THE ULTIMATE PLAYERS ASSOCIATION

# EASTERN ULTIMATE

CHAMPIONSHIPS

## WELCOME FROM THE TOURNAMENT DIRECTORS

Welcome to New Haven CT, site of the 1991 UPA Eastern Championships. This year's Easterns is the sixteenth championship and returns the event to its original site. As the longest running annual Ultimate tournament in the sport, Easterns started back in 1975 when 8 college teams played in the largest ever multi-team tournament. With the decision to hold a National Championship in 1977, using an East vs. West format, the Easterns became the qualifying event for choosing the contender from the east coast. Despite the acceptance of a five region format for the National Championship Series beginning in 1979, and the subsequent move of that tournament to the fall season, the Easterns has maintained its importance in the annual tournament cycle as the premier tournament of the Spring season for club teams.

Easterns is no longer a tournament just for teams from the Northeast and Mid-Atlantic regions. This year we are pleased to welcome teams from Miami, FL and Boulder, CO. Congratulations to all the participants for qualifying to compete this weekend. Let's continue to carry on the spirit of "joy of play" and respect for the competition that have so attracted our predecessors to the previous fifteen Easterns.

## EASTERNS BUDGET

Reading the budget below, you will notice that the financial margins of running this event, as with most Ultimate tournaments, are narrow. While the entry fee of \$125 is somewhat high this year, the real per team cost, exclusive of discs and shirts, is about \$150 per team. We think a 15% profit is a reasonable return on the hundreds of person hours of labor involved in running this event. Profits over that amount will be donated to the UPA.
