

# ILLINOIS/INDIANA SECTIONAL

**OCTOBER 4th,5th 1986**

The Indianapolis Ultimate Eagles welcome you to the 1986 sectional tournament. Assembled here this weekend are the best club and collegiate Ultimate teams in Indiana and Illinois. Twenty teams are scheduled to attend, and competition will be intense.

This tournament initiates a drive to bring Ultimate to the 1987 Pan Am Games in Indianapolis. Hopefully, news of this tournament will spread like wildfire throughout Mexico, Central and South America in the coming months, and Pan Am organizers will have no choice but to include Ultimate on the agenda for 1987. Regardless of the success or failure of this drive, there will be a good party Saturday night.

If you are not familiar with Ultimate, this is an ideal opportunity to learn about the most dynamic, strenuous game ever invented for Frisbees. If you are familiar with Ultimate, you know what there is to look forward to. If you are a player, good luck! Whatever the case: enjoy, learn, and HAVE FUN.

# HOW TO PLAY ULTIMATE

(Translation)

Line up for the pull.

(Optional: scream "UUULLLtime" or "DISK" at the top of your lungs.) Put some Heizer on your pull. Give it some hang time. The receiving team generally yells "MIDDLE" about 20% of the time. (75% with a strong crosswind).

## Offensive Play:

Work the disc. Make hard "balls out" cuts. Always go to the disc. Make eye contact with your receiver if possible. Run a full tilt, or work the sidelines or give and go. Dump to your teammate or swing to your wing or bomb to your flyers or call time out.

Throw backhands or forehands or toppers (hammers, upside-downs). Throw floaters or blades or slices or...

Avoid dogmeat throws (they get biffed) Work the disc upfield. If your team scores, yell "AWESOME" or "NICE" or "GREAT CATCH" or "SNARF!"

Avoid: fouls, travels, picks, and cheap calls.

## Defensive Play:

Stuff and score. Get down to your man quickly. Start stalling ASAP. Play man-to-man or play a zone (especially if it is windy.) Deny the line or force the line. Play intense "D" and get your man tired so he won't play intense "D" on you. Yell "DISK" or "UP" as soon as your man throws a pass. Go for the "stuff" (biff, bop, block)...as soon as you stuff it, run "balls out" down to the end zone and catch a pass.

Avoid: fouls, strips, fast counts.

## After the Game:

Shake hands with the other team and say "NICE GAME," then rest on the grass or drink water or eat watermelon or drink beer or go eat or buy a disc or buy a shirt or celebrate in your favorite manner.

A team of seven players lines up on its endzone. When the receiving team signals that it is ready, a defensive player heaves the disc the length of the field. Sometimes, the disc goes out of bounds, in which case the receiving can bring the disc to the middle of the field where it went out before play begins.

## Offensive Play:

Players attempt to move the disc toward the opposing team's endzone. A player cannot run with the disc; instead, he must establish a pivot foot and throw to his teammates. Teams employ a variety of offensive strategies. Some favor a sideline game; others favor an across the field game. The best teams use both.

A variety of throws are used in Ultimate. each effective in different situations. Both long and short throws can be effective.

If an offensive player catches the disc in the opponent's endzone, one point is scored. Ultimate is non-contact, and play resulting in excessive contact is a violation, and play is stopped and then restarted following a check of the disc.

## Defensive Play:

Defensive players run down the field and stand in front or to the side of their man in a fashion similar to basketball, trying to block the thrower's pass. A defensive player initiates a "stall" count and gives the thrower ten seconds to release the disc. If the thrower fails, it is a turnover. Turnovers result any time the disc hits the ground during the course of play. A highlight of defensive play occurs when a pass is knocked down or intercepted, followed by a quick and effective score in the other direction.

## After the Game:

Have much more fun.

# **\*\*TEAMS ATTENDING\*\***

## **DIVISION A**

**B.S.U.E.C.** - A Fusion of Ball State and Earlham. Could be a surprise team.

**BURN** - Hail from NW suburbs of Chicago. "Not large numbers, but has seven experienced hard-core players."

**COYOTES** - This is their second sectional. Even if they don't win, they will "have the best cheerleaders, drink the most beer, and have the most fun."

**CZECHS** - You may recognize some of these players from the now defunct Third World. "Revised, lower stress, but still intense." Now also includes the "Spud Factor."

**FULL TILT** - (Southern Illinois U.) Always a threat. Improved numbers this year; revamped offense. "Psyched."

**INDIANAPOLIS ULTIMATE EAGLES** - #2 seed. Good numbers. Last year's third place team. Capable of "squashing like bugs" and "fighting like apes."

