

1991

When everything else is up for grabs, on the fence, or
down the tubes, where do you turn?

The Ultimate escape.

Sure we come together to compete, but we
also gather together for many reasons.

Subtopic for further discussion: Ultimate as a religion.

At all levels, let's focus on the best things that we
acquire through the sport.

Does the fun ever stop?

Not this weekend.

Rile the gods, unleash the spirits,
howl to the moon, and get the diving D.

Welcome to the St. Louis Ultimate Classic.
