them in the future.

FOG LIFTERS: Watch out, get away from that keg and no one will get hurt. YES! The fog in the Monterey Bay Area is rising, making way for those raging ultimate players who live and play here. And, keep an eye on your beer.

HAG STARS: If it's true that to be a better ultimate player you have to commute, well then you better watch out all you San Francisco bay area players. These women have been commuting 4 hours each way to practice. How far is it from Santa Cruz to Stanford?

KALINDI'S KOHORTS: Yet another new team has formed! These players know how the game goes, and they got some skills. Look for them to rage. They could definately be contenders. At least at the party.

MAINE-IACS: Who? Yes, you know who they are. They are Champions several times over. Look for them to be playing hard out there while making their opponents look like they're hardly playing.

SO CAL ALL-STARS: They are so cal. They know what it's like to play in the finals. They know what it means to shred. With Chris Jew and T. on their team, they know how to rage. Keep an eye on these guys.

SWARM: They're back. They just can't stay away from Santa Cruz. But then again, who can?! In any case, it's great that they continue to make the trek on down. Look for some exciting plays coming from this explosive team.

VIOLET FEMMES: Here they are, at their first tournament on the west coast together as a team. They come from Colorado, and they're here to let you know who they are. You may recognize some familiar faces, and you won't forget them anytime soon.

WHIRLED PEAS: You've got to love this team, at least for the name alone. Then, once you get to know them, you'll like them even more. If you have to play against them, though, you may have mixed feelings because they may just rage all over you and leave you standing.

The Original **WHOLE EARTH** RESTAURANT

Stop by, before or after your workout, for Rocket juices or Odwalla juices and a healthy variety of foods to keep you fit.