**TINY LIVESTOCK** - (U. of Illinois) Various farm animals. Strong showing on their home fields at last year's sectionals. Third place this year's college regionals.

**WINDY CITY** - #1 seed. Have obtained a few former Third World players. Rumored to be missing a key player...

# DIVISION B

**BAT PATROL** - (Lake Forest College). All current or former L.F. students. Often seen hanging upside down in trees between games.

**BEAGLES** - (Indianapolis). A variety package featuring bald eagles, eaglets, one-timers, and other fun-loving creatures.

**BEATTITUDES** - (Purdue U.) Many good new players. Much potential. Can they get it together?

**D.N.A.** - (Illinois State) "Definitely Not Aware." Working hard; has set sights on winning the "B" division.

**EARLHAM "B"** - Scouting report not in at press time.

**HOOSIERMANIA?** - (Indiana University). Good returning core of players. Famed for their misspelled discs, the Mamas come to take their "legitimate" place in Indiana Ultimate. "Come to Mama."

**MAD PLATTERS** - (Western Illinois). Third year together. New Players. "Looking forward to sectionals because they finally beat I.S.U."

**NEMESIS** - (Chicago). Traditionally one of the best women's teams in the midwest. "Have picked up some Michigan women."

**OOZE** - First major tournament. Have been casually playing for over a year. "Are more hungry now."

**TOSSING HEADS** - (Ft. Wayne) Have obtained new players from N. Manchester Community College. "Keep an eye out for the raspberry shirts."

**WOMEN OF ILLINOIS** - Conglomerate team with players from around the state.

**WOMEN OF INDIANA** - Conglomerate team hailing from the farthest corners of the Hoosier state.

Competition will consist of round-robin pool play on Saturday. Top four teams in each division will advance to championship bracket play on Sunday.

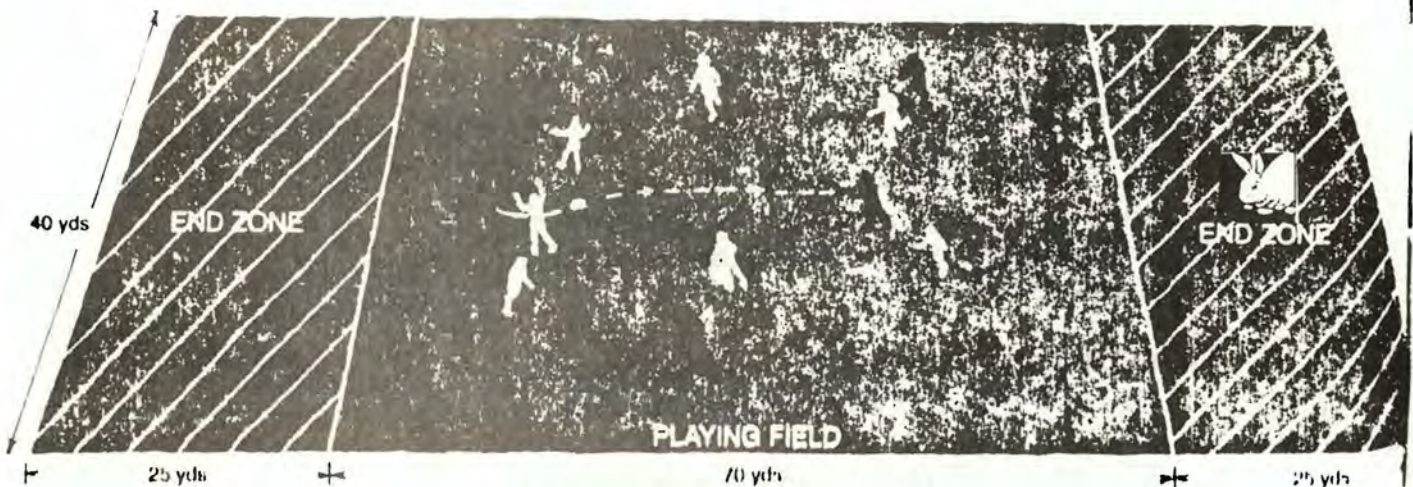

The top three teams in the A Division will advance to regionals. All women's teams advance to regionals. B Division does not advance to regionals.

A Division teams are required to have 100% U.P.A. membership. B Division teams must have one U.P.A. member.

FUN, FUN, FUN

"I've grown to use the disc for  
everything," Breiner said. "It can  
be a paper plate holder. You can  
drink water or beer out of it. I do  
a lot of backpacking and there's  
always a Frisbee there. So I don't  
feel comfortable without one close
